

<https://www.fluoridefreepeel.ca/fois-reveal-that-health-science-institutions-around-the-world-have-no-record-of-sars-cov-2-isolation-purification/>

Los FOI revelan que las instituciones de salud/ciencia de todo el mundo (220 y contando) no tienen registro de aislamiento/purificación SARS-COV-2, en cualquier lugar, nunca

Video Introducción:

Evidencia oficial de que la Virología es Pseudociencia . Christine Massey

10 de junio de 2023:

<https://www.bitchute.com/video/gvu4NbieSuVb/>

Versión en polaco:

[[Vete aquí](#) por FOIs en otros virus imaginarios, [aquí](#) para FOIs en experimentos de control de virus y [aquí](#) para FOIs sobre si las bacterias han sido mostradas a la enfermedad de la CAUSA.]

Una persona cuerda mezclaría una muestra de paciente (que contiene varias fuentes de material genético y nunca ha demostrado contener ningún supuesto virus) con células renales de mono transfecto, suero bovino fetal y medicamentos tóxicos, entonces afirmar que el brebaje resultante es el aislamiento SARS-COV-2 y la enviaría a nivel internacional para su uso en investigación crítica (incluyendo la vacuna y el desarrollo de pruebas)?

Porque ese es el tipo de negocio fraudulento de monos que se desmayó como aislamiento de virus por equipos de investigación de todo el mundo.

Sólo uno de los muchos ejemplos se muestra a continuación. Esto es de un estudio [citado por el Departamento de Salud de Australia](#) como un documento *que llevó al aislamiento del SARS-CoV-2 en la cultura*. (Puedes detectar el oxymoron en esa cita?)

2.1 Cell culture of SARS-CoV-2 and electron microscopy

Vero/hSLAM cells (African green monkey kidney cells transfected to express the human signaling lymphocytic activation molecule (SLAM; also known as CDw150)¹ were grown at 37°C, 5% CO₂ in maintenance media consisting of 10mL Earle's minimum essential medium (EMEM), 7% fetal bovine serum (FBS) (Bovogen Biologicals, Keilor East, AUS) 2mM L-glutamine, 1 mM sodium pyruvate, 1500mg/L sodium bicarbonate, 15 mM HEPES and 0.4mg/ml geneticin to 95% confluency in 25cm² flasks. Prior to use for isolation, maintenance media was removed from the flask and 500µL of respiratory swab inoculum was overlaid on the cell monolayer. The flask was returned to the 37°C incubator to allow the virus to adsorb for 1 hour before addition of 10 mL viral culture media (EMEM as above but FBS reduced to 2%). Flasks were monitored for viral cytopathic effect and 140µL aliquots of supernatant removed every 48 hours to assess virus burden by TaqMan real-time RT-PCR. First passage culture grown virus isolate was subsequently shipped nationally and internationally in packaging compliant with UN 2814 Category A shipping requirements using credentialed, specialised courier services under the appropriate Australian government export approvals processes and receiving country import permissions.

Si eres nuevo en el tema de aislamiento/purificación virus, te recomiendo encarecidamente que empieces leyendo la Declaración y corroborando las pruebas.

Colegas de todo el mundo y yo (Christine) han estado presentando Libertad de Información a instituciones de varios países que buscan registros que describen el aislamiento/purificación del supuesto virus COVID-19 de cualquier muestra no adulterada tocada de un paciente enfermo.

La razón: sin que se haya realizado el paso crucial del aislamiento/purificación (de muchos pacientes, seguidos de caracterización, secuenciación y experimentos controlados), no hay manera de afirmar científicamente que el supuesto coronavirus de la "novel" (culpado a medidas generalizadas de muerte/enfermiza/afirmación) realmente existe.

Sin que este paso haya sido realizado y seguido de caracterización, secuenciación y experimentos controlados, todas las afirmaciones de este supuesto virus no son más que especulaciones salvajes respaldadas sólo por ciencia fraudulenta, pruebas fraudulentas y diagnósticos basados en fraudes. (He hecho numerosas entrevistas sobre este tema, que se pueden encontrar cerca de la parte inferior de esta página.)

Las solicitudes presentadas por mi colega en Nueva Zelanda y yo (y muchos de los demás remitentes) **no** se han limitado a los registros de aislamiento realizados por la institución respectiva, o limitado a los registros escritos por la institución respectiva, sino que estaban abiertos a cualquier registro que descisó el aislamiento/purificación del virus COVID-19 (también conocido como el aislamiento/purificación de la SARS-COV-2) realizado por cualquier persona, nunca, en cualquier parte del planeta.

Hasta ahora (26 de noviembre de 2023) 53 instituciones canadienses han dado sus respuestas: [Agencia de Salud Pública del Canadá](#) (y otra de [la Agencia de Salud Pública del Canadá](#), esta es la supuesta variante del Reino Unido, alias B.1.1.7-Aka Apha; y otra de [la Agencia de Salud Pública de Canadá](#) de cualquier presunto virus/variante, y otra de [la Agencia de Salud Pública de Canadá](#) de nuevo a cambio de un supuesto virus en todos los países) de [la enfermedad Health Canade de la salud de Canadá](#) (y otro de [Health Canada](#)), el [Consejo Nacional de Investigación de Canadá, Organización de Vacunaciones y Enfermedades Infecciosas-InteracCentro de la Comunidad \(VIDO-InterVac\)](#), [Canadian Institutes of Health Research](#), [Natural Sciences and Engineering Research Council of Canada](#), [Patented Medicine Prices Review Board Canada](#), [Royal Canadian Mounted Police \(RCMP\)](#), [Public Health Ontario](#), [Ontario Ministry of Health](#) (y otro del [Ministerio de Salud de Ontario](#), [Red de Salud Universitaria](#), [Ontario Ministerio de Medicina General y Policía Provincial de Ontario](#), [Alberta Ministry of Health](#), [Alberta Premier Jason Kenney, su Oficina y Consejo Ejecutivo](#), [el Servicio de Policía de Calgary](#), [Institut National de San Publique du Quebec](#) (otra de [la policía pública de Ontario](#) (otra de [la policía pública de Alberta](#), [Alberta Premier Jason Kenney, su oficina y Consejo Ejecutivo](#), [Servicio de Policía de Calgary](#), [Institut National de San Pedro de Publique du Quebec](#) (aotra de la [Pública PúblicaSalud Quebec](#)), [British Columbias Ministerio de Salud](#) (re-la variante del Reino Unido) (otra del [Ministerio de Salud de Columbia Británica](#)), [British Columbias Centre for Disease Control](#), [British Columbia-s Provincial Health Authority](#) (2, 1 re-SARS-COV-2, 1 re the alega "B.1.1.7" alias "Alpha variant" (también conocido como alias variante de Reino Unido), [Vancouver Coastal Health Authority](#) (re-B.1.1.7-aka [. & Community Services](#), [Departamento de New Brunswicks/Ministerio de Salud](#), [Universidad McGill](#), [Universidad de Ottawa](#), [Universidad de Waterloo](#), [Universidad de Dalhousie](#), [Universidad de Guelph](#), [Universidad de Columbia Británica](#), la [Ciudad de Toronto](#), [Policía de Toronto](#) (y otra de [la Policía de Toronto](#)), [Halton Region](#), (Ontario), (Ontario), la (Ontario), (Ontario); (Kingston, Frontenac, Lennox y Addington, Ontario, re-Ay4), , , , (y otro de), (Ontario) (otro de), (Ontario) (Ontario) (Ontario) (y otro de de), (Ontario), (Ontario), (Ontario), la , , la (otra de), , y (Toronto) (nota que investigadores de las últimas 4 instituciones habían afirmado públicamente haber sido el virus, al igual que VIDO-Intervac).

Todas las instituciones no han proporcionado ni citar ni 1 registro que describe el aislamiento de la supuesta "virus COVID-19" directamente de una muestra de paciente que no fue adulterada primero con otras fuentes de material genético. (Es otras fuentes son típicamente de riñón de mono, también conocido como las células de Vero y suero bovino fetal).

(Y, hasta donde sabemos, nadie en el planeta ha purificado nunca el supuesto virus, incluso de una cultura celular.

En sus respuestas, numerosas instituciones han dejado explícitamente claro que **el aislamiento/purificación simplemente nunca se hace en virología**, y que el aislamiento en la virología significa exactamente lo contrario de lo que significa en inglés cotidiano. Esto también se evidencia en todos los documentos de aislamiento de los virus que hemos visto, para cualquier supuesto virus.

Para una idea de lo que realmente está pasando:

[**Funcionarios canadienses de salud pública no tienen registro de aislamiento/purificación SARS-COV-2 realizado en cualquier lugar, vispera r**](#)

(Nota: **Sébastien Grammond**, un hombre que actúa como juez de la Corte Federal aquí en Canadá, ha inventado una falsa confirmación de que **el virus SARS-CoV-2 es real**. Basado en cero ciencia válida y a pesar de saber que las 138 instituciones enumeradas en [**mi declaración jurada**](#) no habían logrado citar ni siquiera 1 ejemplo del supuesto virus que había sido purificado de cualquier muestra de pacientes en el planeta. Por qué perder el tiempo en la ciencia o la lógica cuando puede simplemente aceptar la *invitación del Fiscal General de Canadá para tomar nota judicial de que el virus es real?* Suena perfectamente legal. Las creencias generalizadas son mucho mejores que revisar los hechos pertinentes.)

PLEASE COMPORTE THESE DOCUMENTS FAR Y WIDE

Al 4 de diciembre de 2023: **220 instituciones y oficinas en 40 países** han respondido hasta ahora, así como algunos autores del estudio de aislamiento de la OSARS-COV-2, y ninguno ha proporcionado o citado ningún registro que describa el aislamiento/purificación real de la SARS-COV-2. Todas las respuestas en nuestra colección están disponibles en esta página.

Lista de ficheros Excel 220 instituciones:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2023/11/Institution-list-for-website.xls>

La carpeta de Google donde todos los documentos del FOI al 14 de julio de 2022 se agrupan por país (en su mayor parte) y se compilan en 11 pdfs (Exposiciones 1 4; Exhibit 4 tiene 8 partes):

Aquí está mi **declaración** detallada **con respecto a la colección mundial del FOI y la naturaleza no científica de la virología** (14 páginas), que se notaria, fechada el 2 de diciembre de 2022 (me estaba apresurando a hacer algunas ediciones de última hora antes de imprimir y dirigí al notario; por favor perdone las tejas):<https://www.fluoridefreepeel.ca/wp-content/uploads/2022/12/2022-12-02-Christine-virus-FOIs-declaration-notarized-1.pdf>

A continuación (y [aquí](#)) hay una declaración actualizada y simplificada de 1 página notariada re el virus FOIs. Habla por sí mismo. Siéntete libre de compartirlo.

Declaration

prepared for the benefit of man and specifically courtenay-adam-lawrence Attorney of Record

my name is christine; i communicate in everyday English not legalese; i do not consent to contract or joinder or grant power of attorney or act as surety or trustee; my home is at Brampton, Ontario; i am fully competent to make this declaration and do so voluntarily; statements herein are based on my own knowledge/experience; the following is true:

1. i have worked professionally as a biostatistician with a master's degree in biostatistics earned at the Dalla Lana School of Public Health, University of Toronto;
2. i have filed "freedom of information" (FOI) "requests" for all studies/reports in the possession/custody/control of "health"/"science" institutions ("ministries of health", universities, public health units, etc) that describe purification of the alleged "SARS-COV-2" by anyone anywhere from the bodily fluid/tissue/excrement of any diseased man/woman; such is necessary for valid sequencing and scientific proof of a "virus";
3. i required that if any record held by the institution in question matched my "request" but was currently available to "the public" elsewhere, i be given enough detail so that i could identify and access it;
4. i filed FOI "requests" for same and for scientific proof of existence of dozens of other alleged "viruses" including "HPV", and collected FOI responses obtained by others;
5. as of June 23, 2023, as documented/shown on my own website, 52 Canadian institutions and 164 institutions in 39 other countries have been queried about "SARS-COV-2" and all failed to provide or cite even 1 responsive record, thus demonstrating inability to prove existence; queries for other "viruses" also yielded no responsive records; all of this documentation is freely available to anyone;
6. these failures align with all of the many "virus" studies i reviewed – virologists haven't implemented scientific method and successfully shown "virus" existence, rather they engage in pseudoscience, logical fallacies, assumptions;

autographed on June 23, 2023

(Sí, conocemos las muchas publicaciones en las que los autores dicen haber sido el virus. Hemos mirado numerosos estudios de este tipo y aún no hemos visto uno donde realmente lo hicieron. Afirmar haber hecho algo y realmente hacerlo a veces son dos cosas diferentes, incluso en la ciencia revisada por pares.

Y sí, somos conscientes de los muchos supuestos genomas publicados. SARS-COV-2. Estos fueron fabricados de hecho, no descubiertos.

Y sí, sabemos que se han publicado fotos EM, supuestamente del virus, sin embargo una foto de algo no te dice cuál es la cosa, de dónde vino o qué hace. Uno tiene que examinar los métodos utilizados para aislar el virus / obtener dichas fotos / obtener supuestos genomas, y es cuando absolutamente **todo** se desmorona con el COVID-19 (y la virología en general).

Notas:

[Global Research](https://www.globalresearch.ca/foi-reveal-health-science-institutions-around-world-have-no-record-sars-2-isolation-purification-anywhere-ever/5751969) publicó toda la colección del FOI (al 04 de agosto de 2021) en su sitio web. **Las páginas web de GRs se pueden traducir a 51 idiomas diferentes** activando el menú "Tratar Web" desplegando el menú en el banner superior de la página principal: <https://www.globalresearch.ca/foi-reveal-health-science-institutions-around-world-have-no-record-sars-2-isolation-purification-anywhere-ever/5751969>

Cualquiera es bienvenido a publicar estos documentos en otros sitios. Por favor, hazlo. Sólo les pedimos que también citen esta página web en particular porque aquí es donde añadimos todas las nuevas FOIs que obtenemos. Es importante que la gente sepa dónde puede encontrar la colección más actualizada y completa.

Y si obtienes o te encuentras con nuevas respuestas que no están en nuestra colección, por favor reenvíelos para que podamos agregarlos a la colección.

Aquí hay una **pequeña URL** que rediría a esta página web:

<http://tinyurl.com/norecordfound>

Respuestas de la FOI de instituciones en los Estados Unidos, India, República de Sudáfrica, Nueva Zelanda, Australia, Reino Unido, Inglaterra, Escocia, Gales, Irlanda, Dinamarca, Noruega, Finlandia, Países Bajos, Suecia, España, CDC, Europeo, Eslovenia, República Checa, Ucrania, Colombia, Uruguay, Italia, Portugal, Brasil, República de Colombia, Argentina, Ilse of Man, Phillipines, etc., además de correos electrónicos del Instituto Alemanias Robert Koch (RKI) y varios autores de aislamiento de virus.

Un gran **agradecimiento** a todas las personas que ahora han compartido amablemente las respuestas adicionales de que obtuvieron reislamiento/purificación/existencia de .SARS-COV-2. Algunos prefieren permanecer en el anonimato, otros se nombran a continuación.

Vale, aquí vamos. A continuación se presentan las respuestas SARS-COV-2 FOI de 150 instituciones fuera de Canadá.

La **Organización Mundial de la Salud** no respondió a mi consulta del tipo FOI enviada el 22 de febrero de 2022 en busca de ningún registro que describiera cualquier supuesto **SARS-COV-2** - siendo encontrado en el fluido corporal/tejido de cualquier persona en la Tierra y purificado, por cualquier persona, en cualquier lugar, siempre... para que se secuenciara, seacara y se estudie con experimentos controlados (también conocido como ciencia):

<https://www.fluoridefreepeel.ca/wp-content/uploads/2022/07/W.H.O.O.-request-SARS-COV-2-purification.pdf>

request to W.H.O. re: "SARS-COV-2" purification

Christine Massey <cmssyc@gmail.com>
To: informationrequest@who.int

Tue, Feb 22, 2022 at 2:38 PM

February 22, 2022

Hello,

Description of Requested Records:

All studies and/or reports from anywhere in the world describing the **purification** of the alleged "COVID-19 virus" (aka "SARS-COV-2", including any alleged "variants") directly from a sample taken from a diseased human, where the patient sample was not first combined with any other source of **genetic material** (i.e. monkey kidney cells aka Vero cells; fetal bovine serum).

Clarification of Request:

Please note that I am **not** requesting studies/reports where researchers failed to **purify** the suspected "virus" and instead:

- cultured something, and/or
- performed an amplification test (i.e. PCR), and/or
- fabricated a "genome" from millions of sequences (allegedly) detected in an impure substance, and/or
- produced electron microscopy images of unpurified things.

I am already aware that according to virus theory a "virus" requires host cells in order to replicate, and am **not** requesting records that describe **replication** of a 'virus' without host cells. Nor am I requesting records that describe a strict fulfillment of Koch's Postulates, or records that describe a suspected "virus" floating in a vacuum, or private patient information.

I simply request records that describe **purification** (separation of the alleged virus from everything else in the patient sample, as per standard laboratory practices for the purification of other very small things).

Please note that my request includes any study/report matching the above description, **authored by anyone, anywhere.**

If any records match the above description of requested records and are currently available in the public domain, please provide enough information about each record so that I may identify and access each one with certainty (i.e. title, author(s), date, journal, where the public may access it). Please provide URLs where possible.

Format:

Pdf documents sent to me via email; I do not wish for anything to be shipped to me.

Contact Information:

Last name: Massey
First name: Christine
Location: Peterborough, Ontario, Canada
Email: cmssyc@gmail.com

Thank you in advance and best wishes,
Christine Massey, M.Sc.

28 de noviembre de 2022:

Un colega en Japón exigió a la gente de **la Organización Mundial de la Salud** proporcionar/citar cualquier registro del imaginario **SARS-COV-2** que se encuentra y purificó de cualquier persona enferma en el planeta, para que se secuenciara, se cara y estudiara con experimentos controlados aka ciencia. Pero, en cambio, la dirigieron a una página web inútil sobre una base de datos global de medidas públicas de salud y social aplicadas durante la pandemia imaginaria:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2023/02/WHO-Nov-2022-PACKAGE-redacted.pdf>

Como próximo enlace verás un registro de SARS-COV-2 aislamiento/purificación. Centros para el Control y la Prevención de Enfermedades y la Agencia para Sustancias Tóxicas y el Registro de Enfermedades (CDC/ATSDR), fechados el 2 de noviembre de 2020, obtenidos por [Michael S.](#) en NZ:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2020/11/USA-CDC-Virus-Isolation-Response-Scrubbed.pdf>

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Public Health Service

Centers for Disease Control
and Prevention (CDC)
Atlanta GA 30333

November 2, 2020

Page 2- [REDACTED]

If you are not satisfied with the response to this request, you may administratively appeal by writing the Deputy Agency Chief FOIA Officer, Office of the Assistant Secretary for Public Affairs, U.S. Department of Health and Human Services, Hubert H. Humphrey Building, 200 Independence Avenue, Suite 729H, Washington, D.C. 20201. You may also transmit your appeal via email to FOIARequest@psc.hhs.gov. Please mark both your appeal letter and envelope "FOIA Appeal." Your appeal must be postmarked or electronically transmitted by Monday, February 1, 2021.

Sincerely,

Roger Andoh
CDC/ATSDR FOIA Officer
Office of the Chief Operating Officer
(770) 488-6399
Fax: (404) 235-1852

This letter is in response to your Centers for Disease Control and Prevention and Agency for Toxic Substances and Disease Registry (CDC/ATSDR) Freedom of Information Act (FOIA) request of August 9, 2020, for "All records in the possession, custody or control of The Centers for Disease Control (CDC) describing the isolation of a SARS-COV-2 virus, directly from a sample taken from a diseased patient, where the patient sample was not first combined with any other source of genetic material (i.e. monkey kidney cells aka vero cells; lung cells from a lung cancer patient).

Please note that I am using "isolation" in the every-day sense of the word: the act of separating a thing(s) from everything else. I am not requesting records where "isolation of SARS-COV-2" refers instead to:

- * the culturing of something.
- * or the performance of an amplification test (i.e. a PCR test),
- * or the sequencing of something.

Please also note that my request is not limited to records that were authored by the CDC or that pertain to work done by The CDC. My request includes any sort of record, for example (but not limited to) any published peer-reviewed study that the CDC has downloaded or printed.

If any records match the above description of requested records and are currently available to the public elsewhere, please provide enough information about each record so that I may identify and access each record with certainty (i.e. title, author(s), date, journal, where the public may access it)."

A search of our records failed to reveal any documents pertaining to your request.

You may contact our FOIA Public Liaison at 770-488-6277 for any further assistance and to discuss any aspect of your request. Additionally, you may contact the Office of Government Information Services (OGIS) at the National Archives and Records Administration to inquire about the FOIA mediation services they offer. The contact information for OGIS is as follows: Office of Government Information Services, National Archives and Records Administration, 8601 Adelphi Road-OGIS, College Park, Maryland 20740-6001, e-mail at ogis@nara.gov; telephone at 202-741-5770; toll free at 1-877-684-6448; or facsimile at 202-741-5769.

#20-02166-FOIA

El 1 de marzo de 2021, una vez más, el CDC dejó claro a mi colega en Nueva Zelanda que todavía no tienen registros de aislamiento de SARS-COV-2 realizados por

cualquiera, en cualquier parte del planeta, nunca... sólo no con tantas palabras. En cambio, los CDC implicaban absurdamente que el aislamiento de la "SARS-COV-2" requeriría la replicación de un virus sin celdas huéspedes y por lo tanto es imposible. <https://www.fluoridefreepeel.ca/wp-content/uploads/2021/03/CDC-March-1-2021-SARS-COV-2-Isolation-Response-Redacted.pdf>

Page 3—

For information about the SARS-CoV-2 genome sequence, see the NIH GenBank website (<https://www.ncbi.nlm.nih.gov/genbank/sars-cov-2-seqs/>), which includes over 44,000 sequences as of December 7, 2020.

On February 21, 2021, you requested the following information:

Can you please clarify if you have any records of the separation of SARS-COV-2 from everything else (known as isolation and purification)? A simple yes or no will do regarding the answer. Please use the Merriam-Webster dictionary's common definition of [isolation](#). I will provide the definitions below:

isolation

isolation noun

Save Word

iso-la-tion | \,ɪ-sə-'lā-shən also,ɪ-\

Definition of *isolation*

: the action of isolating : the condition of being isolated

Isolated

isolated adjective

Save Word

iso-lat-ed | \ 'ɪ-sə-,lā-təd also 'i-\

Definition of *isolated*

- 1 : occurring alone or once : **UNIQUE**
- 2 : **SPORADIC**

Isolate

isolate verb

Save Word

iso-late | \ 'ɪ-sə-,lāt also 'i-\

isolated; isolating

Definition of *isolate* (Entry 1 of 3)

transitive verb

- 1 : to set apart from others
also : **QUARANTINE**
- 2 : to select from among others
especially : to separate from another substance so as to obtain pure or in a free state
- 3 : **INSULATE**

The SME states the following:

The definition of "isolation" provided in the request is outside of what is possible in virology, as viruses need cells to replicate, and cells require liquid food. However, the SARS-CoV-2 virus may be isolated from a human clinical specimen by culturing in cell culture, which is the definition of "isolation" as used in microbiology, and as indicated in the previous round of response in the resources provided.

3 de marzo de 2021: CDC de nuevo no proporcionó/cita ningún registro que desclinara el aislamiento/purificación de SARS-COV-2 por nadie en ninguna parte de la nada... PERO ya no lo diría simplemente (como lo hicieron el 2 de noviembre); en cambio le dieron a mi colega en Nueva Zelanda alguna canción y baile y citaron su propio estudio fraudulento (por Harcourt et al.):

[https://www.fluoridefreepeel.ca/wp-content/uploads/2021/03/CDC- marzo-3-2021-SARS-COV-2-purification-FOI-response.pdf](https://www.fluoridefreepeel.ca/wp-content/uploads/2021/03/CDC-marzo-3-2021-SARS-COV-2-purification-FOI-response.pdf)

This letter is our final response to your attached Centers for Disease Control and Prevention and Agency for Toxic Substances and Disease Registry (CDC/ATSDR) Freedom of Information Act (FOIA) request of March 1, 2021, assigned #21-00795-FOIA.

For administrative convenience and to fully respond to your request, program staff have provided the following information below with corresponding web links.

SARS-CoV-2 is the virus that causes coronavirus disease 2019 (COVID-19). Active infection with SARS-CoV-2 is detected by [diagnostic tests](#). Currently there are two types of diagnostic tests – molecular tests that detect the virus's genetic material and antigen tests that detect specific proteins on the surface of the virus. For current data showing the total number of SARS-CoV-2-positive cases and deaths, visit the [CDC COVID-19 Data Tracker](#), which shows cases and deaths in the United States broken down by state and county, daily trends in the number of cases by state, and other parameters.

Evidence of SARS-CoV-2 infection can be found in a study entitled, [Pathology and Pathogenesis of SARS-CoV-2 Associated with Fatal Coronavirus Disease](#), which includes electron microscopy images of SARS-CoV-2 in infected lung and upper airway tissues as well as staining of lung and upper airway tissues using an antibody against SARS-CoV-2. The specimens analyzed in this study were from patients with common signs and symptoms associated with COVID-19, including fever, cough, and shortness of breath. All patients had abnormal findings on chest radiographs. There are other similar studies publicly available online. To aid in locating other related studies, please see the articles suggested in the "Similar Articles" and "Cited by" section on the manuscript's [PubMed entry](#).

The SARS-CoV-2 virus may be isolated from human clinical specimens by [culturing in cells](#). In January 2020, CDC [isolated the SARS-CoV-2 virus](#) from a clinical specimen from the first confirmed case of COVID-19 in the United States. There are other similar studies published describing the isolation and characterization of SARS-CoV-2 from human clinical specimens. To aid in locating other related studies, please see the articles suggested in the "Similar Articles" and "Cited by" section on the manuscript's [PubMed entry](#). There are also [several publications](#) documenting SARS-CoV-2 infection and transmission among pre-symptomatic and asymptomatic individuals.

For information about the SARS-CoV-2 genome sequence, see the NIH GenBank website (<https://www.ncbi.nlm.nih.gov/genbank/sars-cov-2-seqs/>), which includes over 44,000 sequences as of December 7, 2020.

If you need any further assistance or would like to discuss any aspect of the records provided please contact either our FOIA Requester Service Center at 770-488-6399 or our FOIA Public Liaison at 770-488-6277.

7 de junio de 2021: Los CDC admitieron que no tienen registro de “SARS-COV-2” purificación de una muestra de paciente a través de la maceración, filtración y uso de una ultracentrifugadora, por cualquier persona, en cualquier lugar, jamás:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/06/CDC-FOIA-request-response-no-records-SARS-COV-2-purification.pdf>

1 de septiembre de 2021:

Otra respuesta FOIA de los CDC, donde no proporcionaron o citar ni siquiera 1 registro del supuesto **virus COVID-19, alias .SARS-COV-2, o cualquier "variantes"** que haya sido purificado de cualquier muestra de pacientes en el planeta, por cualquier persona, en cualquier lugar, nunca:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/12/CDC-Sept-1-PACKAGE-redacted.pdf>

The SARS-CoV-2 virus may be isolated from human clinical specimens by culturing in

8 de septiembre de 2021: Otra respuesta FOIA de la repuración de CDC del fantasma .SARS-COV-2 . Esta vez, los CDC citaron un artículo en el que los autores ni siquiera afirmaron haber purificado a sí mismos ningún "virus", y en su lugar declaró falsamente que: *SARS-CoV-2 estaba aislado en las células de Vero ... (8)*. [oximoron]. [La referencia CDC-s no 8 es el infame estudio Harcourt et al.].

SENT VIA EMAIL

[REDACTED]

This letter is our final response to your Centers for Disease Control and Prevention and Agency for Toxic Substances and Disease Registry (CDC/ATSDR) Freedom of Information Act (FOIA) request of September 20, 2021, assigned #21-02310-FOIA, for

This is a formal request for access to general records, made under the Freedom of Information Act.

Please note: this request is very similar to another request CDC/ATSDR responded to in March, 2021 where I had specified purification via maceration, filtration and use of an ultracentrifuge.

The difference with this new request is that it does not specify maceration, filtration and use of an ultracentrifuge; it only mentions filtration, ultracentrifugation and chromatography by way of an example.

My request also includes the language of 'variants' to ensure that records would match all related alleged SARS-CoV-2 viruses.

Description of Requested Records:

All studies and/or reports in the possession, custody or control of Centers for Disease Control and Prevention and Agency for Toxic Substances and Disease Registry (CDC/ATSDR) describing the purification of any "COVID-19 virus" (aka "SARS-CoV-2", including any alleged "variants" i.e. "B.1.1.7", "B.1.351", "P.1") (for example: via filtration, ultracentrifugation and chromatography), directly from a sample taken from a diseased human where the patient sample was not first combined with any other source of genetic material (i.e. monkey kidney cells aka Vero cells; fetal bovine serum).

Please note that I am not requesting studies/reports where researchers failed to purify the suspected "virus" and instead:

- cultured an unpurified sample or other unpurified substance, and/or
- performed an amplification test (i.e. a PCR test) on all the RNA from a patient sample or from a cell culture, or on genetic material from any unpurified substance, and/or
- fabricated a "genome" by editing/assembling/aligning sequences detected in the total RNA from a patient sample or from a cell culture or from any unpurified substance, and/or
- produced electron microscopy images of unpurified things.

For further clarity, please note I am already aware that according to virus theory a "virus" requires host cells in order to replicate, and I am not requesting records describing the replication of a "virus" without host cells.

Further, I am not requesting records that describe a suspected "virus" floating in a vacuum; I am simply requesting records that describe its purification (separation from everything else in the patient sample, as per standard laboratory practices for the purification of other very small things).

Please also note that my request is not limited to records that were authored by CDC/ATSDR or that pertain to work done at by CDC/ATSDR. Rather, my request includes any record matching the above description, for example (but not limited to): any published peer-reviewed study authored by anyone, anywhere, ever that has been downloaded or printed by CDC/ATSDR and relied on as evidence of a disease-causing "virus".

If any records match the above description of requested records and are currently available to the public elsewhere, please provide enough information about each record so that I may identify and access each one with certainty (i.e. title the public may access it). Please provide URLs where possible.

For administrative convenience and to fully respond to your request, program staff have provided the following information below with corresponding web links.

SARS-CoV-2 is the virus that causes coronavirus disease 2019 (COVID-19). Active infection with SARS-CoV-2 is detected by diagnostic tests. Currently there are two types of diagnostic tests – molecular tests that detect the virus's genetic material and antigen tests that detect specific proteins on the surface of the virus. For current data showing the total number of SARS-CoV-2-positive cases and deaths, visit the CDC COVID-19 Data Tracker, which shows cases and deaths in the United States broken down by state and county, daily trends in the number of cases by state, and other parameters.

Evidence of SARS-CoV-2 infection can be found in a study entitled, Pathology and Pathogenesis of SARS-CoV-2 Associated with Fatal Coronavirus Disease, which includes electron microscopy images of SARS-CoV-2 in infected lung and upper airway tissues as well as staining of lung and upper airway tissues using an antibody against SARS-CoV-2.

The specimens analyzed in this study were from patients with common signs and symptoms associated with COVID-19, including fever, cough, and shortness of breath. All patients had abnormal findings on chest radiographs.

There are other similar studies publicly available online. To aid in locating other related studies, please see the articles suggested in the "Similar Articles" and "Cited by" section on the manuscript's PubMed entry.

The SARS-CoV-2 virus, whether the original strain or variants of the virus, may be isolated from human clinical specimens by culturing in cells. In January 2020, CDC isolated the SARS-CoV-2 virus from a clinical specimen from the first confirmed case of COVID-19 in the United States. There are other similar studies published describing the isolation and characterization of SARS-CoV-2 from human clinical specimens. To aid in locating other related studies, please see the articles suggested in the "Similar Articles" and "Cited by" section on the manuscript's PubMed entry. There are also several publications documenting SARS-CoV-2 infection and transmission among pre-symptomatic and asymptomatic individuals.

For information about the SARS-CoV-2 genome sequence, see the NIH GenBank website (https://www.ncbi.nlm.nih.gov/genbank/sars-cov-2-seqs/), which includes over 1 million sequences.

1 de abril de 2022:

UU. Los Institutos Nacionales de Salud no proporcionaron ni citaron ni un registro de la supuesta "SARS-COV-2" (o cualquier supuesto "variante") de haber sido purificado del fluido corporal/espelado/excremento de cualquier paciente en el planeta, por cualquier persona, en cualquier lugar, cuando respondiera a una solicitud de registros bajo la custodia de los CDC, y ellos extraña e inexactamente declararon que la solicitud era "improper". Carta completa:

Re: FOI Case No. 57010

Dear Ms. [REDACTED]

This responds to your September 8, 2021, Freedom of Information Act (FOIA) request addressed to the FOIA Office, National Institutes of Health, (NIH) and received on the same day. You requested a copy of all studies and/or reports in the possession, custody or control of the Centers for Disease Control and Prevention (CDC) and/or the Agency for Toxic Substances and Disease Registry (ATSDR) describing the purification of the "COVID-19 virus".

Please be advised that your request is improper as defined by FOIA given that you have not specified where (named office or institute) or what (i.e. named grant number, report, etc) you would like searched at the NIH. Considering the omission of the aforementioned information necessary for a proper search to be conducted, the NIH cannot process your request as it is written. In good faith, we provide the following information that may prove useful to you.

Much of the information on the isolation of the virus from the diseased host, which requires growth in cell culture, is already publicly available. Viruses do not replicate outside of a host or in a pure culture (devoid of other cells). Koch's postulates were formed prior to the identification of viruses as the causative agents of some diseases and also pre-date modern microbiological techniques, including the ability to isolate viruses from hosts. As such, Koch's postulates have limitations when evaluating viruses and do not adequately account for the way viruses are isolated and propagated given that viruses are obligate intracellular parasites.

SARS-CoV-2 is the virus that causes coronavirus disease 2019 (COVID-19). Active infection with SARS-CoV-2 is detected by [diagnostic tests](#). Currently there are two types of diagnostic tests – molecular tests that detect the virus's genetic material and antigen tests that detect specific proteins on the surface of the virus. For current data showing the total number of SARS-CoV-2-positive cases and deaths, visit the [CDC COVID-19 Data Tracker](#), which shows cases and deaths in the United States broken down by state and county, daily trends in the number of cases by state, and other parameters.

17 de noviembre de 2022:

Los CDC no pudieron proporcionar/citar ningún registro de la supuesta SARS-COV-2 siendo purificada incluso de un cultivo celular, en cambio citaron estudios y páginas web irrelevantes:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2022/11/CDC-purified-from-cell-culture-PACKAGE-redacted.pdf>

16 de diciembre de 2022:

UU. **Los Centros para el Control y la Prevención de Enfermedades** no pudieron proporcionar ningún registro de la supuesta **proteína de pico SARS-COV-2** que se encuentra en alguien y se purificó (en lugar de que se la proteína de Spike en un laboratorio y luego se estudiara, como si eso reflejara algo que estaba pasando en personas reales); y así respondieron como si se tratara otro FOI con respecto al virus falso, y proporcionó los mismos párrafos inútiles que han estado dando a las personas durante el último año o así: <https://www.fluoridefreepeel.ca/wp-content/uploads/2022/12/CDC-no-purified-spike-protein-PACKAGE-to-Dec-16-redacted.pdf>

14 de febrero de 2023:

Una vez más, la gente de **los EE.UU. Los Centros para el Control y la Prevención de Enfermedades** no pudieron proporcionar ningún registro de la **supuesta proteína de pico SARS-COV-2** que se encuentra en alguien y se purificó. (Específicamente descarto estudios en los que se creó en un laboratorio la proteína "recombinant" se creó en un laboratorio para ser estudiado, porque esos estudios no pueden proporcionar ninguna evidencia de la supuesta proteína de pico de SARS-COV-2, que realmente existen en personas con el diagnóstico de convidado fraudulento, o personas que recibieron las vacunas falsas de ARNm, o cualquier persona en absoluto): <https://www.fluoridefreepeel.ca/wp-content/uploads/2023/02/CDC-spike-protein-PACKAGE-redacted-2023-02-14.pdf>

Ms. Christine Massey

Via email: cmssyc@gmail.com

Dear Ms. Massey:

This letter is in response to your Centers for Disease Control and Prevention and Agency for Toxic Substances and Disease Registry (CDC/ATSDR) Freedom of Information Act (FOIA) request of December 22, 2022, for

Greetings Roger,

I require access to general records, as per your duty under the Freedom of Information Act;

description of required records:

all studies and/or reports in the possession, custody or control of the Centers for Disease Control and Prevention (CDC) and/or the Agency for Toxic Substances and Disease Registry (ATSDR) describing the alleged "SARS-COV-2 spike protein" being found in any people (i.e. in the bodily fluid/tissue/excrement of someone diagnosed with the alleged "COVID-19" or someone who received a so-called "COVID-19 vaccine") and purified (as per standard laboratory practices for the purification of very small things), with purification of particles confirmed via EM imaging (the EM image(s) must be available and provided);

note that i do not require or want studies/reports where researchers did something with recombinant (lab-created) so-called "SARS-COV-2 spike protein" that had to be created in order to study "it", or studies/reports where the alleged protein was allegedly detected indirectly (i.e. with a nonspecific antibody test);

this FOI is not limited to records that were authored by the CDC or ATSDR or that pertain to work done at/by the CDC or ATSDR; rather, it includes any record matching the above description, authored by anyone, anywhere, ever;

if any records match the above description of requested records and are currently available to the public elsewhere, please provide enough information about each record so that i may identify and access each one with certainty (i.e. title, author(s), date, journal, where the public may access it); provide URLs where possible;

A search of our records failed to reveal any documents pertaining to your request.

21 de marzo de 2023:

Roger Andoh, actuando como Oficial de la FOIA en la Oficina del Director de Operaciones, **los CDC** confesaron que los CDC ni siquiera tienen un estudio en el que los autores hicieron cualquiera de los siguientes:

1) se probó la supuesta **proteína de pico** en la sangre de personas vacunadas y "invaccinadas", y comparó los resultados para buscar evidencia de que las quackcines de ARNmRN hacen que los cuerpos creen la proteína

2) comparó los niveles **de** anticuerpos para las personas vacunadas y las personas inyectadas con otras toxinas (es decir, otras charlas), para evaluar **la especificidad de**

los anticuerpos. <https://www.fluoridefreepeel.ca/wp-content/uploads/2023/03/CDC-spike-protein-comparisons-PACKAGE-redacted.pdf>

A search of our records failed to reveal any documents pertaining to your request.

You may contact our FOIA Public Liaison at 770-488-6246 for any further assistance and to discuss any aspect of your request. Additionally, you may contact the Office of Government Information Services (OGIS) at the National Archives and Records Administration to inquire about the FOIA mediation services they offer. The contact information for OGIS is as follows: Office of Government Information Services, National Archives and Records Administration, 8601 Adelphi Road-OGIS, College Park, Maryland 20740-6001, e-mail at ogis@nara.gov; telephone at 202-741-5770; toll free at 1-877-684-6448; or facsimile at 202-741-5769.

If you are not satisfied with the response to this request, you may administratively appeal to the Deputy Agency Chief FOIA Officer, Office of the Assistant Secretary for Public Affairs, U.S. Department of Health and Human Services, via the online portal at <https://requests.publiclink.hhs.gov/App/Index.aspx>. Please mark both your appeal letter and envelope "FOIA Appeal." Your appeal must be electronically transmitted by June 14, 2023.

Sincerely,

Roger Andoh
CDC/ATSDR FOIA Officer
Office of the Chief Operating Officer
(770) 488-6399
Fax: (404) 235-1852

#23-00723-FOIA

2 de marzo de 2023: **EE. Los Centros para el Control de Enfermedades** pueden probar la existencia de **la proteína de pico SARS-COV-2**

Roger Andoh, actuando como Oficial de la FOIA en la Oficina del Director Operativo, **CDC y el Registro de Sustancias Tóxicas y Enfermedades**, confesó que estas instituciones tienen cero pruebas de la existencia de la supuesta proteína de pico SARS-COV-2, esta vez a mi colega Louis Stephen.

Además, en esta respuesta, Roger evadió:

- una solicitud de prueba de reclamaciones en relación con los llamados anticuerpos SARS-COV-2,
- una solicitud de documentación que explique por qué es necesario utilizar el ARNA sintético en lugar de natural (supuesto) en convid jabs,
- una solicitud de documentación que explique por qué es necesario usar células renales de mono para (supuestamente pero no realmente) en el crecimiento de un virus que supuestamente infecta los pulmones humanos, etc.:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2023/04/CDC-spike-antibodies-why-Vero-etc-PACKAGE-redacted.pdf>

For number 1, a search of our records failed to reveal any documents pertaining to the spike protein as you describe.

For numbers 2 and 3, although CDC cannot answer every hypothetical question and questions are not permissible under FOIA, CDC does offer the following link that discusses how COVID-19 Vaccines work: [Understanding How COVID-19 Vaccines Work | CDC](#).

Number 4 of your request is an inappropriate FOIA request written as questions with 4 subparts containing 6 separate questions.

[Alguien amablemente envió otra respuesta de la FOI de los CDC de fecha 30 de diciembre de 2020 en el supuesto **2003-SARS-COV-1 y todos los coronavirus de frío común. Los CDC no tienen registro de haber sido aislado :**

<https://www.fluoridefreepeel.ca/wp-content/uploads/2020/12/CDC-isolation-FOI-reply-any-coronavirus.pdf>]

13 de septiembre de 2022:

Un hombre o mujer anónimo en la Oficina de Registros Públicos de la **Universidad de Carolina del Norte en Chapel Hill** proporcionó documentos inútiles que no contienen evidencia científica del supuesto **SARS-COV-2**, y confesó que no hay otros documentos relevantes para la solicitud:

Some people who received this message don't often get email from healingque@protonmail.com. Learn why this is important

Thank you for your quick response.

The documents provided do not contain any scientific evidence of a physical particle found in humans. Nothing in them fits the description of a virus. Please go over the request again and if you have them provide the document showing evidence of its existence. If UNC does not have such records, please let me know.

Once again thank you so much for your time,

[REDACTED]

RE: Freedom of Information Act Request No. 2022-F-01464

Dear Ms. Massey:

This is a final response to your Freedom of Information Act (FOIA) request to the Occupational Safety and Health Administration (OSHA) dated November 8, 2021, seeking documents concerning the "purification" of SARS-CoV-2. Your request was assigned to the OSHA Directorate of Technical Support and Emergency Management for a response.

You have asked for documentation in OSHA's possession, "...describing the purification of any 'COVID-19 virus' (aka 'SARS-COV-2', including any alleged 'variants' i.e. 'B.1.1.7', 'B.1.351', 'P.1')". In your request, you defined "purification" to mean, "... separation of the alleged 'virus' from everything else in the patient sample...."

A search of OSHA's records did not locate any documents that meet the criteria of your request. Therefore, under FOIA we are providing you a no records response. Please be aware that OSHA did not extend the search for documents outside of the Agency for any responsive records, as you requested. This is beyond the scope of FOIA requirements.

If you have questions about our response, please contact Robert B. Turnage at (202) 693-2036 or turnage.robb@dol.gov.

Although we believe we have fulfilled your FOIA request, you have the right to appeal this decision with the Solicitor of Labor within 90 days from the date of this letter. The appeal must state, in writing, the grounds for the appeal, including any supporting statements or arguments. The appeal should also include a copy of your initial request and a copy of this letter.

If you appeal, you may mail your appeal to: Solicitor of Labor, U.S. Department of Labor, Room N-2420, 200 Constitution Avenue, NW, Washington, DC 20210 or fax your appeal to (202) 693-5538. Alternatively, you may email your appeal to foiaappeal@dol.gov; appeals submitted to any other email address will not be accepted. The envelope (if mailed), subject line (if emailed), or fax cover sheet (if faxed), and the letter indicating the grounds for appeal, should be clearly marked: "Freedom of Information Act Appeal."

In addition to filing an appeal, you may contact the Department's FOIA Public Liaison, Thomas G. Hicks, Sr., at (202) 693-5427 or hicks.thomas@dol.gov for assistance in resolving disputes.

3 de septiembre de 2021: Fauics **National Institute of Allergy and Infectious Diseases (NIAID) / National Institutes of Health**, en respuesta a una solicitud de registros que demuestre que NIAID o NIH tiene una muestra física de SARS-CoV-2 purificado: Conmeja aislamiento/purificación con el crecimiento del virus imaginario en el cultivo celular,

- proporciona comentarios irrelevantes y distractor re Koch.s Postulados,
- cita estudios y páginas web inútiles e irrelevantes, y ordenador inventado genomas, y
- confirma que la virología no es una ciencia.

Re: FOIA Case Number: 56905

Dear [REDACTED]

This is our final response to your Freedom of Information Act (FOIA) request addressed to National Institutes of Health (NIH), dated August 18, 2021, and received in this office on the same day. You requested copies of public records that demonstrates the NIAID or NIH has a physical sample of the isolated and purified SARS-CoV-2 virus, to produce any and all evidence of this External Standard or Certified Reference Material (CRM) for calibration of RT-PCR test kits and any or all documentation and evidence of whether the Whole Genome Sequencing (WGS) occurred from the isolate, as well as evidence and information on the current modality/test being used to determine and identify the difference from the original SARS-CoV-2 virus and the "Delta Variant" and/or other variants with all evidence and documentation demonstrating the initial discovery of the other variants.

Please be advised that your request is improper as defined by FOIA given that you have not specified where (named office or institute) or what (i.e. named grant number, report, etc) you would like searched at the NIH. Considering the omission of the aforementioned information necessary for a proper search to be conducted, the NIH cannot process your request as it is written. In good faith, we provide the following information that may prove useful to you.

Much of the information on the isolation of the virus from the diseased host, which requires growth in cell culture, is already publicly available. Viruses do not replicate outside of a host or in a pure culture (devoid of other cells). Koch's postulates were formed prior to the identification of viruses as the causative agents of some diseases and also pre-date modern microbiological techniques, including the ability to isolate viruses from hosts. As such, Koch's postulates have limitations when evaluating viruses and do not adequately account for the way viruses are isolated and propagated given that viruses are obligate intracellular parasites.

11 de marzo de 2022:

UU. El Departamento de Salud y Servicio Humano confirma que **Vivek Murthy, el hombre que actúa como "Ourgeno General"**, no tiene antecedentes que describan a nadie en la Tierra en el hallazgo y purifican al supuesto "SARS-COV-2" (el presunto virus COVID-19), o cualquier supuesta variante de la misma, de los fluidos corporales de cualquier persona enferma humana.

Case No. 2022-00537-FOIA-PHS

March 11, 2022

Sent via email:
Christine Massey
cmssyc@gmail.com

Dear Christine Massey:

This letter is the final response to your March 07, 2022, Freedom of Information Act (FOIA) request. Specifically, you requested the following records: "(See attached) **All studies / reports in the possession, custody or control of the man who acts as "Surgeon General" in the Department of Health and Human Services, Vivek H. Murthy, that describe anyone on Earth finding and purifying (i.e. via via filtration, ultracentrifugation and chromatography) the alleged "SARS-COV-2" (the alleged "COVID-19" virus), or any alleged variant thereof, directly from the bodily fluids of any diseased human where the bodily fluids were not first combined with any other source of genetic material (i.e. a human or animal cell line; fetal bovine serum)".**

A representative from the Office of the Assistant Secretary for Health (OASH) conducted a search and reports there are no records responsive to your request: "We have no studies or reports of which we have custody or control over related to this topic, thus no records to share".

While we believe an adequate search of the appropriate files was conducted for the records requested, you have the right to appeal this finding that no responsive records exist within OASH. By filing an appeal, you preserve your rights under FOIA and give the agency a chance to review and reconsider your request and the agency's decision.

Please mark the correspondence, "Freedom of Information Act Appeal." Your appeal must be transmitted within 90 days from the date of receipt of this letter to:

Ms. Carol Maloney
Deputy Agency Chief FOIA Officer
U.S. Department of Health and Human Services
Office of the Assistant Secretary for Public Affairs
HHS.ACFO@hhs.gov

If you would like to discuss our response before filing an appeal to attempt to resolve your dispute without going through the appeals process, you may contact the HHS FOIA Public Liaison for assistance at:

HHS FOIA/PA Public Liaison
FOI/Privacy Acts Division

19 de agosto de 2021:

Subject: HHS FOIA Request 2021-01625-FOIA-OS
To: [REDACTED]

RE: 2021-01625-FOIA-OS

Mr. [REDACTED]

Dear Mr. [REDACTED]

This is in response to your Freedom of Information Act (FOIA) request, dated: **August 18, 2021**, concerning "Records that demonstrates the US Department of Health and Human Services has a physical sample of the isolated and purified SARS-CoV-2 virus including the following: 1) Any and all evidence of this External Standard or Certified Reference Material (CRM) for calibration of RT-PCR test kits and any or all documentation; 2) Evidence of whether the Whole Genome Sequencing (WGS) occurred from the isolate; 3) Evidence and information on the current modality/test being used to determine and identify the difference from the original SARS-CoV-2 virus and the "Delta Variant" and/or other variants with all evidence and documentation demonstrating the initial discovery of the other variants. (Date Range for Record Search: From 10/1/2019 To 8/18/2021)".

We received your request on **August 18, 2021**.

For administrative convenience and to fully respond to your request, program staff have provided the following information below with corresponding web links.

SARS-CoV-2 is the virus that causes coronavirus disease 2019 (COVID-19). Active infection with SARS-CoV-2 is detected by diagnostic tests. Currently there are two types of diagnostic tests – molecular tests that detect the virus's genetic material and antigen tests that detect specific proteins on the surface of the virus. For current data showing the total number of SARS-CoV-2-positive cases and deaths, visit the [CDC COVID-19 Data Tracker](#), which shows cases and deaths in the United States broken down by state and county, daily trends in the number of cases by state, and other parameters.

Evidence of SARS-CoV-2 infection can be found in a study entitled, [Pathology and Pathogenesis of SARS-CoV-2 Associated with Fatal Coronavirus Disease](#), which includes electron microscopy images of SARS-CoV-2 in infected lung and upper airway tissues as well as staining of lung and upper airway tissues using an antibody against SARS-CoV-2.

The specimens analyzed in this study were from patients with common signs and symptoms associated with COVID-19, including fever, cough, and shortness of breath. All patients had abnormal findings on chest radiographs.

There are other similar studies publicly available online. To aid in locating other related studies, please see the articles suggested in the "Similar Articles" and "Cited by" section on the manuscript's [PubMed entry](#).

The SARS-CoV-2 virus may be isolated from human clinical specimens by culturing in cells. In January 2020, CDC isolated the SARS-CoV-2 virus from a clinical specimen from the first confirmed case of COVID-19 in the United States. There are other similar studies published describing the isolation and characterization of SARS-CoV-2 from human clinical specimens. To aid in locating other related studies, please see the articles suggested in the "Similar Articles" and "Cited by" section on the manuscript's [PubMed entry](#). There are also several publications documenting SARS-CoV-2 infection and transmission among pre-symptomatic and asymptomatic individuals.

24 de junio de 2021 Respuesta FOIA:

El **Instituto Nacional de Alergia y Enfermedades Infecciosas (NIAID)** de Anthony Fauci no proporcionó/cita ningún registro de la purificación de un paciente de una muestra de pacientes por cualquier persona, en cualquier lugar.

NIAID me remitió al estudio de los CDC anti-ciencia de Harcourt et al., incluso después

de que les aconseje los CDC de [junio 7, 2021](#). He apelado al Enlace Público de NIAID. Las comunicaciones entre yo y NIAID se proporcionan aquí:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/06/NIAID-FOIA-package-redacted.pdf>

We have previously queried our Division of Clinical Research for records responsive to similar requests. Your request is properly directed to the Centers for Disease Control and Prevention (CDC) as they are the ones who did the isolation: <https://www.cdc.gov/coronavirus/2019-ncov/lab/grows-virus-cell-culture.html>

See publication: https://wwwnc.cdc.gov/eid/article/26/6/20-0516_article

You can submit a request to the CDC at the following link: <https://www.cdc.gov/od/foia/index.htm>

If you disagree with their no records determination, you should properly avail yourself of the appeal rights described in their final response to you.

If you are not satisfied with the processing and handling of this request, you may contact the NIAID FOIA Public Liaison:

NIAID FOIA Public Liaison

El estudio de los CDC citado por NIAID no purificó nada de una muestra de un paciente. Es el mismo estudio que el Dr. Thomas Cowan escribió sobre 2020 ([sólo envenenado Monkey Kidney Cells "Grew" el "Virus" \(en inglés\)](#)), donde también abordó la naturaleza fraudulenta de los autores.

First, in the section titled “Whole Genome Sequencing,” we find that rather than having isolated the virus and sequencing the genome from end to end, that the CDC “designed 37 pairs of nested PCRs spanning the genome on the basis of the coronavirus reference sequence (GenBank accession no. NC045512).”

To me, this computer-generation step constitutes scientific fraud. Here is an equivalency: A group of researchers claim to have found a unicorn because they found a piece of a hoof, a hair from a tail, and a snippet of a horn. They then add that information into a computer and program it to re-create the unicorn, and they then claim this computer re-creation is the real unicorn. Of course, they had never actually seen a unicorn so could not possibly have examined its genetic makeup to compare their samples with the actual unicorn’s hair, hooves and horn.

The researchers claim they decided which is the real genome of SARS-CoV-2 by “consensus,” sort of like a vote. Again, different computer programs will come up with different versions of the imaginary “unicorn,” so they come together as a group and decide which is the real imaginary unicorn.

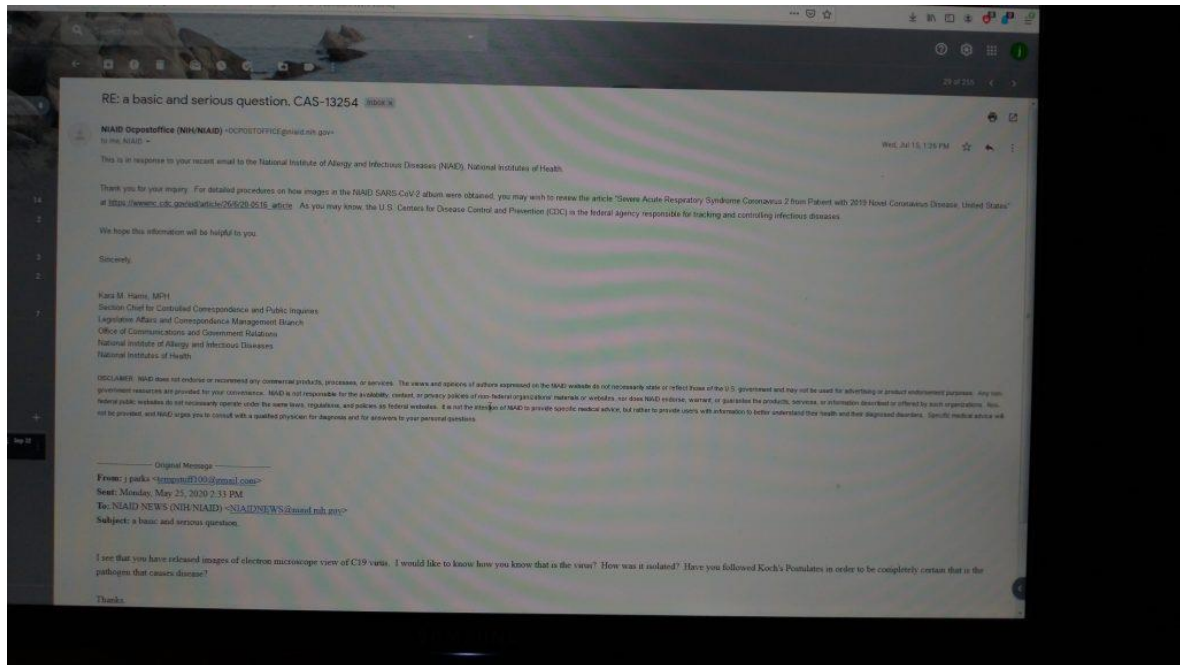

Anteriormente, en 2020, Ron Bublitz ya había preguntado a **EE. Instituto Nacional de Alergia y Enfermedades Infecciosas (NIAID), Institutos Nacionales de Salud (NIH)**, la pregunta que se muestra a continuación. Su correspondencia se publica en el siguiente enlace, junto con la respuesta evasiva proporcionada por el Jefe de la Sección NIH/NIAID para la Correspondencia Controlizada y la Subdivisión de Investigación Pública, Asuntos Legislativos y Corresponsales. Pdf mostrando el texto y una foto de los correos electrónicos reales: <https://www.fluoridefreepeel.ca/wp-content/uploads/2020/11/NIAID-reply-to-Ron-Bublitz-re-SARS-COV-2-isolation.pdf>

To: NIAID NEWS (NIH/NIAID)

Subject: a basic and serious question.

I see that you have released images of the electron microscope view of C19 virus. I would like to know how you are certain that is the virus? How was it isolated? Have you followed Koch's Postulates in order to be completely certain that is the pathogen that causes disease?

Ron amablemente proporcionó una captura de pantalla de sus comunicaciones con NIAID, que se muestra a continuación.

Tenga en cuenta que **NIH/NIAD no respondió a ninguna de las preguntas de Ron Bublitz y se limitó a citar [el mismo estudio de los CDC](#)** de Harcourt et al. mencionado anteriormente que se inmiscuyó en el típico enfoque fraudulento de la empresa "monkey" a la llamada "aislamiento" como se muestra en la imagen de pantalla a continuación).

Cell Culture, Limiting Dilution, and Virus Isolation

We used Vero CCL-81 cells for isolation and initial passage. We cultured Vero E6, Vero CCL-81, HUH 7.0, 293T, A549, and EFKB3 cells in Dulbecco minimal essential medium (DMEM) supplemented with heat-inactivated fetal bovine serum (5% or 10%) and antibiotics/antimycotics (GIBCO, <https://www.thermofisher.com>). We used both NP and OP swab specimens for virus isolation. For isolation, limiting dilution, and passage 1 of the virus, we pipetted 50 μ L of serum-free DMEM into columns 2–12 of a 96-well tissue culture plate, then pipetted 100 μ L of clinical specimens into column 1 and serially diluted 2-fold across the plate. We then trypsinized and resuspended Vero cells in DMEM containing 10% fetal bovine serum, 2 \times penicillin/streptomycin, 2 \times antibiotics/antimycotics, and 2 \times amphotericin B at a concentration of 2.5×10^5 cells/mL. We added 100 μ L of cell suspension directly to the clinical specimen dilutions and mixed gently by pipetting. We then grew the inoculated cultures in a humidified 37°C incubator in an atmosphere of 5% CO₂ and observed for cytopathic effects (CPEs) daily. We used standard plaque assays for SARS-CoV-2, which were based on SARS-CoV and Middle East respiratory syndrome coronavirus (MERS-CoV) protocols ([9](#), [10](#)).

10 de junio de 2022: Julia Spiegel, mujer que actúa como Secretaria Adjunta de Asuntos Jurídicos bajo **Gavin Newsom**, el hombre que actúa en la **Oficina del Gobernador de California**, confesó a Kristen Welch que no tienen antecedentes describiendo cualquier supuesto "**SARS-COV-2**" (o "variante") siendo encontrado en el fluido corporal/tejido de nadie en la Tierra y purificado... por cualquier persona, en cualquier lugar, siempre... para que se secuencie, se cara a ser secuenciado, se cara a lo que se caracteriza y se estudia con experimentos controlados (también conocido como "ciencia"): <https://www.fluoridefreepeel.ca/wp-content/uploads/2022/07/Gavin-Newsom-acting-as-Gov-California-PACKAGE-redacted.pdf>

Deputy Legal Affairs Secretary

27 de enero de 2022:

El Departamento de Salud del estado de Washington proporcionó la ubicación de registros supuestamente -pero-no-receptivo a un FOI para estudios en los que se encontró el supuesto SARS-COV-2 en el líquido corporal/tejido de personas enfermas y purificado.

Instalación 1 es la comedia de ciencia fisita que no tiene nada que ver con la purificación o un virus, titulado "SARS-CoV-2 Sequencing and Variants" en el estado de Washington.

Comienza: *La secuenciación de la próxima generación es un conjunto de métodos de laboratorio que los científicos utilizan para escanear un genoma viral para determinar la secuencia del genoma de un virus.*

Cuidado con la secuela que vence el 25 de julio de 2022.

El departamento también confesó que su laboratorio: *"No ha intentado aislar el SARS-CoV-2 de ningún espécimen o matriz". La PHL tampoco ha aislado en su poder el virus SARS-CoV-2 viable. El WAPHL realiza pruebas diagnósticas basadas en PCR... La secuenciación de la próxima generación se realiza en muestras positivas de pacientes SARS-CoV-2 usando material genómico extraído, no aislados de virus.*

Hello Christine,

I live in Washington State. I submitted a public records request to the WA State Department of Health for the studies and/or reports purification of the SARS COV 2 virus as per your example.

"The Washington State Public Health Lab (PHL) provided the following statement in response to your request, "The WAPHL has not attempted to isolate SARS-CoV-2 from any specimen or matrix. Nor does the PHL have in its possession isolated viable SARS-CoV-2 virus. The WAPHL performs diagnostic testing that is PCR based and does not require virus isolation. Next generation sequencing is performed on SARS-CoV-2 positive patient samples using extracted genomic material, not virus isolates."

You will receive the next installment on or before July 25, 2022 and will continue to receive installments until your request has been fulfilled.

Should you no longer need this information, please contact our office by responding directly to this email.

Sincerely,

Washington State Department of Health
Disease Control and Health Statistics
Public Records

Please see their email below.

Thank you for all you are doing to bring truth to light!

Be Well,

Submitted via email to: kate.willson@multco.us

Dear Ms. Willson,

This is a formal request for access to general records, made under Oregon's Public Records Law.

Description of Requested Records:

All studies and/or reports in the possession, custody or control of Multnomah County Government describing the purification of any "SARS-COV-2" (including any "variant" of "SARS-COV-2") said to have caused disease in humans (via maceration, filtration and use of an ultracentrifuge; also referred to at times by some people as

11 de marzo de 2022:

La Universidad de Illinois confirmó para Natalia Litbarg, MD, que: los custodios de la

universidad que, debido a la naturaleza de su trabajo podrían haber tenido registros que describen a alguien en la Tierra encontrando al supuesto **SARS-COV-2** en los fluidos corporales de un huésped enfermo y purificando, no pudo identificar ningún registro de este tipo:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2022/04/Universidad-de-Illinois-PACKAGE.pdf>

Other than your submission of a date range, this request is identical to your previous request dated and received in my office on February 17, 2022. Based on the above terms and wording that you have used, our office has shared your request with University records custodians who, because of nature of their work, may have had responsive records. Utilizing the word and terms you provided, those University records custodians cannot identify responsive records.

You have a right, under the law, to seek a review of this response by the Public Access Counselor (PAC) in the Office of the Attorney General. The PAC may be reached by phone at 877-299-3642, by email to public.access@ilag.gov, or by postal mail at the Public Access Bureau, 500 S. 2nd Street, Springfield, Illinois 62706. You also have the right to seek judicial review under section 11 of this Act.

If you have any questions or would like to discuss how to narrow the scope of your request, please contact me at 217-333-6400.

Sincerely,

Kirsten Ruby
Senior Associate Director
and Chief Records Officer

18 de mayo de 2022:

Jorge Pérez, el hombre que actúa como Oficial Adjunto de Salud, Investigación de Salud Pública del **Condado de Los Ángeles**, confesó a [Kristen Welch](#) que no hay registros de que el supuesto **SARS-COV-2** se encuentre en el fluido corporal/tejido de alguien y purificado... por cualquiera, en cualquier lugar, nunca... pero aparentemente está de acuerdo con el hecho de que los virólogos no tienen una variable independiente para usar en cualquier experimento de virus y él piensa que el condado tiene el derecho de aterrorizar a la gente con su "-doctrine":

<https://www.fluoridefreepeel.ca/wp-content/uploads/2022/06/Los-Angeles-County-Dept-PH-PACKAGE-redacted.pdf>

After a diligent search, the Department has determined that there are no responsive records to your request.

In providing you with this response, the County is not waiving any rights, defenses, or claims of privilege, exception or exemption under the CPRA or any other statutes. The County reserves its right to assert all applicable privileges, doctrines, and exemptions.

Sincerely,

Jorge Perez

Sehr geehrter Herr [REDACTED]

Vielen Dank für Ihre Anfrage und für Ihr Interesse an den Aufgaben und Tätigkeiten des Labor Spiez.

Das Bundesamt für Bevölkerungsschutz hat keine amtlichen Dokumente erstellt, die den von Ihnen beschriebenen Anforderungen (Ziffer 2) entsprechen.

In der wissenschaftlichen Fachliteratur gibt es hingegen inzwischen eine Vielzahl von Publikationen, in denen die Isolierung von SARS-Cov-2-Viren beschrieben worden ist. Nur als Beispiel finden Sie in der Anlage eine Publikation aus Nature, einer der weltweit angesehensten Zeitschriften für Naturwissenschaften (Wölfel, R., Corman, V.M., Guggemos, W. et al. Virological assessment of hospitalized patients with COVID-2019. Nature 581, 465-469 (2020).

Wir weisen Sie darauf hin, dass Sie nach Artikel 13 BGÖ die Möglichkeit haben, innerhalb von 20 Tagen nach Erhalt dieser Mitteilung schriftlich einen Schlichtungsantrag an die Schlichtungsbehörde zu stellen (Eidgenössischer Datenschutz- und Öffentlichkeitsbeauftragter EDÖB, Feldeggweg 1, 3003 Bern; www.edoeb.admin.ch) und unsere oben dargelegte Haltung überprüfen zu lassen.

Für allfällige Fragen stehen wir gerne zur Verfügung.

Freundliche Grüsse,
Eliane Brogini

Description of Requested Records:

All studies / reports in the possession, custody or control of Thomas Piggott or anyone else acting at Peterborough Public Health, that describe anyone on Earth finding and purifying (i.e. via via filtration, ultracentrifugation and chromatography) any of the 5 alleged "viruses" listed above by Thomas Piggott directly from the bodily fluids of any diseased human where the bodily fluids were not first combined with any other source of genetic material (i.e. a human or animal cell line; fetal bovine serum).

Peterborough Public Health has no records in relation to your request. Local public health are responsible for adherence to the Health Protection and Promotion and implementation Public Health Standards and related protocols as set by the Ministry of Health. Scientific ad Public Health Ontario. We do not work directly with patient samples related SARS-COV-2 o samples.

Please note that I do **not** require and do **not** want studies/reports where researchers failed to purify an alleged "virus" from a sick human's bodily fluid and instead:

If you have any questions, I can be contacted at stinson@peterboroughpublichealth.ca, or 743-1000, extension 253.

- cultured an unpurified substance (i.e. bodily fluid) in a malnourished cell line, added toxic drugs, watched for cytopathic effects and called that "virus isolation", and/or
- performed an unreliable amplification test (i.e. a PCR test), that can only detect sequences and **not** "viruses", on the soup of genetic material extracted from a patient's bodily fluid or from monkey/cow/human cell culture supernatant, and/or
- fabricated an in silico (computer) sequence ("genome") from millions of sequences unreliably detected in the soup of total RNA extracted from a patient's bodily fluid or from a monkey/cow/human cell culture, and/or
- produced electron microscopy images of unpurified particles in a monkey/cow/human cell culture.

p.s. To clarify: where I wrote "animal experiments will be accepted" - this applies to experimental proof of disease causation.

Also, please add "SARS-COV-2" to the list of alleged viruses for which I require records of purification, since Thomas Piggott claims to have lived through "COVID-19" also

25 de agosto de 2021:

Peterborough Public Health y (extro-out) Oficial Médico Dr. Rosana Salvaterra confirma que no tienen registros que describan la purificación de la supuesta "SARS-COV-2", "VIH", también el virus de inmunodeficiencia humana, el virus del Oep B o el virus de la ApC de cualquier muestra de pacientes en el planeta, por cualquiera, en cualquier lugar. Lo que significa que tienen cero pruebas de su existencia. <https://www.fluoridefreepeel.ca/wp-content/uploads/2021/08/Peterborough-PH-PH-HIV-Hep-Hep-C-SARSCOV2-package-redacted.pdf>

3 de enero de 2022:

Sarah B. Kotler, J.D. (**abogado**), Director de la División de Libertad de Información, **EE.UU. La Administración de Alimentos y Medicamentos (FDA, por sus siglas** en se negó a responder formalmente a mi solicitud de FOIA que le entregó por correo electrónico... pero también indicó que la FDA no tiene registro que describa la purificación de cualquier muestra pacientes en la Tierra, por cualquiera, en cualquier lugar, nunca. Tampoco respondió a mi pregunta de qué hará con el conocimiento de que nadie en el planeta tiene ninguna prueba del virus, a pesar de ser un servidor público que trabaja para una agencia que ha estado estampando todo tipo de dispositivos, inyecciones, etc. También me llamó "Rude", mientras que parece bastante contenta de aceptar el fraude mundial y las violaciones del Código de

FOIA request to FDA re: "SARS-COV-2" purification

Kotler, Sarah <Sarah.Kotler@fda.hhs.gov>
To: Christine Massey <cmssyc@gmail.com>

Mon, Jan 3, 2022 at 7:15 AM

Our regulation (which I cited below) gives you the option of (1) mailing or (2) faxing your request. We also have the online portal, which is the fastest method right now due to mail delays and the fact that our office remains closed, and we are limited in our ability to retrieve mail or faxes. In any event, the information you are seeking about "purification" would not even be with FDA. I would suggest you submit your request to the CDC based on the information at SARS-CoV-2 Viral Culturing at CDC | CDC. Instructions for submitting a request to that agency are at:

Freedom of Information Act Importance to CDC Mission | CDC

Thank you,

Sarah B. Kotler, J.D.
Director, Division of Freedom of Information
US FDA

Direction Réglementation et Déontologie
Pôle juridique et droits des usagers

Réf : 22V147

Madame,

Par courrier électronique en date du 13 mai 2022, vous avez souhaité disposer d'une copie de toutes les études et/ou rapports en possession, sous la garde ou sous le contrôle de l'ANSM décrivant la purification du présumé "virus COVID-19" (plus précisément "SARS-COV-2", y compris toute "variante" présumée) directement à partir d'un échantillon prélevé sur un humain malade, où l'échantillon du patient n'a d'abord été combiné avec aucune autre source de matériel génétique.

A cet égard, je suis en mesure de vous apporter les éléments de réponse suivants.

En vertu des dispositions combinées des articles L. 300-2 et L. 311-1 du code des relations entre le public et l'administration (CRPA), le document sollicité revêt le caractère de document administratif, communicable à tout tiers qui en fait la demande.

Précisément, l'article L. 311-1 du CRPA précité dispose que, sous réserve des dispositions des articles L. 311-5 et L. 311-6, les administrations mentionnées à l'article L. 300-2 sont tenues de communiquer aux personnes qui en font la demande les documents administratifs qu'elles détiennent, qui émanent d'elles ou qui lui ont été adressés.

L'ANSM (Agence nationale de sécurité du médicament et des produits de santé), établissement public placé sous la tutelle du ministère chargé de la Santé, est une agence d'évaluation et de décision, dont les missions sont d'offrir un accès équitable à l'innovation pour tous les patients et de garantir la sécurité des produits de santé tout au long de leur cycle de vie.

A ce titre, la compétence de l'ANSM, prévue à l'article L. 5311-1 du code de la santé publique, s'exerce sur les médicaments, les matières premières à usage pharmaceutique, les dispositifs médicaux et dispositifs médicaux de diagnostic in vitro, les produits biologiques à effet thérapeutique (produits sanguins labiles, organes, tissus, cellules, produits de thérapies génique et cellulaire, lait maternel), les micro-organismes et toxines, les produits cosmétiques et les produits de tatouage.

L'ANSM n'est en revanche pas habilitée à évaluer la purification seule d'un virus, sauf si cette évaluation est nécessaire dans le cadre d'une demande concernant un médicament ou un micro-organisme, ce qui n'est pas le cas en l'espèce.

Dear Louis [REDACTED]

The New York City Department of Health and Mental Hygiene (DOHMH) denies your Freedom of Information Law request with the above-referenced control number. Pursuant to Public Officers Law § 89(3)(a), a request for records must be "reasonably described." As written, your request does not reasonably describe the records you are requesting from DOHMH. Without a clear description of the records you seek, we are unable to conduct a search of the agency's records to determine whether we are able to respond to your request.

FOIL request to NYC Depts of Health & MH/Hospitals re: "SARS-COV-2" purification

HHCFOIL <HHCFOIL@nychhc.org>

Mon, Mar 21, 2022 at 1:43

To: Christine Massey <cmssyc@gmail.com>

Cc: "recordsaccess@health.nyc.gov" <recordsaccess@health.nyc.gov>, HHCFOIL <HHCFOIL@nychhc.org>

Dear Ms. Massey,

Our research department conducted a diligent search for all the prospective COVID protocols for purification methods/description of SARS-Cov2 and couldn't find any responsive records to your FOIL request. The facility research teams at Health + Hospitals have confirmed that they did not perform any purification methods of the virus. Also, please note that H+H does not do research lab benchwork.

Therefore we are closing this FOIL request.

Sincerely,

Vanita Yogeshwar

THE CITY OF NEW YORK
OFFICE OF THE MAYOR
NEW YORK, NY 10007

March 30, 2022

Dear Christine Massey:

This letter is a response to your request pursuant to the Freedom of Information Law received on November 4, 2021, for the following records:

All studies and/or reports in the possession, custody or control of the Office of the Mayor describing the purification of any "COVID-19 virus" (aka "SARS-COV-2", including any alleged "variants" i.e. "B.1.1.7", "B.1.351", "P.1") (for example: via filtration, ultracentrifugation and chromatography), directly from a sample taken from a diseased human where the patient sample was not first combined with any other source of genetic material (i.e. monkey kidney cells aka Vero cells; fetal bovine serum). Please note that I am not requesting studies/reports where researchers failed to purify the suspected "virus" and instead: - cultured an unpurified sample or other unpurified substance, and/or - performed an amplification test (i.e. a PCR test), and/or - fabricated a "genome", and/or - produced electron microscopy images of unpurified things. I am already aware that according to virus theory a "virus" requires host cells in order to replicate, and am not requesting records that describe replication of a "virus" without host cells. Nor am I requesting records that describe a strict fulfillment of Koch's Postulates, or records that describe a suspected "virus" floating in a vacuum, or private patient information. I simply request records that describe purification (separation of the alleged "virus" from everything else in the patient sample, as per standard laboratory practices for the purification of other very small things). Please note that my request includes any study/report matching the above description, authored by anyone, anywhere.

After conducting a search, the Mayor's Office has not found any records responsive to your request under FOIL. You may appeal this determination in writing within thirty days by addressing such an appeal to FOILAppeal@cityhall.nyc.gov.

Sincerely,

Re: Response-August 16, 2021 Public Records Request

Dear Mr. Martin:

On behalf of the Arizona Department of Health Services ("ADHS"), I am responding to your August 16, 2021 public records request (the "Request"). In your Request, you ask for communicable disease related information, specifically records "describing the isolation of a SARS-CoV-2 virus, directly from a sample taken from a diseased patient, where the patient sample was not first combined with any other source of genetic material (i.e. monkey kidney cells aka Vero cells; liver cancer cells, lung cells from a lung cancer patient)."

In response to your Request, ADHS does not have any records "describing the isolation of a SARS-CoV-2 virus, directly from a sample taken from a diseased patient, where the patient sample was not first combined with any other source of genetic material." Please note that available de-identified COVID-19 data, including case data, may be reviewed at: <https://www.azdhs.gov/covid19/data/index.php>. You may also wish to check with the Centers for Disease Control and Prevention for information that may be useful to you. See <https://www.cdc.gov/coronavirus/2019-ncov/index.html>.

In addition, even if ADHS had records responsive to your Request, A.R.S. § 36-664(A) states: "[a] person who obtains **communicable disease related information** in the course of providing a health service or obtains that information from a health care provider pursuant to an authorization shall not disclose or be compelled to disclose that information except as authorized by state or federal law...." (Emphasis added). See also A.R.S. §§ 36-661(5), (14), (21), 36-664(C), 36-665 and 36-666(A)(2) (it is a class 3 misdemeanor to disclose communicable disease related information in violation of A.R.S. Title 36, Chapter 6, Article 4); May 29, 2020 Under Advisement Ruling issued in Maricopa County Superior Court Case No. CV2020-005385; January 29, 2021 Minute Entry issued in Maricopa County Superior Court Case No. CV2020-012030.

Dear Christine

We hope you are well, in good spirit and having a good day.

After much back and forth with the Florida department of Health, we were able to obtain this response below (finally) in regards to our request for the purification and isolation of the alleged SARS Covid 19 virus.

We are thankful to the Attorney in public records, Roger Andrews who did the right thing, and set the record straight, (so to say).

This is a follow up to the "other" run around responses previously from Florida as you have already posted.

On a side note we pray all is going well with you from the unlawful arrest.

God Speed and God Bless

Subject:

Good Afternoon,

Pursuant to your discussion with the Office of General Counsel clarifying your request for studies or reports for the purification of any "COVID-19 virus" directly from a sample taken from a diseased human, where the patient sample was not first combined with any other source of genetic material, there are no records responsive to that request.

Regards,

13 de junio de 2022:

Rosemary Hewig, en calidad de "Esq"., Oficial de Acceso a los Registros,

Departamento de Salud del Estado de Nueva York, aseguró a Louis que todavía están buscando diligentemente registros que demuestren la existencia de **SARS-COV-2** y que sólo necesitarán hasta el 17 de agosto de 2022 para responder a su FOI de fecha 4 de enero de 2022:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2022/07/NY-State-DOH-June-13-PACKAGE-redacted.pdf>

Rosemary parece haber olvidado sus respuestas anteriores a mi amigo Bill Huston y yo

en la que confesó que la gente que dirige NYS DoH no tiene ningún registro que indique que .SARS-COV-2 ha sido aislado, abajo.

FOIL #: 22-01-042

Dear Louis [REDACTED]

This letter is in regard to your Freedom of Information Law (FOIL) request of January 4, 2022, which is currently being processed.

Please be advised this Office is unable to respond to your request by the date previously given to you because a diligent search for responsive documents is still being conducted.

We estimate that this Office will complete its process by August 17, 2022. The Department will notify you in writing when/if the responsive materials are available for release or if the time needed to complete your request extends beyond the above date.

Should you require additional information or wish to discuss this matter further, please do not hesitate to contact me at (518) 474-8734.

Sincerely,

Rosemarie Hewig, Esq.
Records Access Officer

RH/bae

9 de diciembre de 2021:

10 meses cortos es todo lo que el **Departamento de Salud del Estado de Nueva York**

tardó en proporcionarle a William Huston una lista sin sentido de variantes imaginarias de la SARS-COV-2 en respuesta a su solicitud de registros que indican que el virus ha sido aislado. Y, el 25 de febrero de 2022, finalmente concluyeron su búsqueda de registros de "diligent" para responder a mi solicitud de purificación de fecha 5 de noviembre de 2021, y confirmaron que no encontraron registros:

William Huston
Terra Vigilante
P.O. Box 22
Endicott, NY 13761

FOIL #: 21-02-073

Dear Mr. Huston:

This letter responds to your Freedom of Information Law (FOIL) request of February 1, 2021, in which you requested "records which indicate that the virus* which purportedly causes COVID-19 disease, has been isolated." (* Known by various names, including SARS-nCoV, SARS-COV-2, 2019-nCoV, SARS2-nCoV- 19, HCoV-19, etc)."

Please be advised that the culture and isolation of SARS-CoV-2 virus is a time-consuming process and a high biohazard procedure, that can only be performed in a certified biosafety level 3 (BSL-3) laboratory. Very few clinical laboratories can perform this procedure as most do not have BSL-3 facilities. The New York State Department of Health's Wadsworth Center ("Wadsworth") does have BSL-3 laboratories and as of November 12, 2021, has performed cultures on a total of 306 specimens from COVID patients, randomly selected throughout the pandemic. Due to the cost and labor-intensive nature of the procedure, it is only performed on a small fraction of samples. From these 306 specimens, the SARS-CoV-2 virus has been isolated 194 times.

The lineage of the harvested viruses from the cultures is determined by analyzing the entire genomic viral sequence following next generation sequencing. This is also a costly and time-consuming procedure, only performed on a small percentage of samples. For 85 of the inoculated samples that grew, the virus lineage (variant type) is not known at this time as the sequence analysis has not been performed.

Further, variants are only assigned a Greek letter by the World Health Organization when they are determined to be Variants of Interest or Variants of Concern. Thus, there have been numerous variants identified that do not have a Greek letter designation. For the 109 samples that have been cultured and sequenced at Wadsworth, the lineage and variant classifications identified are shown in the table below:

<u>SARS-CoV-2 Lineage</u>	<u>Greek letter designation</u>	<u>Number of Different Samples That Grew</u>
B.1	N/A	34
B.1.1.207	N/A	5
B.1.1.348	N/A	2
B.1.1.519	N/A	1

Please be advised that the New York State Department of Health does not maintain records responsive to your request.

Should you feel that you have been unlawfully denied access to records, you may appeal such denial in writing within 30 days to the Records Access Appeals Officer, Division of Legal Affairs, Empire State Plaza, 2438 Corning Tower, Albany, New York 12237-0026.

If you require additional information or wish to discuss this matter further, please do not hesitate to contact me at (518) 474-8734.

Sincerely,

Rosemarie Hewig

To: maxdecleyn@gmail.com <maxdecleyn@gmail.com>
Cc: legaloffice <legaloffice@sciensano.be>

Dear Mr DE CLEYN

We have received your request for information of 18 April. This request was made under the law on the publicity of the administration.

We understood you request concerns records that describe purification directly from a primary clinical sample from a patient.

We do not perform such purification within Sciensano, we can detect the viral genome in the primary sample, or isolate the virus (when we know it is positive) in cell culture.

We do not know where such purification information would be available, you may contact the National Reference Center at the UZ/KU Leuven with this question.

Sincerely

Dieter Van Cauteren

roundcube 

Hi Christine
I sent Freedom of information request to finnish health authority (THL) and go the (expected) answer. You can see them below.
[REDACTED] from Finland

Their response:

Hey,

We have examined your request for information on 16.3.2022.

The right of access to information pursuant to Chapter 3 of the Act on Public Access to the Activities of Public Authorities (621/1999, hereinafter "the Public Access to Information Act") applies to information entered in the documents of public authorities. According to section 5 (3) (3) of the Public Access to Information Act, documents obtained for the authority's internal training, information retrieval or other comparable internal use are not considered to be documents of the authority. For example, scientific literature and libraries collected by the authority for its own activities are therefore not documents of the authority that would be provided in response to requests for information under the Public Access to Information Act. As the right of access under Chapter 3 of the Public Access to Information Act is only information contained in existing documents, new documents (such as bibliographies) are in principle produced in response to requests.

Link to the Publicity Act: <https://www.finlex.fi/fi/laki/ajantasa/1999/19990621#L1P5>

THL has examined whether it is in possession of authority documents, the subject of your request for a reply. No such documents have been found. Given that the term 'isolate' has been used in a different sense in the request for information than is well established in science and that 'isolating' any virus within the meaning of the request for information is not at all possible, it is likely that the entire file does not exist at all.

If you wish, you have the right to have the matter confirmed by an authority. If you would like the matter to be referred to an authority for confirmation, you can report it by replying to this message.

Regards,

Tuuli Karppinen

Lawyer

Department of Health and Welfare

My request sent to finnish Department of Health and Welfare (THL) is as you recommended it to be done:

Aihe: Tietojen saantipyyntö: SARS-COV-2:n ja sen varianttien eristämiseen liittyvät lähteet

Marjo Loisa

Terveiden ja hyvinvoinnin laitos

Viestintä ja vaikuttaminen -yksikkö

Viestintäjohtaja

PL 30

00271 Helsinki

Lähetetty sähköpostitse osoitteeseen: marjo.loisa@thl.fi

Tämä on julkisuuslain nojalla tehty virallinen pyyntö.

<https://oikeusministerio.fi/esite-julkisuuslaista>

<https://www.finlex.fi/fi/laki/ajantasa/1999/19990621#L4>

Kuvaus pyydetyistä lähteistä:

Kaikki Terveiden ja hyvinvoinnin laitoksen (THL) hallussa tai tiedossa olevat lähteet, jotka kuvaavat sars-cov-2-viruksen eristämistä (mukaan lukien kaikki oletetut variantit) suoraan sairaalta potilaalta otetusta näytteestä, jossa potilasnäytettä ei ole ensin yhdistetty muuhun geneettisen materiaalin lähteeseen (esim. apinan munuaissoluihin, maksasyöpäsoluihin, naudan sikiön seerumiin jne).

Pyydän huomioimaan, että käytän "eristämistä" sanan arkipäiväisessä merkityksessä, eli asian (asioiden) -tässä tapauksessa sars-covid-2 viruksen (tai sen varianttien) erottamiseen kaikesta muusta. En siis pyydä lähteitä, joissa "sars-cov-2:n eristämällä" viitataan:

22 de septiembre de 2021:

El Instituto de Salud y Bienestar de Finlandia respondió a una solicitud de evidencia de que el supuesto SARS-COV-2 había sido purificado y demostrado que causaba síntomas en humanos, con un documento sobre los efectos citopáticos en células de mono hambrientas y envenenadas. El solicitante notificó posteriormente a la Junta

Nacional de Investigación de la Investigación de la investigación, pero la Junta insistió en que una investigación preliminar sería inapropiada. Porque la ciencia.<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/12/Finland-Inst-for-Health-and-Welfare-THL-PACKAGE-redacted.pdf>

Elektronimikroskooppikuvia koronaviruksesta on runsaasti löydettävissä erilaisista kuvapankeista, esim. <https://www.niaid.nih.gov/news-events/novel-coronavirus-sarscov2-images>.

Tämän linkin kautta pääsette tarkastelemaan SARS-CoV-2 -viruksen rakennetta: https://www.ncbi.nlm.nih.gov/pmc/articles/PMC7164637/pdf/367_1260.pdf

Teillä on mahdollisuus saattaa asia viranomaisen ratkaistavaksi ilmoittamalla siitä sähköpostitse THL:n kirjaamoon kirjaamo@thl.fi, jolloin saatte asiasta valituskelpoisen hallintopäätöksen.

Ystävällisin terveisin

A: Direzione Sanitaria INMI Lazzaro Spallanzani <dirsan@inmi.it>
Oggetto: R: istanza accesso agli atti

In merito a quanto richiesto dall'Avvocato Rodaro, si rappresenta quanto segue.

Il richiedente usa il termine isolamento a sproposito.

In Virologia con il termine isolamento virale si intende **la messa in coltura di un campione biologico e la verifica della moltiplicazione del virus su un substrato di cellule vive permissive, coltivate in vitro**. L'isolamento si può ottenere anche in animali da esperimento, ma non è questo il caso.

Le cellule inoculate, in parallelo con un controllo non inoculato, vengono monitorate nel tempo per vedere se il virus cresce, la qual cosa è evidente come effetto citopatico, come presenza di particelle virali in microscopia elettronica, oppure, più comunemente, misurando nel tempo la quantità di genomi virali rilasciati dalle cellule in maniera progressivamente incrementale, come risultato della replicazione del virus. Non esistono altre accezioni del termine "Isolamento virale".

29 de octubre de 2021?

El Ministerio de Salud de Italia no proporcionó ni citó ningún estudio o informe (evidencia) (o página web citando tales) para el aislamiento/depurificación del presunto virus Sars-Cov-2 o cualquier supuesta variante, para el solicitante:

Estado Libre Asociado de Massachusetts Departamento de Salud: El . <https://www.fluoridefreepeel.ca/wp-content/uploads/2021/09/Commonwealth-of-Massachusetts-Deptof-Health-package.pdf>

Clarification 2: Isolate means "to separate something from other things with which it is connected or mixed"--Cambridge Dictionary definition.

Clarification 3: This request is not for information on something procured by means of

- 1) Culturing something,
- 2) Nasally swabbing something from any randomly sick (with some other disease) or healthy person,
- 3) Amplifying something via PCR Test (Which its inventor Dr. Kary Mullis has clearly stated is not to be used to diagnose any disease),
- 4) the Sequencing of something,
- 5) or the Computer-Generated Sequencing of something.

The Department has no responsive records to your request.

Re: Public Record Request BIDLS-2021-221

This letter is in regard to the above referenced public record request received by the Massachusetts Department of Public Health (the "Department" or "DPH") on October 28, 2021. This request has been assigned a tracking number: BIDLS-2021-221. Specifically, you requested:

All studies and/or reports in the possession, custody or control of the Massachusetts Department of Public Health describing the purification of the often mentioned "COVID-19 virus" (aka "SARS-COV-2", including any alleged "variants") directly from a sample taken from a diseased human, where the patient sample was not first combined with any other source of genetic material (i.e. monkey kidney cells aka Vero cells; fetal bovine serum).

Please note that I am not requesting studies/reports where researchers failed to purify the suspected "virus" and instead:

- cultured something, and/or
- performed an amplification test (i.e. a PCRtest), and/or
- fabricated a genome from sequences detected in an impure substance, and/or
- produced electron microscopy images of unpurified things.

The Department has no records responsive to your request.

To the extent you are seeing scientific information about the SARS-CoV-2 virus and COVID-19, the US Centers for Disease Control and Prevention makes COVID-19

2 de septiembre de 2021: El **Departamento de Servicios Generales de la Commonwealth de Virginia** proporcionó registros supuestamente receptivos que contenían cero descripciones de la purificación de cualquier muestra de pacientes en el planeta, por cualquier persona, en cualquier lugar. Los registros supuestamente (pero no realmente) sensibles son 1): el CDC 2019-Novel Coronavirus (2019-nCoV) Panel de Diagnóstico RT-PCR en Tiempo Real, y 2) ThermoFisher TaqPath™ COVID-19 Combo Kit Procedimiento para la detección de la ENT de 2019-nCoV por RTPCR. <https://www.fluoridefreepeel.ca/wp-content/uploads/2021/09/Virginia-Dept-de-General-Services-PACKAGE-redacted.pdf>

Via email: [REDACTED]

Dear [REDACTED]

I am responding to your request for information received by the Department of General Services (DGS) via email on August 26, 2021. In your request you asked for in brief, all studies and/or reports in possession, custody or control of the Division of Consolidated Laboratory Services describing the **purification** of any **COVID-19 virus**.

Please find attached documents responsive to your request.

I hope this information is helpful. Thank you for your inquiry.

Sincerely,

Dena Potter

RE: Right to Know Law Request
DOH-RTKL-COV-150-2021

Dear M [REDACTED]

This letter acknowledges receipt by the Pennsylvania Department of Health (Department) of your written request for records under the Pennsylvania Right-to-Know Law (RTKL), 65 P.S. §§ 67.101-67.3104. The Department received your request on August 25, 2021. You requested:

[A]ny records that describe the isolation of a "COVID-19 virus" (aka "SARS-COV-2") from an unadulterated sample taken from a diseased human, where the patient sample was not first combined with any other source of genetic material. Isolate meaning a thing is separated from all other material surrounding it. I am NOT REQUESTING white papers where "isolation" of SARS-CoV-2 refers to: the culturing of something, performance of an amplification test (PCR) or the sequencing of something.

Your request is denied, as the Department is not in possession of records responsive to your request.

As a courtesy, the Department provides the following information: The Department interprets your request to seek records for the isolation of intact virus/viral particles of SARS-CoV-2.

Please be advised that the Department's molecular test processing is not isolating live virus or viral particles. The Department is isolating SARS-CoV-2 genetic material extracted from virus/viral particles in the patient specimen. That extracted genetic material is used in PCR reactions for the detection of the presence of SARS-CoV-2 genetic material in that extract.

The Department's Bureau of Laboratories utilizes COVID PCR assays which have received authorized EUAs from the FDA:

- (1) The CDC COVID RT-PCR assay described in the most recent approved update; and
- (2) The ThermoFisher COVID multiplex RT-PCR panel assay.

30 de agosto de 2021: **El condado de Montgomery, Pensilvania** confirma que no tienen registro de la purificación de la SARS-COV-2 de cualquier muestra de pacientes en el planeta, por cualquier persona, en cualquier lugar, o cualquier prueba de su existencia:

Re: Right-to-Know Request No. OR21-553

Dear M [REDACTED]

On August 26, 2021, the open-records officer of Montgomery County received your written request for information. The County is responding to your request under the Pennsylvania Right-To-Know Law, 65 P.S. §§ 67.101, et seq. (RTKL). You asked for the following:

"...I am seeking any records that describe the isolation of a "COVID-19 virus" (aka "SARS-COV-2") from an unadulterated sample taken from a diseased human, where the patient sample was not first combined with any other source of genetic material. Isolate meaning a thing is separated from all other material surrounding it.

Note: I am NOT REQUESTING CDC website referral information or white papers where "isolation" of SARS-CoV-2 refers to:

- the culturing of something
- performance of an amplification test (PCR) or
- the sequencing of something.

To clarify, I am requesting via disclosure all white papers / solid scientific evidence proving that:

1. the SARS-CoV-2 virus causes the illness that matches the characteristics of all of the deaths attributed to COVID-19;
2. that said virus has been properly purified / isolated from human beings, reproduced and then shown to cause said Covid-19 / SARS-COV-2 in human beings..."

Under the RTKL, a written response to your request was due on or before September 2, 2021.

13 de agosto de 2021: El Asesor General y el Oficial de FOI del **Departamento de Salud de Washington DC** confirmaron al solicitante que el Departamento no tiene registro describiendo la purificación de ningún virus de la COVID-19 (también conocido como SARS-COV-2, incluyendo cualquier supuesto "variantes", es decir. B.1.1.7, B.1.351, P.1 a) directamente de una muestra de un paciente. Comunicación completa:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/08/Washington-DCH-DC-DC--FOIA-01-R.08-11-11-2021-redacted-package.pdf>

Your Freedom of Information Act (FOIA) request seeks “studies and/or reports ... describing the **purification** of any “**COVID-19 virus**” (aka “SARS-COV-2”, including alleged variants”
[Bolding in original]

FOIA Response

The Government of the District of Columbia has posted COVID-19 documents, data, and information on <https://coronavirus.dc.gov/>.

When I conferred with the Director of the Department of Health regarding your FOIA request, I was advised that the Department of Health has not been involved in any research or day-to-day activities related to purification of SARS-CoV-2. No letters, reports, or documents (other than your FOIA request) regarding a purification process have been received by the Director of the Department of Health.

Agosto 2021: **El Departamento de Salud y Servicios Humanos de Michigan** confirmó que no tienen antecedentes que describan la purificación del virus (incluyendo cualquier supuesta "variantes") de cualquier muestra de pacientes en el planeta, por cualquier persona, en cualquier lugar.

<https://www.fluoridefreepeel.ca/wp-content/uploads/2022/04/Michigan-Dept-of-Health-and-Human-Services-package.pdf>

RE: Public Records Request, Reference # H012477-080421.

Dear Mr [REDACTED]

This notice is issued in response to your request, legally received by the Michigan Department of Health and Human Services (Department) on August 05, 2021, requesting information under the Freedom of Information Act (FOIA), MCL 15.231 et seq.

Your request is denied.

To the best of the Department's knowledge, information, and belief, this Department does not possess or maintain records under the description you provided or by other names reasonably known to the Department.

As to the denial, the Department is obligated to inform you that under MCL 15.240 §10 the following remedies are available:

1. Appeal this decision in writing to the Legal Affairs Administration of the Department of Health and Human Services, PO Box 30195, Lansing, MI 48909. The writing must specifically state the word "appeal" and must identify the reason or reasons you believe the denial should be reversed. The Department must respond to your appeal within ten days of receipt. Under unusual circumstances, the time for response to your appeal may be extended by ten business days.
2. File an action in the appropriate court within 180 days after the date of the final determination to deny the request. If you prevail in such an action, the court is to award reasonable attorney fees, costs, disbursements, and possible damages.

The Department's FOIA policies and procedures are available at [Policies and Procedures](#).

Sincerely,

Ruth O'Connor
Bureau of Legal Affairs

18 de agosto de 2021: **El Departamento de Salud Pública de California** confirmó para Kim Leonoudakis que no tienen registro de que SARS-COV-2 (incluyendo a cualquier "variantes" haya sido purificado de cualquier muestra de pacientes en el planeta y ningún análisis de la supuesta variante de la supuesta "Delta":

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/09/California-DPH-FOIA-P013439080421.pdf>

20 de mayo de 2022:

El Departamento de Salud Pública de California admitió a [Kristen Welch](#) que no tienen registro de ningún supuesto "SARS-COV-2" (o escaritano) que haya sido encontrado y purificado de la fluididad/tejida/excremento de cualquier humano enfermo en el planeta (para que sea secuenciado, caracterizado y estudiado con experimentos

controlados) por cualquier persona, en cualquier lugar, nunca.

<https://www.fluoridefreepeel.ca/wp-content/uploads/2022/05/California-Dept-of-Public-Health-Kristen-PACKAGE-redacted.pdf>

May 19, 2022

RE: Public Records Act Request, Reference # P015815-051222

Dear Kristin Welch,

On May 12, 2022, the California Department of Public Health (CDPH) received your request for the following records under the Public Records Act:

FOIA REQUEST PERTAINING TO THE SARS-COV-2 VIRUS

PLEASE SEE THE ATTACHED FOIA REQUEST

CDPH does not have existing documents responsive to this request. However, you may find relevant information to your inquiry at the following link:

<https://testing.covid19.ca.gov/covidnet/>.

Further, additional papers about the isolation of SARS-CoV-2 are available through the NIH at the following link: <https://www.ncbi.nlm.nih.gov/sars-cov-2/>

This concludes our response to this request.

Thank you,

Christa Daley

To monitor the progress, update this request, or download responsive records, please log into the [Public Records Center](#).

24 de agosto de 2021:

El Departamento de Salud Pública de California confirmó para Robin que no tienen registro de que el virus (incluyendo a los "variantes" haya sido purificado de cualquier muestra de pacientes en el planeta, por cualquier persona, en cualquier lugar.

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/08/California-Dept-Public-Health-P013542-081421-redacted.pdf>

culture or from any unpurified substance, and/or

-Produced electron microscopy images of unpurified things in a cell culture.

Clarification of Request

For further clarity, please note I am already aware that according to virus theory a "virus" requires host cells in order to replicate, and I am not requesting records describing the replication of a "virus" without host cells.

Further, I am not requesting private patient information, or records that describe a suspected "virus" floating in a vacuum; I am simply requesting records that describe its purification (i.e. separation from everything else in the patient sample, as per standard laboratory practices for the purification of other very small things).

Please note that my request includes any study/report matching the above description, for example (but not limited to) any published peer-reviewed study authored by anyone, anywhere.

If any records match the above description of requested records and are currently available in the public domain, please provide enough information about each record so that I may identify and access each one with certainty (i.e. title, author(s), date, journal, where the public may access it). Please provide URLs where possible.

If there are any fees for searching or copying these records, please inform me if the cost will exceed \$5. However, I would also like to request a waiver of all fees in that the disclosure of the requested information is in the public interest and will contribute significantly to the public's understanding of "COVID-19". This information is not being sought for commercial purposes.

The California Public Records Act requires a response within ten business days. If access to the records I am requesting will take longer, please contact me with information about when I might expect copies.

If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law.

Format

Electronic files conveyed to me via email, preferably in PDF format; I do not wish for anything to be shipped to me.

CDPH has completed a diligent search and has determined that it is not in possession of records that are responsive to your request. For this reason, this concludes CDPH's response to your request, which will now be closed.

Sincerely,

Taylor St. Mary
AGPA
CID/DCDC

To monitor the progress, update this request, or download responsive records, please log into the [Public Records Center](#).

9 de agosto de 2021: El **Departamento de Salud de Arkansas** Asesor General Adjunto asesor al Dr. James W. Smith que el Departamento no tiene registro describiendo la purificación de cualquier "SARS-COV-2" (incluyendo cualquier escariants) de cualquier muestra de pacientes en el planeta, por cualquiera, nunca, a través de la filtración y la ultracentrifugación. Sin embargo, proporcionó 2 correos electrónicos en busca de COVID 19 en aguas residuales. Dr. Smith hará un seguimiento para solicitar que la respuesta sea proporcionada en una carta formal, firmada y fechada con un número de archivo. Correspondección completa:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/08/Arkansas-Dept-of-Health-no-records-email-response-Aug-9-redacted.pdf>

Después de que una serie de solicitudes de Libertad de Información a partir de abril de 2020 no lograron dar una respuesta satisfactoria, Ricardo Maarman (trabaja junto al [Dr. Faiez Kirsten](#)) desafió al **gobierno sudafricano** en el Tribunal Superior del Cabo Occidental en mayo de 2021 a proporcionar pruebas del virus que supuestamente justifica las devastadoras medidas de bloqueo del gobierno.

(Más específicamente, Ricardo desafió al Presidente, al Departamento Nacional de Salud, al Comité Asesor Gubernamental COVID-19 y al Ministro de Gobernanza Cooperativa y Asuntos Tradicionales. Y la declaración jurada respondida fue escrita principalmente por el Director Ejecutivo interino del Instituto Nacional de Enfermedades Transmisibles de Sudáfrica.)

El gobierno no proporcionó pruebas o incluso pruebas convincentes, y en las páginas 29 de su [declaración jurada de respuesta](#) (empezando en la página 31 del pdf) reveló que se han basado en un enfoque "bien establecido" pero no científico al aislamiento de los virus.

86.1. Protocols for isolation and culturing of "physical virus" are now well established. There are many clear review manuscripts to support this statement. It is not done routinely for diagnosis, as it will be impractical and will not be conducive to patient management.

86.2. The nature of the SARS COV-2 has been established not only through RT-PCR in sequencing but also in electron microscopy.

86.5. There have been significant advances with new diagnostic methodologies and sequencing, and further associations are made:

86.5.1. A nucleic acid sequencing belonging to a putative pathogen should be present in most cases of an infectious disease.

86.6. The nature of the micro-organism inferred from the available sequence should be consistent with the known biological characteristic of that group or organisms.

La declaración jurada del gobierno de SA implica ingenieritamente que los postulados de Kochs (o una variación por lo tanto) se han cumplido por el supuesto virus, cuando en realidad ninguno de ellos lo ha sido. No contiene ninguna mención de la **purificación** de las partículas que se han mostrado en imágenes EM (dentro de cultivos celulares, nunca purificados o en muestras de pacientes) supuestamente como el virus, o la caracterización o secuenciación de partículas purificadas, o cualquier experimento controlado que implique partículas purificadas.

Y la discusión del gobierno de SA sobre los criterios Bradford-Hill se pasa por alto el hecho de que estos criterios **presuponen** la existencia y la medición válida del factor potencialmente causal bajo investigación, cuando la realidad es que ninguna prueba ha sido o podría haber sido validada para las partículas nunca purificadas, nunca caracterizadas, nunca secuenciadas, supuestamente son el virus.

La jueza dictabó que el asunto **no** es **urgente** y le dio por **marcha** al asunto. Ricardo seguirá adelante con esto. El aviso de moción, [transcripción](#) de [la audiencia](#), , otra documentación y entrevistas sobre este caso se publican en un sitio web dedicado: <https://www.showusthevirus.info>.

The applicant has not made a case for urgency.

5852/2020_2021.05.27

/...

2

RULING

Consequently the matter is struck off the roll. The applicant has got another course which the applicant, if he wishes, can take. That is my ruling.

Pertaining to costs, each party will pay its own costs.

10

NZIWENI, AJ

JUDGE OF THE HIGH COURT

Un **documento judicial** de Lisboa fechado el 19 de mayo de 2021 se publica en el sitio web de [Andre Dias, PhD](https://celiafarber.substack.com) (según lo informado por Celia Farber en "The Truth Barrier", celiafarber.substack.com).

La URL **del** documento de la corte es <https://andre-dias.net/wp-content/uploads/Fwd-Sentenca.pdf> (y lo hemos respaldado en <https://www.fluoridfreepeel.ca/wp-content/uploads/2021/06/Portuguese-court-ruling.pdf>).

Según Ms. Farberás publicó la entrevista por correo electrónico del 28 de junio de 2021 con Dias, que es un experto en modelado de la enfermedad pulmonar, el fallo de la corte se refiere a una petición ciudadana al Ministerio de Salud, *equivalente a una Solicitud de Libertad de Información... que terminó en la corte con consultas epidemiológicas y estadísticas*, y el **tribunal también formalizó que el ministerio no tiene datos ni referencias sobre la existencia del virus**.

Sra. Farber aconseja que una traducción al inglés del fallo de la corte está en marcha y será compartida en su sitio web una vez que se prepare. A continuación se muestra una captura de pantalla del documento original que muestra algunas de las preguntas que se habían planteado al Ministerio de Salud de Portugal, para la que aparentemente no tenían respuestas.

I - Cópia de publicação científica, revista por pares (peer-review), referente ao estudo sobre o grau de infeção provocada nos humanos, pelo vírus SARS-Cov2, responsável pela doença Covid-19, a partir de uma amostra não adulterada retirada de um humano doente;

II - Cópia de publicação científica, revista por pares (peer review), referente ao estudo sobre o grau de infeção nos humanos provocada pelo SARS-Cov2 obtida por via empírica e que prove que foram cumpridos os postulados de Koch/Evans (1976), indicando a data e o(s) autor(es) que realizaram o isolamento e purificação do vírus em laboratório;

III - Cópia da publicação científica, revista por pares (peer review), relativamente ao teste RT-PCR (polimerase chain reaction, ou, em português, reação em cadeia da polimerase) como ferramenta de diagnóstico fiável para identificar a infeção por vírus SARS-Cov2 em humanos, i.é, se o teste RT-PCR identifica a presença do RNA viral e a presença do referido vírus infeccioso;

Julio 2021: **El Ministerio de Salud de Brasil** proporcionó/citado cero registros de la purificación de la FOI, Marcella Picone. El Ministerio alegó inicialmente que la solicitud (que el resto del mundo entendía muy bien) no estaba clara, pero también admitió que la información inexistente. En su segunda respuesta a la Sra. Picone explicaron que han estado siguiendo una investigación realizada por otros países. Véase ps 2, 13, 14. Respuestas completas:

Plataforma Integrada de Ouvidoria e Acesso à Informação Detalhes da Manifestação

que corresponda a descrição acima, por exemplo (mas não limitado a) qualquer estudo revisado por pares publicado de autoria de qualquer pessoa, em qualquer lugar. Observe também que, apesar do fato de que a purificação é uma etapa essencial (mas não suficiente) para provar a existência de um vírus causador de doenças. Portanto, no interesse da transparência e de acordo com os propósitos da legislação, se algum registro corresponder a descrição acima dos registros solicitados e estiver atualmente disponível em outro local, forneça informações suficientes sobre cada registro para que eu possa identificar e acessar cada um com certeza (ou seja título, autor, data, periódico). Forneça url sempre que possível.

**DESPACHO Nº 268/2021/SEI/GGTPS/DIRE3/ANVISA**

Processo nº 25351.920427/2021-18

Interessado: CGTAI

Assunto: **Recurso de 1ª Instância Fala.BR NUP nº 25072018642202185**

A questão feita pelo protocolo SAT é genérica e solicita informação não disponível em âmbito da GGTPS:

"Solicito, todos os estudos e / ou relatórios em posse, custódia ou controle da Anvisa, FIOCRUZ, MINISTERIO DA SAUDE E MINISTERIO da CIENCIA descrevendo a purificação de qualquer "vírus COVID-19" (também conhecido como "SARS-COV-2", incluindo quaisquer alegadas "variantes", ou seja, " B.1.1.7 "; " B.1.351 "; " P.1 ") diretamente de uma amostra retirada de um ser humano doente, onde a amostra do paciente não foi combinada primeiro com qualquer outra fonte de material genético (ou seja, células de rim de macaco aka Células Vero; soro fetal de bovino). Observe que não estou solicitando estudos / relatórios em que os pesquisadores não conseguiram purificar o "vírus" suspeito (separe o suposto "vírus" de tudo o mais na amostra do paciente) e, em vez disso: cultivou uma amostra não purificada ou outra substância não purificada, e / ou realizou um teste de amplificação (ou seja, um teste de PCR) no RNA total de uma amostra de paciente ou de uma cultura de células, ou no material genético de qualquer substância não purificada, e / ou fabricou um genoma com base em sequências detectadas por PCR no RNA total de uma amostra de paciente ou de uma cultura de células ou de qualquer substância não purificada, e / ou produziu imagens de microscopia eletrônica de coisas não purificadas em uma cultura de células. Esclarecimento de Pedido Para maior clareza, observe que já estou ciente de que, de acordo com a teoria do vírus, um "vírus" requer células hospedeiras para se replicar e não estou solicitando registros que descrevam a replicação de um "vírus" sem células hospedeiras. Além disso, não estou solicitando registros que descrevam um "vírus" suspeito flutuando no vácuo; Estou simplesmente solicitando registros que descrevem sua purificação (separação de tudo o mais na amostra do paciente, de acordo com as práticas laboratoriais padrão para a purificação de outras coisas muito pequenas). Observe que minha solicitação inclui qualquer estudo / relatório que corresponda à descrição acima, por exemplo (mas não limitado a) qualquer estudo revisado por pares publicado de autoria de qualquer pessoa, em qualquer lugar. Observe também que, apesar do fato de que a purificação é uma etapa essencial (mas não suficiente) para provar a existência de um "vírus" causador de doenças. Portanto, no interesse da transparência e de acordo com os propósitos da legislação, se algum registro corresponder à descrição acima dos registros solicitados e estiver atualmente disponível ao público em outro lugar, forneça informações suficientes sobre cada registro para que eu possa identificar e acessar cada um com certeza (ou seja, título, autor (es), data, periódico, onde o público pode acessá-lo). Forneça URLs sempre que possível. Grata desde já. Aguardo retorno."

Diante do questionamento genérico e de informação não disponível nessa GEVIT/GGTPS a resposta encaminhada foi:

Prezado (a) Senhor(a), Com base nas informações fornecidas pela Gerência De Produtos Diagnósticos De Uso In Vitro (GEVIT), área técnica afeta ao assunto questionado, informamos que a informação solicitada não está disponível na Gerência de Produtos para diagnóstico in vitro da Anvisa. Informações a cerca de purificação de vírus não são informações requeridas para registro de

Betreff: AW: AW: Re: Your shot on rki.de/DE/Content/Infekt/NRZ/EM/Aufnahmen/EM_Tab_covid.html

Dear Mr. Seidmann,

Answer to question 1:

At the time of publication of our images of SARS-CoV-2 on our homepage the virus was already identified a few months before by chinese researchers (Zhu et al. 2020 (<https://www.nejm.org/doi/full/10.1056/NEJMoa2001017>)). Other publications quickly supported this result. At the time we checked the isolates, which were available to us, the information was already impossible to be published because there was no reasonable scientific doubt about SARS-CoV-2 as the causative of the diseases. As already mentioned before, one of our scientific outputs was submitted for publication and is already available as a preprint (<https://www.biorxiv.org/content/10.1101/2020.08.20.259531v2>)

Answer to question 2:

Isolation of the virus from patient material by using cell cultures is the standard technique, followed by identification of the virus using genome sequencing or PCR. Electron microscopy may serve as a control. Purification of the virus is not necessary for identification. I am not aware of a paper which purified isolated SARS-CoV-2. I am sure that cell culture propagated virus will be purified for particular tests. Simple purification steps, such as purification via sucrose cushion, have been already performed (e.g. Turonova et al. <https://science.sciencemag.org/content/early/2020/08/17/science.abd5223.abstract>)

Kind regards,

Michael Laue

El enlace para el resumen de Turonova et al., proporcionado por el Dr. Laue en el correo electrónico de arriba, está [aquí](#); el texto completo del documento está aquí: [Análisis estructural in situ de spike SARS-CoV-2 revela flexibilidad mediada por tres bisos](#))

El **punto de partida** para este trabajo es un llamado aislado SARS-COV-2 llamado .MUC-IMB1 (denominado simplemente como "MUC-1" en los [materiales de soporte](#) de papel). Turonova y al. crédito G. Dobler del Instituto de Microbiología de la Bundeswehr por proporcionarles este "aislado".

Contacté con el Dr. Gerhard Dobler para confirmar detalles sobre el programa "MUC-1" (que pasa por varios nombres diferentes, incluyendo Alemania/BavPat1/2020), y resulta que MUC-1 es otro resultado de la metodología mono-negocio citada en la parte superior de esta página. (Los correos electrónicos y más detalles se publican aquí: [MUC-1 alias MUC-IMB1: a más Corman/Drosten fraude empresarial](#) de [monos](#).) MUC-1 no está aislado/purificado, ni se demostró que contuviera ningún virus.

También en el sitio web de Torsten Engelbrecht se encuentran enlaces a las respuestas de los autores de los estudios SARS-COV-2, comenzando con el documento Zhu et al citado anteriormente por el Dr. Michael Laue. **Ninguno** proporcionó ninguna evidencia o repuración de seguridad de la propagación del virus. Se copia y pega de la página de inicio de Torstenés:

Na **Zhu et al.** (*NEJM*): [Veremos] una imagen de partículas de virus sedimentados, no de purificadas. ([ver Email](#)).

Leo L. M. Poon; Malik Peiris (*Medicina de la Naturaleza*): La imagen es el virus que brota de una célula infectada. No es un virus purificado ([ver Email](#)).

Sharon R. Lewin y otros. (*The Medical Journal of Australia*): La extracción de ácido nucleico se realizó en el material aislado recuperado de las células infectadas. Este material no fue centrifugado, por lo que no se purificó a través de gradiente de sacarosa para tener una banda de densidad como tal. Las imágenes EM se obtuvieron directamente de material de cultivo celular ([ver Email](#)).

Myung-Guk Han et al. (*Osong Public Health and Research Perspectives*): No pudimos estimar el grado de purificación porque no purificamos y concentramos el virus cultivado en las células ([ver Email](#)).

Wan Beom Park et al. (*Journal of Korean Medical Science*): "No obtenemos un micrograma electrónico que mostréis el grado de purificación" ([ver Email](#)).

13 de enero de 2021: **El Ministerio de Salud y Servicios de Cuidado de Noruega** no proporcionó o citó ningún registro de aislamiento de la muestra de un paciente sintomático, donde la muestra no fue adulterada con material genético adicional, por nadie, por cualquier persona en ninguna parte, para el solicitante Martiens Bekker. Mayo, 2021 **Uruguays Clemente Stable Biological Research Institute** (en el Ministerio de Educación y Cultura) y la **Facultad de Química de la Universidad de la República** no proporcionaron/no se citaron registros de la purificación SARS-COV-2, por parte de cualquier persona en cualquier lugar, para la solicitante María Bettina Galo. Ambas respuestas:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/05/Uruguay-Clemente-Stable-Biol-Research-Inst-Min-Edu-and-Culture-Faculty-of-Chem-Uof-Repub-no-records.pdf>

Montevideo, 25 de mayo de 2021.

Consejo Directivo del Instituto de Investigaciones Biológicas Clemente Estable

ASUNTO: la solicitud de acceso a información pública, presentada por la Sra. María Bettina Gallo, al amparo de la Ley 18.381 de Acceso a la Información Pública.

OBJETO: La Sra. María Bettina Gallo determina el objeto de la solicitud en su derecho a conocer acerca de *"Todos los estudios y / o informes en posesión, custodia o control de los informes y registros que describan la **purificación** de cualquier **"virus COVID-19"** (incluidos "B.1.1.7", "B.1.351", "P.1" y cualquier otra "variante") (mediante maceración, filtración y uso de una ultracentrifuga; también a veces por algunas personas como "aislamiento") , directamente de una muestra tomada de un ser humano enfermo, donde la muestra del paciente NO SE combinó primero con ninguna otra fuente de material **genético** (es decir, células de riñón de mono, también conocidas como células Vero; suero fetal bovino)"*

FUNDAMENTO LEGAL: El acceso a la información pública es un derecho de todas las personas, con arreglo al artículo 3º de la Ley 18.381.

Que la Unidad Ejecutora 011 "Instituto de Investigaciones Biológicas Clemente Estable" es un sujeto obligado por la Ley 18.831 a brindar información que se sea considerada pública con arreglo a los artículos 4 y 5 de la citada.

Que en aplicación del principio de informalismo a favor del administrado el Consejo Directivo de la Unidad Ejecutara va a procesar la presente solicitud ya que la misma debió presentarse por escrito en la forma establecida por el artículo 13 de la Ley 18.381.

INFORME: De acuerdo a lo hasta aquí expresado el Consejo Directivo de la Unidad Ejecutora 011 "Instituto de Investigaciones Biológicas Clemente Estable" informa que no se trabaja con el virus vivo y que no se realizó la purificación del virus COVID en ninguna de sus variantes.

Av. Italia 3318. C.P.: 11600. Montevideo, URUGUAY
Tel.: + (598) 2487 1616 • Fax: + (598) 2487 5461

7 de junio de 2021: **El Ministerio de Salud Pública de Uruguay** no proporcionó o citó a la solicitante María Bettina Galo ningún registro de la muestra de un paciente purificado de una muestra de paciente, por cualquier persona, en cualquier lugar, nunca, y afirmó que no pueden entender la petición:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/06/Uruguay-Ministry-of-Public-Health-of-Res-377-2021.pdf>

RESULTANDO: que la peticionante solicita información sobre: i) todos los estudios y/o informes en posesión, custodia o control de los Centros para el Control y la Prevención de Enfermedades del M.S.P. y/ o privados integrantes o no del Grupo Asesor Científico Honorario (GACH), sin excepción, a cargo de la pandemia Covid-19, UDELAR, Facultad de Ciencias, Facultad de Química, Facultad de Medicina y el Departamento de Genética de la Facultad de Medicina, la Agencia para Sustancias y cualquier otra dependencia público o privado, o público-privada (Laboratorios de investigación); y ii) información sobre cada registro que describan la purificación de cualquier "virus- COVID -19" para poder identificar y acceder a cada uno con certeza;

CONSIDERANDO: I) que en merito a lo informado por la División Servicios Jurídicos, corresponde acceder a lo peticionado con excepción de la información solicitada que no se ajusta a los requisitos normativos, debiendo existir una descripción clara de la información requerida, así como cualquier dato que facilite su localización, rigiendo para ello lo dispuesto en el artículo 13 de la Ley Nº 18.381 de 17 de octubre de 2008;

II) que de acuerdo a lo dispuesto por el artículo 16 de la citada disposición legal, el acto que resuelva la petición debe emanar del jerarca máximo del Inciso o quien posea facultades delegadas al efecto;

ATENCIÓN: a lo precedentemente expuesto y a lo establecido por Resolución Ministerial Nº 38.991 de 22 de enero de 1991;

Una vez más, el **Ministerio de Salud Pública de Uruguay** fue preguntado por la depuración de María Bettina Galo re-SARS-COV-2. La respuesta: "*No somos conscientes de que el SARS COV 2 ha sido cultivado* - a pesar de que Bettina hadn-t preguntó por "cultivation", que es lo contrario de purificar cualquier cosa.

Véase la página 20:<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/08/Uruguay-Respuesta-MSP-SOBRE-COVID-EFECTOS-ADVEROS-DOCUMENTO-Maria-Bettina-1.pdf>

18. El Sars-Cov2 ha sido Aislado, Secuenciado y Purificado según método científico para elementos pequeños en Uruguay? Si la respuesta es Sí, indicar por favor por quién, documentación al respecto, publicación, corroborado por pares (quiénes)

No tenemos conocimiento que en el país se haya cultivado el SARS CoV 2 ya que exige condiciones de bioseguridad con las cuales el país no cuenta.

13 de enero de 2023:

La Autoridad de Salud de Oregon rechazó la divulgación de todos los registros inéditos re 21 consultas re imaginaria.

Un colega buscó registros que contenían información sobre la **supuesta** investigación de la **Autoridad de Salud de Oregon** sobre el virus imaginario, desde 21 ángulos diferentes; Jeanne Windham, una mujer que actúa como Coordinadora del Proceso de Registros Públicos y Litigios Internos, insistió en que toda la *información obtenida por la Autoridad de Salud de Oregon o un administrador de salud pública local en el curso de una investigación de enfermedad o brote de enfermedad reportable... es confidencial bajo la ley estatal....* que suena sólo un poco pescado, especialmente considerando que los casos de comunicación están fraudulentamente clasificados como tales basados en

(como los llama David Icke) y que no puede detectar ninguna enfermedad, reportable o de otra manera, y que la supuesta enfermedad de reportables ha sido nunca mostrada que existe, junto con el virus.<https://www.fluoridefreepeel.ca/wp-content/uploads/2023/05/Oregon-Health-Authority-many-issues-PACKAGE-redacted.pdf>

Re: Public Records Requests - Records Related to SARS-CoV2 Outbreak Pursuant to ORS 433.001, 433.004 and 433.006 (2022-0033)

Dear [REDACTED]

This will confirm our telephone conversation of Friday, January 7, 2022, wherein I advised that Oregon Health Authority received your various public records requests related to the SARS-CoV-2 outbreak. Information related to COVID-19 can be found [here](#). Except for the data Oregon Health Authority publishes, information obtained by Oregon Health Authority or a local public health administrator in the course of a reportable disease or disease outbreak investigation, including records of testing performed by the OSPHL from patient samples, is confidential under state law, and not subject to disclosure under the Oregon Public Records Act. See ORS 433.008(1). There is no exception under ORS 433.008(2) that would permit Oregon Health Authority, in its discretion, to provide you with the information you are seeking. That being said, the lab recommends that citizens explore the [NCBI Pubmed COVID-19 website](#), which has over 187,000 published research articles and over 6,700 clinical trials investigating SARS-CoV-2. The information available on this site is growing with new articles added frequently. I hope this is helpful.

Re: Public Records Request - Studies/Reports Related to Purification of Any
"SARS-COV-2 Causing Disease in Humans (2021-[REDACTED])

Good Afternoon [REDACTED],

This will confirm Oregon Health Authority received your March 29, 2021 public records request for "All studies and/or reports in the possession, custody or control of the Oregon Health Authority (OHA) describing the purification of any "SARS-COV-2" (including any "variant" of "SARS-COV-2") said to have caused disease in humans (via maceration, filtration and use of an ultracentrifuge; also referred to at times by some people as "isolation"), directly from a sample taken from a diseased human, where the patient sample was not first combined with any other source of genetic material (i.e. monkey kidney cells aka Vero cells; fetal bovine serum)." **There are no responsive records to your request. This will complete your request.**

22 de mayo de 2021: **Ministerio de Salud y Protección Social, República de Colombia** admite que no tienen registro de la depuración de la muestra de un paciente de una muestra de pacientes. Carta completa:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/06/FOI-Colombia-no-records-package.pdf>

Bogotá D.C.,

ASUNTO: Derecho de Petición. Rad.202142400025922

Respetada 

En atención al radicado del asunto, en el que solicita "Todos los registros en posesión, custodia o control del Ministerio de Salud y Protección Social de la República de Colombia que describan el aislamiento de un virus SARS-COV-2 y / o cualquiera de sus variantes, directamente de una muestra tomada de un paciente enfermo, donde no se combinó la muestra del paciente primero con ninguna otra fuente de material genético (es decir, células de riñón de mono, también conocidas como células Vero; suero fetal bovino)", para lo cual este Ministerio se permite precisar lo siguiente:

Conforme al Decreto 4107 de 2011 el Ministerio de Salud y Protección Social tiene como objetivo, dentro del marco de sus competencias, formular, adoptar, dirigir, coordinar, ejecutar y evaluar la política pública en materia de salud, salud pública, y promoción social en salud, y participar en la formulación de las políticas en materia de pensiones, beneficios económicos periódicos y riesgos profesionales, lo cual se desarrollará a través de la institucionalidad que comprende el sector administrativo.

De otra parte, informarle que conforme a nuestras competencias no contamos con registros que describan el aislamiento de un virus SARS-COV-2 y / o cualquiera de sus variantes, directamente de una muestra tomada de un paciente enfermo, donde no se combinó la muestra del paciente primero con ninguna otra fuente de material genético.

Cordialmente.

Leonardo Arregoces Castillo

7 de diciembre de 2021:

No hay una metodología para purificar el SARS-COV-2 directamente de los especímenes clínicos de los pacientes hasta que el virus se aísle utilizando métodos in vitro o in vivo, dijo que ningún hombre o mujer coherente nunca. Sin embargo, esta es la última respuesta del Consejo Indio de Investigación Médica (órgano de la India para la formulación, coordinación y promoción de la investigación biomédica) a una solicitud de registros de purificación.

Y, considerando los aspectos de bioseguridad, los registros de los especímenes clínicos, aislados de SARS-COV-2 en posesión, custodia o control del ICMR-Instituto Nacional de Virología. Mkaay.

07th December, 2021

To

Sub.: Online Application under Right to Information Act 2005
Ref.: Registration No. NIOVP/R/E/21/00083 dated 06/11/2021

Madam,

This is in reference to your above online application no. NIOVP/R/E/21/00083 dated 6th November, 2021 seeking information under Right to Information Act 2005. The information sought by you is furnished below.

<p>Please provide all studies and/or reports in the possession, custody or control of ICMR or NIV or other affiliated bodies /agencies describing the purification of the alleged "COVID-19 virus" (aka "SARS-CoV-2", including any alleged "variants") directly from a sample taken from a diseased human, where the patient sample was not first combined with any other source of genetic material (i.e. monkey kidney cells aka Vero cells; Fetal Bovine Serum).</p>	<p>As per our knowledge, there is no methodology available to purify the SARS-CoV-2 directly from the clinical specimens of the patient until the virus is isolated using in vitro or in vivo methods. Considering the biosecurity aspects, the records of the clinical specimens, isolates of SARS-CoV-2 in possession, custody or control of ICMR-National Institute of Virology, Pune cannot be shared publicly.</p>
--	---

The Appellate Authority in respect of the information furnished above is, Prof. Priya Abraham, Director, ICMR-National Institute of Virology, Pune. If you are not satisfied with this reply, you may appeal within 30 days of receipt of this letter.

Thanking you,

Yours sincerely,

Dr. Deepti Parashar

Sir,

This is in reference to your above online application no. NIOVP/R/T/21/00005 dated 12th June 2021 forwarded by ICMR with reference no. INCMR/R/T/21/00577 dated 12/06/2021, seeking information under Right to Information Act 2005. Please find the below mentioned publications for the SARS-CoV-2 isolations by ICMR-National Institute of Virology.

- Sarkale P., Patil, S., Yadav, P.D., Nyayanit, D.A., Sapkal, G., Baradkar, S., Lakra, R., Shete-Aich, A., Prasad, S., Basu, A. and Dar, L., 2020. First isolation of SARS-CoV-2 from clinical samples in India. *The Indian Journal of Medical Research*, 11(2-3), p.244.
- Yadav, P., Sarkale, P., Razdan, A., Gupta, N., Nyayanit, D., Sahay, R., Potdar, V., Patil, D., Baradkar, S., Kumar, A. and Aggarwal, N., 2021. Isolation and characterization of SARS-CoV-2 VOC, 20H/501Y. V2, from UAE travelers, bioRxiv.
- Yadav, P.D., Nyayanit, D.A., Sahay, R.R., Sarkale, P., Pethani, J., Patil, S., Baradkar, S., Potdar, V. and Patil, D.Y., 2021. Isolation and characterization of the new SARS-CoV-2 variant in travelers from the United Kingdom to India: VUI-202012/01 of the B. 1.1. 7 lineage. *Journal of Travel Medicine*, 28(2), p.taab009.
- Yadav, P.D., Nyayanit, D.A., Sahay, R.R., Shete, A.M., Majumdar, T., Patil, S., Patil, D.Y., Gupta, N., Kaur, H., Aggarwal, N. and Vijay, N., 2021. Imported SARS-CoV-2 V501Y. V2 variant (B. 1.351) detected in travelers from South Africa and Tanzania to India. *Travel Medicine and Infectious Disease*.

La siguiente es una segunda respuesta de la FOI de 28 de junio de 2021 del **Consejo Indio de Investigación Médica** que no proporciona/cita de nuevo ningún registro de la purificación de la ORA-COV-2 y citando los mismos documentos anti-ciencia, esta vez en respuesta a la solicitante Trinayan Das. A ICMR también se le hicieron preguntas adicionales de PCR, y respondió que es el estándar de oro para la detección (conmuy exactamente. Respuesta completa:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/07/ICMR-June-28-2.pdf>

2. What are the methods used for isolation/purification of SARS-CoV-2 virus?	Virus isolation is being performed in Vero cell lines using the tissue culture techniques.
3. Is the RT-PCR test approved for diagnostic of infectious disease like SARS-CoV-2 (COVID-19) virus?	Yes, Real Time Reverse Transcription Polymerase Chain Reaction (Real Time RT-PCR) is the gold standard test for detection of SARS-CoV-2. For more details on molecular testing of SARS-CoV-2 please refer to ICMR advisory available at https://www.icmr.gov.in/pdf/covid/labs/ICMR_Advisory_Testing_System_v_10112_020.pdf and the WHO guidelines available at https://www.who.int/docs/default-source/coronaviruse/protocol-v2-1.pdf
4. Was the RT-PCR test used earlier to diagnose any infectious disease? What is the accuracy of the test?	Yes, RT-PCR test is a widely used test to detect many infectious diseases such as Influenza viruses, Hepatitis viruses, HIV, Dengue chikungunya etc. it is widely used in biomedical science research. The test is highly sensitive and detects specific targets very accurately.

Abril / Junio 2021:

El Consejo de Investigación Médica de la India no proporcionó o citó en dos ocasiones ningún registro que probara el contagio de la **causa** por el virus, para el solicitante:<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/12/ICMR-contagion-causation-PACKAGE-redacted.pdf>

Prayer or Relief Sought	
The lockdowns due to Covid-19 has pushed millions of people into poverty and inconvenienced many people. The reason given for lockdowns was that Covid-19 is contagious and spreads from person to person.	
In the RTI I had asked ICMR for research material proving that Covid-19 is contagious and spreads from person to person. However the reply given in RTI is that this information can be obtained from google.	
This is an unsatisfactory response. If ICMR has done its own research on the infectiousness of Covid-19 then it has to share the same. Otherwise it has to	
Given the specific web links that prove that Covid-19 is contagious.

14 de septiembre de 2021:

Instituto de Química Orgánica y Bioquímica de la Academia Checa de Ciencias (Estav organické chemie a biochemie AV .R, v. i. (Praga) aconseje que nunca han purificado el supuesto virus COVID-19 de cualquier muestra de pacientes, pero se [convenció](#) de que tenían una muestra de "it" al fabricar un genio de secuencias de ARN encontradas en su cultivo de células monos.

Prague, 14 September 2021

Re: Information Provided in Response to a Request for Information Filed in accordance with Act No. 106/1999 Coll.

On 1 September 2021, the following request for information was delivered to the Institute of Organic Chemistry and Biochemistry of the Czech Academy of Sciences (Ústav organické chemie a biochemie AV ČR, v. v. i.) ("Institute"). The request was filed by David Šubík ("Applicant") in accordance with Act No. 106/1999 Coll., the Freedom of Information Act, as in effect ("Freedom of Information Act"):

- 1) What method was used by the Institute to carry out the full purification and isolation of the virus referred to as SARS-CoV-2? Provide a citation referring to a scientific paper or a verifiable methodology.
- 2) Provide electron microscope imagery demonstrating the full purification and isolation of viral particles of the virus referred to as SARS-CoV-2.
- 3) What method was used to identify the fully purified and isolated viral particles to be part of the virus referred to as SARS-CoV-2? Provide a citation referring to a scientific paper or a methodology.

The Institute has fully complied with the request and hereby provides the following information to the Applicant in accordance with Section 14(5)(d) of the Freedom of Information Act:

Re 1)

- a) A nasopharyngeal swab specimen in a collection tube with a transport medium was agitated briefly five times.
- b) The medium was filtered using a 0.22 µm filter and added to Vero cells in a 25 cm² cultivation bottle and incubated in an incubator at 37 °C, 5% CO₂.
- c) Cytopathic effect on the cells was monitored on a daily basis.
- d) After three days, the cultivation bottle containing the cells was twice frosted and defrosted.
- e) The culture containing Vero cells was centrifuged for five minutes at 1,000 g.
- f) The supernatant was filtered using a 0.45 µm filter, and 0.5 ml was transferred to fresh Vero cells in a 25cm² cultivation bottle and incubated in an incubator at 37°C, 5% CO₂.
- g) After three days, the cultivation bottle containing the cells was frosted and defrosted twice.
- h) The culture containing Vero cells was centrifuged for five minutes at 1,000 g.
- i) The supernatant was filtered using a 0.45 µm filter, and 1.5 ml was transferred to fresh Vero cells in a 75cm² cultivation bottle and incubated in an incubator at 37°C, 5% CO₂.
- j) After three days, the cultivation bottle containing the cells was twice frosted and defrosted.
- k) The culture containing Vero cells was centrifuged for five minutes at 1,000 g.

Telefonní číslo: +420 250 780 038

 E-mail: info@uochb.cz

 Česká republika

 www.uochb.cz

- l) The supernatant was filtered using a 0.45 µm filter, aliquoted, and frozen to -80 °C.
- m) Thus obtained supernatant contained purified, infectious particles of SARS-CoV-2 with a 10e6 IU/ml titer, capable of infecting fresh cells.

Re 2)

SARS-CoV-2 was not examined by means of electron microscopy in the Institute's laboratory; however, imagery obtained this way has been described in numerous instances in literature, such as

- n) Tironova, B.; Sikora, M.; Schürmann, C.; Hagen, W.J.H.; Weisch, S.; Blanc, F.E.C.; von Bulow, S.; Gecht, M.; Bagola, K.; Horner, C., et al. *In situ structural analysis of SARS-CoV-2 spike reveals flexibility mediated by three hinges.* *Science* 2020, 370, 203-208, doi:10.1126/science.abd5223.
- o) Ke, Z.; Otonari, J.; Qu, K.; Cortese, M.; Zila, V.; McKean, L.; Nakane, T.; Zivanov, J.; Neufeldt, C.J.; Cerikan, B., et al. *Structures and distributions of SARS-CoV-2 spike proteins on intact virions.* *Nature* 2020, 580, 498-502, doi:10.1038/s41586-020-2665-2.

Re 3)

- a) The virus aliquot was defrosted, and 70 µl was used to isolate RNA using a QIAamp Viral RNA kit (Qiagen).
- b) cDNA was prepared using a LunaScript RT SuperMix kit (New England Biolabs).
- c) cDNA was amplified by means of multiplex PCR using an Artic nCoV-2019 V3 panel (IDT) with a QS HotStart High Fidelity 2x master mix.
- d) The products of the PCR procedure were purified, quantified, and fragmented using a NEB Next Ultra II FS DNA module (New England Biolabs).
- e) Adaptors for Illumina sequencing were added using NEBNext® Ultra™ II DNA Library Prep and indexation was carried out using NEBNext® Multiplex Oligos for Illumina (New England Biolabs).
- f) Virus sequencing was performed using an Illumina Miniseq device, and the sequence was analyzed using the DNASTAR Lasergene software.
- g) The sequences were entered into the GISAID database, specifically an isolate designated as hCoV-19/Czech Republic/NRL_6632_2/2020 under the code EPI_ISL_3050767. The sequence corresponds to SARS-CoV-2 line B.1.
- h) The isolated virus contained the described viral proteins (demonstrated by means of specific antibodies using immunofluorescence and the Western Blot method) and was able to infect sensitive mammalian cells, which subsequently produced viral particles.

Notice

The Applicant may file a complaint against the manner in which the request has been processed in accordance with Section 16a(1)(a) of Act No. 106/1999 Coll., the Freedom of Information Act, as in effect. A complaint must be filed with the Institute within 30 days of the delivery of this document. Complaints are reviewed by the supervisory authority, specifically the Office for Personal Data Protection.

Institute of Organic Chemistry and Biochemistry

 RNDr. PhDr. Zdeněk Hostomský, CSc.

 Director

Univerzita Karlova: Esto de la universidad número 1 en Czech R. Como respuesta, nos informan, que hay un amplio consenso en la comunidad científica internacional sobre la secuencia precisa de ARN de SARS-Cov2, sobre su estructura química y proteica y que causa COVID19.

Así, Univerzita Karlova no proporcionó ningún registro que demostrara la purificación o la existencia del virus: <https://www.fluoridefreepeel.ca/wp-content/uploads/2021/05/checo-university.pdf>

Existuje široký vědecký konsensus o tom, že choroba COVID-19 způsobuje virus SARS-CoV-2, že tento virus lze specificky a citlivě detekovat pomocí řady biochemických metod včetně polymetázové řetězové reakce, je známa detailní chemická i prostorová struktura všech proteinů, z nichž se virus SARS-CoV-2 skládá, i struktura viru samotného a je známa přesná sekvence jeho dědičné informace, RNA. To vše může poučená, kvalifikovaná osoba snadno zjistit informovaným hledáním v otevřených informačních zdrojích. Univerzita Karlova však nemůže sdělit odpovědi na předmětné dotazy žadatele, které by mohly sloužit jako konečné, autoritativní a nesporné pravdy, resp. konečné vědecké informace.

Z těchto všech důvodů nelze žadateli vyhovět a Univerzitě Karlově nezbyvá než žádost odmítnout.

Poučení : Proti tomuto rozhodnutí lze podat odvolání nejpozději do 15 dnů ode dne jeho doručení podáním u rektorátu Univerzity Karlovy (ust. § 16 odst. 1 zák. č. 106/1999 Sb.).

 JUDr. Tomáš Horáček, Ph.D.

 kvestor Univerzity Karlovy

Ministerio de Salud checo: *Esta es la respuesta del Ministerio de Salud checo. Cuando se solicitó una prueba de existencia del virus SARS-Cov2....*

Las referencias citadas por el Ministerio están en inglés y no describen la purificación de un supuesto virus, y mucho menos el estudio científico de tal. Carta completa: <https://www.fluoridrefreepeel.ca/wp-content/uploads/2021/05/Cádu-lo-ministry-of-health.pdf>

- *Hola John.*

El registrator y el departamento de comunicaciones del Instituto Karolinska han respondido ahora que no tienen acceso a esta información. En la actualidad, la biblioteca universitaria no tiene la oportunidad de realizar tareas de búsqueda para clientes externos. Una sugerencia es hacer una búsqueda en la base de datos de libre acceso PubMed. Si tienes la oportunidad de visitarnos, también puedes utilizar otras bases de datos.

PubMed contiene el término MeSH SARS-CoV-2 / aislamiento y purificación, que actualmente proporciona 5251

referencias. <https://pubmed.ncbi.nlm.nih.gov/?term=%22SARS-CoV-2%2Fisolation-and-purification%22&sort=relevance>.

Hej John!

Registrator och kommunikationsavdelningen på Karolinska Institutet har nu svarat att de inte har tillgång till dessa uppgifter.

För närvarande har universitetsbiblioteket inte möjlighet att utföra sökuppdrag åt externa kunder. Ett förslag är att göra en sökning i den fritt tillgängliga databasen PubMed. Om du har möjlighet att besöka oss kan du använda även andra databaser.
<https://kib.ki.se/om-kib/kontakt-oppettider>

I PubMed finns MeSH-terminen SARS-CoV-2/isolation and purification, som fn ger 5251 referenser.
<https://pubmed.ncbi.nlm.nih.gov/?term=%22SARS-CoV-2%2Fisolation+and+purification%22&sort=relevance>

Vill du se vilka som arbetar med frågan på Karolinska Institutet eller Karolinska Universitetssjukhuset kan du lägga till Karolinska. Då blir det just nu 29 artiklar, Du hittar kontaktuppgifter till varje.
<https://pubmed.ncbi.nlm.nih.gov/?term=%28%22SARS-CoV-2%2Fisolation+and+purification%22%29+AND+%28karolinska%29&size=50>

Date 26 april 2021
Subject Request for information

Dear Mr Rutten,

On March 16, 2021, I received your email. I confirmed receipt of this letter of 29 March 2021 with characteristic 2021.063/001.

By invoking the Public Administration Act (hereinafter: Wob), you request all scientific peer-reviewed publications that promote the isolation of the SARS-CoV-2. You have also requested scientific publications that prove that the aforementioned virus is the cause of the disease 'Covid-19'.

In accordance with Article 6(1), the Wob only applies to information documented in documents which are not already public. The requested information concerns public information. Next I will indicate where you can find the relevant information.

The coronavirus Sars-Cov-2 is the virus that can cause the disease COVID-19. More information about this can be found on the website of the Government Institute for Public Health and the Environment (hereinafter: RIVM) under the heading 'virus' (www.rivm.nl/coronavirus-covid-19/virus). For the scientific reports about the existence of Sars-Cov2 I refer you to the following websites:

<https://www.ncbi.nlm.nih.gov/pmc/articles/PMC7159086/> and
<https://pubmed.ncbi.nlm.nih.gov/31978945/>.

In addition to the website of the RIVM mentioned above, you might also like to visit the following RIVM website: <https://lci.rivm.nl/richtlijnen/covid-19>. On this website you will find relevant literature.

If you have any questions about this letter, please feel free to contact the Wob cluster. The contact details are at the top of this letter.

Sincerely,

the Minister for Health,
Well-being and Sport,
on behalf of this,
the Director of Legislation and Legal Affairs,
Mr. M.M. den Boer

met vermelding van de datum
en het kenmerk van deze
brief.*

Geachte heer 

Op 18 januari 2022 ontving ik uw brief van 14 januari 2022. De ontvangst hiervan heb ik bevestigd bij brief van 31 januari 2022 met kenmerk 2022.023/001.

Met een beroep op de Wet openbaarheid van bestuur (hierna: Wob) verzoekt u om wetenschappelijk bewijs van het bestaan van het Sars-Cov2-virus.

De plicht tot openbaarmaking op grond van de Wob heeft geen betrekking op informatie die reeds openbaar is. De door u gevraagde informatie is al openbaar en ik zal hieronder aangeven waar u dit kunt vinden.

Het coronavirus Sars-Cov-2 is het virus dat de ziekte COVID-19 kan veroorzaken. Meer informatie hierover kunt u vinden op de site van het RIVM onder het kopje 'virus' (www.rivm.nl/coronavirus-covid-19/virus). Voor de wetenschappelijke rapporten over het bestaan van Sars-Cov2 verwijs ik u naar de volgende sites: <https://www.ncbi.nlm.nih.gov/pmc/articles/PMC7159086/> en <https://pubmed.ncbi.nlm.nih.gov/31978945/>.

Mocht u nog vragen hebben over deze brief, neemt u dan gerust contact op met de Programmadirectie Openbaarheid. De contactgegevens staan bovenaan deze brief.

Hoogachtend,

de Minister van Volksgezondheid,
Welzijn en Sport,
namens deze,
de directeur Programmadirectie Openbaarheid,

mr. C.A. Grezel

19 de enero de 2022:

El Departamento de Salud y Atención Social de la Isla de Man (Islas Británicas) confirmó para Courtenay Adam-Lawrence que no tienen registro de los siguientes, ni para los presuntos "Omicron" ni para el imaginario de la "Equitro" de la imaginación. Secuencia única del genoma entera

- procedimientos de ensayo
- aislamiento/purificación
- contagio
- la confirmación de que no se trata simplemente de un modelo de maquillaje de una cepa de un virus:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2022/02/Isle-of-Man-DHSC.pdf>

While our aim is to provide information whenever possible, in this instance the Department of Health and Social Care ('the Department') is unable to provide the information that you have requested. This is in line with Section 11(3)a of the Act, as a practical refusal reason applies; namely we do not hold or cannot, after taking reasonable steps to do so, find the information that you have requested as it may be held by **Manx Care**.

Feb 18, 2021: El **Departamento de Salud y Atención Social de la Isla de Mano** admitido en una respuesta del FOI al Sr. Steven Gardner que:

El virus no está aislado/purificado;

45 ciclos de PCR.

y dio falsas secuencias de información usadas en PCR . Completa pdf sin

redactar:<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/07/Isle-of-Man-FOI-response.pdf>

Clarification received:

Has the SarsCov2 been isolated and purified. To be proven scientifically and proven the virus causes disease.

Question 1:

Has Covid 19/21 been isolated?

Regarding SARS-CoV-2 the virus is not isolated.

Question 2:

Has covid 19/21 been purified?

Regarding SARS-CoV-2 it is not purified.

Question 3:

Has there been a risk assessment on masks?

The Department has and does risk assessments on masks.

Question 4:

Have all places of business who have mandatory masks done a risk assessment or should they do a risk assessment, in regards to masks? For their employees and customers.

While our aim is to provide information whenever possible, in this instance the Department of Health and Social Care ("the Department") is unable to provide the information that you have requested. This is in line with Section 11(3)a of the Act, as a practical refusal reason applies; namely we do not hold or cannot, after taking reasonable steps to do so, find the information that you have requested.

Places of business are responsible for undertaking their own risk assessments and setting their own policies for wearing masks.

To provide further advice and assistance guidance on face coverings, including 'face coverings at work' is available within the public domain at:

<https://covid19.gov.im/general-information/guidance-on-face-coverings/>

Question 5:

Is the sequence in the PCR test SarsCov2?

Yes, the sequence in the PCR test is SARsCov2

Question 6:

What amplifications has the PCR test been run at?

The amplification is 45 cycles.

19 de agosto de 2022:

Claire O-Connell, actuando como Oficial de Cumplimiento de Información de **la Universidad de Canterbury, Nueva Zelanda**, confesó a Michael S. que no tienen pruebas científicas de la existencia de SARS-COV-2:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2022/09/2022-08-19-University-of-Canterbury-SARS-COV-2-Proof-of-Existance-Redacted-1.pdf>

19 August 2022

[REDACTED]
[REDACTED]
[REDACTED]

Official Information Act request 22.45 SARS-COV-2 Proof of Existence

I refer to the Official Information Act (the Act) request dated 3 August 2022 for information relating to the existence of SARS-COV-2. You have requested the following:

All records in the possession, custody or control of **The University of Canterbury** that scientifically proves the existence of SARS-COV-2 virus.

Scientific proof is NOT

- Opinions
- Speculation
- Review papers
- Descriptive papers

Scientific Proof is

- Experiments that follow the scientific method
- Repeatable experiments that produce identical results
- Experiments all have valid control groups

Scientific Method

The scientific method is a process used to prove or disprove hypotheses. My request requires the hypothesis to include the claim of existence of SARS-COV-2 particles. If the records do not have a hypothesis or do not have a hypothesis that claims the existence of SARS-COV-2, then these records are disqualified from my request.

Repeatability

I am requesting records that only use the scientific method and where the experiments have been repeated multiple times where the results were 100% the same. For any of the SARS-COV-2 Genome Sequences, multiple experiments must have been conducted and produced a 100% match for the SARS-COV-2 genome sequence the researchers found. Records that have not been repeated with 100% matches for the SARS-COV-2 genome are disqualified from my request.

Controls

A control experiment is an experiment that has exactly the same parameters of the experimental group sans the variable being tested. For cell culture experiments, the control group should have exactly the same composition sans the SARS-COV-2 viruses. Experiments that do not have a valid control as defined are disqualified from my request.

Summary

Please provide all records that scientifically prove the existence of SARS-COV-2 as defined in this request.

If any records match the above description of requested records and are currently available to the public elsewhere, please provide enough information about each record so that I may identify and access each one with certainty (i.e. title, author(s), date, journal, where the public may access it). Please provide URLs where possible.

Record Search

I do not expect the University to search students' computers, labs' computers, or even researchers' computers. I expect the University to direct this request to the appropriate department who have COVID experts such as Professor Michael Plank.

Format: Pdf documents sent to me via email; I do not wish for anything to be shipped to me.

Please note that the University of Canterbury (UC) does not have a Faculty of Medicine. No one at UC has undertaken any experiments in relation to SARS-COV-2. UC does not hold the requested information. Therefore, the request is refused under s 18(e), as the document alleged to contain the information does not exist.

You have the right to seek an investigation and review by the Ombudsman of this decision. Information about how to make a complaint is available at www.ombudsman.parliament.nz or freephone 0800 802 602.

Yours sincerely

Claire O'Connell
Information Compliance Officer

9 de agosto de 2022:

Jan Torres, en calidad de Gerente de Servicios de la OIA, **Ministerio de Salud de Nueva Zelanda**, ha confesado a mi colega Michael S. que nadie en el Ministerio tiene ningún registro que demuestre científicamente la existencia de **SARS-COV-2** o que causa "COVID-19".

Además, no ven ninguna razón en la Tierra para pensar que cualquier agencia del gobierno lo hace, y así naturalmente esto hace que Michaels sea un ejemplo de vez en cuando vuelva a saber de él.

[Redacted]

Response to your request for official information

Thank you for your requests under the Official Information Act 1982 (the Act) to Manatū Hauora (Ministry of Health) on 19 July 2022 and 4 August 2022 for information about the SARS-CoV-2 virus and COVID-19 disease. Rather than repeat your requests in full, they are attached as Appendix 1 to this response.

On 23 May 2022, in response to the latest in a series of requests about the existence of viruses and whether they caused disease, you were advised:

"As you have been advised previously, particularly in the context of the SARS- COV-2 virus, Poliovirus and Marburg viruses, the Ministry does not hold this information. There is no requirement under the Act for the agencies subject to it to create new information or compile information they do not hold. Your request is therefore refused under section 18(g)(i) as the information requested is not held by the Ministry and there are no grounds for believing it is held by another agency subject to the Act. Please note the Ministry does not conduct scientific research or studies. Please refer to online scientific studies for further information: <https://pubmed.ncbi.nlm.nih.gov>. You have been advised that should you make further requests for the same information the Ministry may refuse your requests under section 18(h) of the Act, as they may be considered frivolous or vexatious."

As you have continued to ask for information to which the Ministry has previously provided a response, these requests are refused under section 18(h) as vexatious.

Under section 28(3) of the Act, you have the right to ask the Ombudsman to review any decisions made under this request. The Ombudsman may be contacted by email at: info@ombudsman.parliament.nz or by calling 0800 802 602.

Nāku noa, nā

Jan Torres
Acting Manager OIA Services
Government and Executive Services

29 de julio de 2022:

En julio, algún hombre o mujer anónimo que trabajaba para Servicios Ministeriales, Trabajo, Ciencia y Empresa, **Ministerio de Negocios, Innovación y Empleo, Nueva Zelanda** confesó a mi colega Michael S. que, a pesar de su política de cuarentena, sería demasiado trabajo para cualquiera de los que en MBIE buscara sus registros por cualquiera que probara científicamente la existencia de SARS-COV-2. Rechazaban el FOI de Michael sobre esta base, y también afirmaban que los registros requeridos están disponibles públicamente, y que entienden que el virus existe basado en pruebas de rumores. Michael siguió con una queja, buscando reparación mediante la provisión de los supuestos registros o una retractación de la afirmación de MBIA-s de que existe.

<https://www.fluoridefreepeel.ca/wp-content/uploads/2022/08/NZ-Min-Business-Innovd-Employ-no-science-re-existence.pdf>

MBIE is not an institution that is used for scientific experiments or testing, and has not generated information along the lines of what you request. While MBIE will hold information that relates to scientific work that has been undertaken about COVID-19, identifying which of these records relate specifically to the existence of COVID-19 per the parameters you set out would require a considerable amount of work to collate. Your request is therefore subject to a technical refusal in reliance on section 18(f) of the OIA, as the information requested cannot be made available without substantial collation or research.

Information about the existence of COVID-19 is available through publicly available resources. Your request is therefore also subject to refusal in reliance on section 18(d) of the Act, as the information requested is publicly available. Please note that MBIE is not required to create information in order to respond to a request under the Act, per your request for MBIE to identify and list where to access specific publicly available records.

Agosto/septiembre actualización de 2022:

Una carta anónima de respuesta a las quejas indica que el **MBIE formó parte de toda la respuesta del gobierno al COVID-19** (sic) y la gente de MBIE se mantuvo firme en su confianza en las pruebas de rumores. Además, admitieron a Michael que, ***sin embargo, tienes razón de que no podemos identificar una información específica que entra dentro de los parámetros específicos de tu solicitud***, pero continuó rechazando su FOI en base a sus suposiciones de que ellos 1) tienen registros científicos y 2) se necesitaría demasiado trabajo para encontrarlos. Concluyeron sugiriendo que Michael se rielió y hable con el Ministerio de Salud en su lugar... como si ya hubiera hecho eso repetidamente **desde 2020**. Michael siguió esta loca con otra queja, buscando de nuevo remedio a través de la provisión de los supuestos registros científicos o una admisión de que no existen tales registros. La última carta de respuesta a la queja anónima de MBIE indica que están a un lado 1) su confianza en los rumores, 2) su suposición de que tienen registros científicos, y 3) su negativa a la FOI con el argumento de que intentar confirmar su asunción sería demasiado trabajo y afectaría injustificadamente a su ~~Raqueta criminal~~ operaciones. <https://www.fluoridefreepeel.ca/wp-content/uploads/2022/09/NZ-MBIE-complaint-responses-PACKAGE-redacted.pdf>

MBIE's response under the OIA

MBIE formed part of the all of government response to COVID-19 and therefore holds general information about scientific work that has been undertaken about COVID-19. However, if MBIE holds information that meets your criteria then it will not have been produced by MBIE (MBIE does not undertake this type of scientific research).

MBIE has not undertaken work to determine which of its records relating to the existence of COVID-19 meet the detailed parameters set out in your email. As noted, this would require a considerable amount of work to collate. Therefore, your request has been refused under section 18(f) of the OIA (the information requested cannot be made available without substantial collation or research). If such collation work was undertaken and it was found that MBIE did not hold such information then your request would be declined in reliance on section 18(e) of the OIA.

As noted above we did identify that much of the information falling within the broad topic of your request was already publicly available. This resulted in your request also being declined under section 18(d) of the Act. You are however correct that we cannot identify a specific piece of information which falls within the specific parameters of your request. To that end your request should not have been refused on this ground; the refusal grounds under 18(f) remain.

MBIE would again emphasise that other public agencies such as the Ministry of Health may be better placed to address your request and provide you with information meeting the specific criteria in your original request.

8 de abril de 2022:

La (que rechazó una queja de nuevo el fraude conviviso) admitió a Michael S. que no tienen registro de que el supuesto SARS-COV-2 sea encontrado y purificado de cualquier enfermedad humana en el planeta, por cualquier persona, en cualquier lugar, nunca:<https://www.fluoridfreepeel.ca/wp-content/uploads/2022/05/SFO-SARS-COV-2-v3-Redacted-2022-04-08-.pdf>

8 April 2022

Request for information about SARS-COV-2 Purification and Variants CON0010004

We refer to your email dated 31 March 2022 in which you requested the following information:

Note

Please do not transfer my request to any other organization. I have already received responses from MOH, ESR, NZ Defence Force, Universities and many more. Since the Serious Fraud Office has rejected my claim CON0008947 after almost 1 year of 'investigating', surely the SFO office has direct evidence for the existence of SARS-COV-2. SFO must have this evidence which MOH, ESR, USA CDC doesn't have in order to reject my claim. So I am asking for direct evidence of SARS-COV-2. Otherwise, SFO has to admit that SARS-COV-2 doesn't exist and actually do their job addressing the serious and complex fraud committed by ESR, University of Otago, MOH, and the Prime Minister.

Description of Requested Records:

All studies and/or reports in the possession, custody or control of Serious Fraud Office describing the purification of any "COVID-19 virus" (aka "SARS-COV-2", including any alleged "variants" i.e. "S.1.1.7", "S.1.351", "P.1") (for example, via filtration, ultracentrifugation and chromatography), directly from a sample taken from a diseased human where the patient sample was not first combined with any other source of genetic material (i.e. monkey kidney cells, Vero cells, fetal bovine serum).

Please note that I am not requesting studies/reports where researchers failed to purify the suspected "virus" and instead:

- cultured an unpurified sample or other unpurified substance, and/or
- performed an amplification test (i.e. a PCR test) on all the RNA from a patient sample or from a cell culture, or on genetic material from any unpurified substance, and/or
- fabricated a "genome" by editing/assembling/aligning sequences detected in the total RNA from a patient sample or from a cell culture or from any unpurified substance, and/or
- produced electron microscopy images of unpurified things.

For further clarity, please note I am already aware that according to virus theory a "virus" requires host cells in order to replicate, and I am not requesting records describing the replication of a "virus" without host cells.

Further, I am simply requesting records that describe its purification (separation from everything else in the patient sample, as per standard laboratory practices for the purification of other very small things).

Please also note that my request is not limited to records that were authored by Serious Fraud Office or that pertain to work done at/by Serious Fraud Office. Rather, my request

includes any record matching the above description, for example (but not limited to): any published peer-reviewed study authored by anyone, anywhere, ever that has been downloaded or printed by Serious Fraud Office and relied on as evidence of a disease-causing "virus".

Please note, I am requesting all records regardless if the records are publicly available or privately available.

If any records match the above description of requested records and are currently available to the public elsewhere, please provide enough information about each record so that I may identify and access each one with certainty (i.e. title, author(s), date, journal, where the public may access it). Please provide URLs where possible.

Format:

PDF documents sent to me via email; I do not wish for anything to be shipped to me.

Complexity

Please Note, this is not a complex request nor is it a request that will generate too many records to search through. I have already done a preliminary record search through Google Scholar and have read many scientific papers on this subject. I have not found any responsive publicly and privately available scientific records including records referenced and published by the USA CDC.

We have considered your request under the Official Information Act 1982 (OIA).

We do not hold any of the information you request. Accordingly, we refuse your request on the basis that the requested information does not exist pursuant to s 18(e) of the OIA.

You are entitled to make a complaint about our decision to the Office of the Ombudsman. They can be contacted at P O Box 10152, Wellington 6143 or at office@ombudsman.parliament.nz.

Yours sincerely

Kylie Cooper
Acting General Counsel

28 de enero de 2022:

El Servicio de Inteligencia de Seguridad de Nueva Zelanda confirmó que no tienen registro de nadie en el planeta habiendo encontrado el supuesto "SARS-COV-2" en los fluidos tomados de cualquier humano enfermo, de modo que podría secuenciarse, caracterizar y estudiar con experimentos controlados... para ver si realmente existe como se afirma:

28 January 2022

Dear [REDACTED]

Official information request

Thank you for your Official Information Act 1982 (OIA) request of 13 December 2021 seeking information describing the purification of the Covid-19 virus.

You have specifically asked for: "All studies and/or reports in the possession, custody or control of The New Zealand Security Intelligence Service (NZSIS) describing the purification of any "COVID-19 virus" (aka "SARS-COV-2", including any alleged "variants" i.e. "B.1.1.7", "B.1.351", "P.1") (for example: via filtration, ultracentrifugation and chromatography), directly from a sample taken from a diseased human where the patient sample was not first combined with any other source of genetic material (i.e. monkey kidney cells aka Vero cells; fetal bovine serum)."

In response, I can advise that we have searched our records and we do not hold the information you are seeking. Your request therefore falls under section 18(e) of the OIA – the information you have asked for does not exist.

Review

If you wish to discuss this decision with us, please feel free to contact oia.privacy@nzsis.govt.nz.

You have the right to seek an investigation and review by the Ombudsman of this decision. Information about how to make a complaint is available at www.ombudsman.parliament.nz or freephone 0800 802 602.

Yours sincerely

Our ref: OIA 92901

Dear [REDACTED]

Official Information Act request: Purification of COVID-19

Thank you for your email of 22 December 2021 requesting, under the Official Information Act 1982 (the Act), records describing the purification of the COVID-19 virus. Specifically, you have requested:

"...As the Ministry of Justice is making rulings on the COVID-19 Public Health Response Act, the Ministry of Justice MUST have records for the purification of SARS-COV-2 viruses directly from humans as these records would prove there is a weapon in every person said to cause murder in other people. Without this evidence, the Ministry of Justice would not be able to rule in favor of the COVID-19 Public Health Response act as the Ministry has been, so I am assuming the Ministry has the records that I am requesting (which no other organization that I have requested has such as MOH, ESR, NZ Defence Force, University of Otago, and many more).

All studies and/or reports in the possession, custody or control of Ministry of Justice describing the purification of any "COVID-19 virus" (aka "SARS-COV-2", including any alleged "variants" i.e. "B.1.1.7", "B.1.351", "P.1") (for example: via filtration, ultracentrifugation and chromatography), directly from a sample taken from a diseased human where the patient sample was not first combined with any other source of genetic material (i.e. monkey kidney cells aka Vero cells; fetal bovine serum)."

I am refusing your request under s18(g)(i) of the Act, as the Ministry of Justice does not hold the information requested. I have no grounds for believing the information is held by another department (beyond any responses you have received from other agencies you have specified).

The Ministry of Justice does not decide whether a new law comes into force nor does it interpret or make decisions on existing laws. The role of the Ministry, as a part of the Executive, is to provide advice on any new policy or bill to Ministers. On issues relating to

13 de diciembre de 2021:

Las Fuerzas de Defensa de Nueva Zelanda confirmaron para Michael S. en Nueva

Zelanda que no tienen registro describiendo la purificación de la muestra de pacientes en el planeta, por cualquiera, nunca:

New Zealand

OIA-2021-4275

13 December 2021

I refer to your request of 25 November 2021, under the Official Information Act 1982 (OIA), for the following:

All studies and/or reports in the possession, custody or control of The New Zealand Defence Force (NZDF) describing the purification of any "COVID-19 virus" (aka "SARS-COV-2", including any alleged "variants" i.e. "B.1.1.7", "B.1.351", "P.1") (for example: via filtration, ultracentrifugation and chromatography), directly from a sample taken from a diseased human where the patient sample was not first combined with any other source of genetic material (i.e. monkey kidney cells aka Vero cells; fetal bovine serum).

Noting you have asked that this request not be transferred, the response only addresses information held by the New Zealand Defence Force (NZDF). Your request is declined in accordance with section 18(e) of the OIA as no relevant studies or reports are held by the NZDF.

You have the right, under section 28(3) of the OIA, to ask an Ombudsman to review this response to your request.

Yours sincerely

AJ WOODS
Air Commodore
Chief of Staff HQNZDF

19 de noviembre de 2021:

El Ayuntamiento de Tauranga, Nueva Zelanda, aconsejó al solicitante que no tiene

registro describiendo la purificación de ninguna muestra de pacientes de cualquier muestra de pacientes, por cualquier persona, en cualquier lugar... ..sin embargo, toman muestras compuestas de aguas residuales de 24 horas, las envían a ESR para el análisis sin sentido y los tests sin sentido (que no tienen un estándar de oro y por lo tanto son imposibles de validar) que luego son reenviados al Ministerio de Salud. Porque la ciencia. Pdf:

INFORMATION REQUEST – SARS-COV-2 Purification

We write in response to your email dated 9 November 2021 in which you requested the following information:

- "All studies and/or reports in the possession, custody or control of The Tauranga City Council describing the purification of any "COVID-19 virus" (aka "SARS-COV-2" including any alleged "variants" i.e. "B.1.1.7", "B.1.351", "P.1") (for example: via filtration, ultracentrifugation and chromatography), directly from a sample taken from a diseased human where the patient sample was not first combined with any other source of genetic material (i.e. monkey kidney cells aka Vero cells; fetal bovine serum)."

We have considered your request in accordance with the Local Government Official Information and Meetings Act 1987 ("LGOIMA") and respond as follows:

Tauranga City Council (TCC) does not hold any reports describing the purification of the "SARS-COV-2" virus or its variants. TCC takes 24-hour composite samples of incoming wastewater and sends one litre samples from the efflow of our two wastewater treatment plants to the Institute of Environmental Science and Research (ESR) for analysis, who then test the sample and send their results to the Ministry of Health.

Therefore, your request is refused under section 17(e) of LGOIMA that the document alleged to contain the information requested does not exist or, despite reasonable efforts to locate it, cannot be found.

You have the right to seek an investigation and review by the Ombudsman of this decision. Information about how to make a complaint is available at www.ombudsmen.parliament.nz or freephone 0800 802 602.

We may publish this response on our website as your request may be of interest to others. All personal information will be removed and only the question and answers will be seen.

Tauranga City Council | Private Bag 10182, Tauranga 3140, New Zealand | +64 7 577 7000 | info@tauranga.govt.nz | www.tauranga.govt.nz

17 de agosto de 2022:

[Michael S.](https://www.fluoridefreepeel.ca/wp-content/uploads/2022/09/2022-08-29-ESR-SARS-COV-2-Proof-of-Causation-Redacted.pdf) ha estado ocupado de nuevo, esta vez obteniendo una admisión del **Instituto de Ciencias e Investigación Ambientales de Nueva Zelanda (ESR)** que **no tienen ningún registro que demuestre que el insólito de silico "virus" causa el supuesto "COVID-19"** .<https://www.fluoridefreepeel.ca/wp-content/uploads/2022/09/2022-08-29-ESR-SARS-COV-2-Proof-of-Causation-Redacted.pdf>

Our response to your request:

ESR has not performed any experiments to scientifically prove that SARS-COV-2 virus causes COVID-19 and can therefore not provide you with any records.

We are therefore not able to release any information relating to this request under Section 18(e) of the Official Information Act 1982 as the information requested does not exist.

19 de julio de 2022:

Jill Vintiner, en calidad de Directora General Conjunta, Grupo de Salud y Medio Ambiente del **Instituto de Ciencias e Investigación Ambiental (ESR, instituto de investigación de la corona)**, Nueva Zelanda ha emitido otra confesión en nombre de

todos en ESR, esta vez afirmando que... no tienen constancia de que demuestre científicamente la existencia de la supuesta "SARS-COV-2":

<https://www.fluoridefreepeel.ca/wp-content/uploads/2022/08/NZ-ESR-No-Proof-Of-Existence.pdf>

19 July 2022

Official Information Act Request: FOIA: SARS-COV-2 Proof of Existence

On 8 July 2022 you sent a request for information under the Official Information Act 1982 (Act) to ESR as follows:
This is a formal request for access to general records, made under the Official Information Act.

Description of Requested Records:

All records in the possession, custody or control of the ESR that scientifically proves the existence of SARS-COV-2 virus.

Scientific proof is NOT

- Opinions
- Speculation
- Review papers
- Descriptive papers

Scientific Proof is

- Experiments that follow the scientific method
- Repeatable experiments that produce identical results
- Experiments all have valid control groups

Scientific Method

The scientific method is a process used to prove or disprove hypotheses. My request requires the hypothesis to include the claim of existence of SARS-COV-2 particles. If the records do not have a hypothesis or do not have a hypothesis that claims the existence of SARS-COV-2, then these records are disqualified from my request.

Repeatability

I am requesting records that only use the scientific method and where the experiments have been repeated multiple times where the results were 100% the same. For any of the SARS-COV-2 Genome Sequences, multiple experiments must have been conducted and produced a 100% match for the SARS-COV-2 genome sequence the researchers found. Records that have not been repeated with 100% matches for the SARS-COV-2 genome are disqualified from my request.

Controls

A control experiment is an experiment that has exactly the same parameters of the experimental group sans the variable being tested. For cell culture experiments, the control group should have exactly the same composition sans the SARS-COV-2 viruses. Experiments that do not have a valid control as defined are disqualified from my request.

Summary

Please provide all records that scientifically prove the existence of SARS-COV-2 as defined in this request.

If any records match the above description of requested records and are currently available to the public elsewhere, please provide enough information about each record so that I may

INSTITUTE OF ENVIRONMENTAL SCIENCE AND RESEARCH LIMITED
Rendlesham Science Centre, 24 Kensington Drive, Havelock North 5202 | PO Box 30268, Porirua 5240, New Zealand
T: +64 4 914 0200 F: +64 4 914 0270 www.esr.govt.nz

identify and access each one with certainty (i.e. title, author(s), date, journal, where the public may access it). Please provide URIs where possible.

Format: Pdf documents sent to me via email, I do not wish for anything to be shipped to me.

Our response to your request:

ESR has not performed any experiments to scientifically prove the existence of SARS-COV-2 virus and can therefore not provide you with any records. We accordingly rely on section 18(e) of the Act – that the documents containing the information requested cannot be found at ESR.

Your right to seek a review

You have the right to seek an investigation and review by the Ombudsman of this decision. Information about how to make a complaint is available at www.ombudsman.parliament.nz or freephone 0800 802 602.

Thank you for your request.

Yours sincerely

Jill Vintiner
Joint General Manager Health and Environment Group – Health
ESR

12 de julio de 2022:

Jill Vintiner, directora general conjunta del Grupo de Salud y Medio Ambiente del **Instituto de Ciencias e Investigaciones Ambientales (ESR, instituto de investigación de la corona)**, Nueva Zelandia ha emitido otra confesión en nombre de todos en ESR en el sentido de que:

no tienen registro de que el fantasma SARS-COV-2 (incluyendo a los "variantes) sea encontrado y purificado de la fluidez corporal/tejido de cualquier persona en el planeta, por cualquiera, en cualquier lugar, nunca. Jill también proporcionó enlaces inútiles e irrelevantes a la documentación en kits de aislamiento de ácido nucleico, afirmando que han sido utilizados para purificar el ARN de dicho fantasma nunca se muestra a virus.

(Jill equivale irracionalmente a la purificación del ARN tomado de sopas heterogéneas, es decir, mono/cow/human/bacteria/fungi mezclas con purificación de ARN a partir de un virus puramente teórico.)

<https://www.fluoridefreepeel.ca/wp-content/uploads/2022/07/NZ-ESR-julio-2022-PACKAGE-redacted.pdf>

12 July 2022

By email: [REDACTED]

Dear [REDACTED]

Official Information Act Request: OIA: Isolation and Purification of the SARS-COV-2 virus

On 13 June 2022 you sent a request for information under the Official Information Act 1982 (Act) to ESR as follows:

This is a formal request for access to general records under the Freedom Of Information Act.

Description Of Requested Records

All studies and/or reports in the possession, custody or control describing the purification and isolation of the alleged SARS-COV-2 or COVID-19 virus including any alleged variants of relevance directly from a sample taken from a human specimen where the patient was not first combined with any other sources other genetic material (aka monkey kidney cells)

Clarification Of Request

*Please note I am not requesting studies/reports of failed purification of the alleged SARS-COV-2 virus. I simply request records that describe **purification** (separation of the alleged virus from everything else in the patient sample, as per standard laboratory practices for the purification of other very small things).*

If any records match the above description stated

please provide enough information about each record so that I may identify and access each one with certainty (i.e., title, author(s), date, journal, where the public can access it). Please provide URLs where possible.

Our response to your request:

ESR does not have any studies and/or reports in the possession, custody or control of ESR describing the purification and isolation of SARS-COV-2 or COVID-19 virus including any variants of relevance directly from a sample taken from a human specimen where the patient was not first combined with any other sources or other genetic material. Accordingly we rely on section 18(e) of the Act – the information requested does not exist in ESR's files.

At ESR, we use the Thermo Fisher MagMAX Viral and Pathogen Nucleic Acid Isolation Kits on the KingFisher sample purification system kits and reagents to purify SARS-CoV-2 RNA from swab samples collected from human patients and direct you to these links below:

[\(MagMAX Viral and Pathogen Nucleic Acid Isolation Kits \(RUO\) | Thermo Fisher Scientific - NZ \)](#)

[KingFisher Sample Purification System Kits & Reagents | Thermo Fisher Scientific - NZ](#)

23 de agosto de 2021:

Una vez más **el Ministerio de Salud de Nueva Zelanda** confirmó para mi colega en Nueva Zelanda que ni ellos ni el instituto de investigación de la corona de Nueva Zelanda, el **Instituto de Ciencias Ambientales e Investigación (ESR)**, tienen ningún

registro del fantasma "SARS-COV-2" (incluyendo cualquier "variantes") purificado de cualquier muestra de pacientes en el planeta, por cualquier persona, en cualquier lugar.

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/08/NZ-MOH-2021-08-23-SARS-COV-2-Variants-Purification-Request-Response-Redacted-1.pdf>

to work done at/by the NZ Ministry of Health. Rather, my request includes any record matching the above description, for example (but not limited to): any published peer-reviewed study authored by anyone, anywhere, ever that has been downloaded or printed by the NZ Ministry of Health and relied on as evidence of a disease-causing "virus."

The Ministry does not hold any information, authored by any party, in relation to your request. The Ministry has also confirmed that Institute of Environmental Science and Research (ESR) does not hold any information relating to your request.

Therefore, your request is refused under section 18(g)(i) as the information requested is not held by the Ministry and there are no grounds for believing it is held by another agency subject to the Act.

Please be aware that should you make further requests for the same information the Ministry may refuse your requests under section 18(h) of the Act, as they may be considered frivolous or vexatious.

Under section 28(3) of the Act you have the right to ask the Ombudsman to review any decisions made under this request. The Ombudsman may be contacted by email at: info@ombudsman.parliament.nz or by calling 0800 802 602.

Ngā mihi,

Nick Allan
Manager OIA Services

Statement of confidentiality: This e-mail message and any accompanying attachments may contain information that is IN-CONFIDENCE and subject to legal privilege.

If you are not the intended recipient, do not read, use, disseminate, distribute or copy this message or attachments.

If you have received this message in error, please notify the sender immediately and delete this message.

This e-mail message has been scanned for Viruses and Content and cleared by the Ministry of Health's Content and Virus Filtering Gateway

26 de agosto de 2021:

Una vez más **New Zealand's**, el **Instituto de Ciencias e Investigación Ambiental (ESR)**, confirma que no tienen constancia del fantasma **.SARS-COV-2** (incluyendo cualquier variedad) purificado de cualquier muestra de pacientes en el planeta, por cualquier persona, en cualquier lugar:

Please also note that my request is not limited to records that were authored by ESR or that pertain to work done at/by ESR. Rather, my request includes any record matching the above description, for example (but not limited to): any published peer-reviewed study authored by anyone, anywhere, ever that has been downloaded or printed by ESR and relied on as evidence of a disease-causing "virus".

If any records match the above description of requested records and are currently available to the public elsewhere, please provide enough information about each record so that I may identify and access each one with certainty (i.e. title, author(s), date, journal, where the public may access it). Please provide URLs where possible."

Our response to your request:

Using the definition of 'purification' that you refer to in your request, ESR does not hold any records describing 'purification' of SARS-CoV-2.

We cannot provide papers that staff in ESR have downloaded or printed which may apply to your request using your definition of 'purification' as the information cannot be made available without substantial collation or research pursuant to section 18(f) of the Act. We have considered section 18A of the Act and consider that even if we were to charge you for the time to check and collate any relevant materials and extend the timeframe of the request, this would still unduly affect our team who are supporting New Zealand's COVID-19 response work.

Your right to seek a review

You have the right to seek an investigation and review by the Ombudsman of this decision. Information about how to make a complaint is available at www.ombudsman.parliament.nz or freephone 0800 802 602.

Thank you for your request.

Yours sincerely

Jill Vintiner
Joint General Manager health and Environment Group – Health
ESR

El the Instituto de Ciencias Ambientales e Investigación del Instituto de Ciencias Ambientales e Investigación del Ministerio de admitió que no tienen registros de aislamiento de .SARS-COV-2:

Aquí hay 5 páginas de oro puro, evidenciando evasión magistral más incompetencia impresionante y / o fraude del **Ministerio de Salud de Nueva Zelanda**. En lugar de proporcionar los registros de solicitudes de aislamiento/purificación de SARS-COV-2 y

prueba de pruebas diagnósticas precisas, hablaron sobre genomas y cultivos del virus imaginario nunca aislado; declararon que las pruebas de PCR han sido validadas en todo el mundo y son el estándar de oro; y citaron un informe preliminar de febrero de 2020 (La patogenicidad del SARS-CoV-2 en hACE2 Transgenic Mice) que usó la cepa llamada "SARS-COV-2" que había sido concotada por Zhu et al. y afirmó que se habían cumplido los Postulados de Kos.

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/01/NZ-Min-Health-2nd-FOI-no-records.pdf>

In relation to COVID-19, the RT-qPCR test for viral RNA is considered as 'gold standard'. This test has been validated by several means including as a purified virus. However, the most definitive comparison is when PCR's are sequenced as they are mapped to the SARS-CoV-2 viral genome. This mapping is definitive proof that the test is picking up the target SARS-CoV-2 and no other samples.

No hay registros que describan el aislamiento de SARS-COV-2 de una muestra no ya adulterada con otro material genético, admite el **Departamento de Nueva Zelanda del Primer Ministro y Gabinete:**

22 de marzo de 2021, el Ministerio de Heath de Nueva Zelanda confirma que todavía no tienen registro describiendo la purificación del virus y por lo tanto cero pruebas de su existencia, y eligen citar estudios fraudulentos en su lugar (el infame estudio Harcourt et al. mencionado anteriormente y el documento australiano citado en la parte superior de esta página). Respuesta completa pdf: <https://www.fluoridefreepeel.ca/wp-content/uploads/2021/04/2021-22-NZ-MOH-Purification-SARS-COV-2-redacted.pdf>

Ref: H202102878

Response to your request for official information

Thank you for your request under the Official Information Act 1982 (the Act) transferred to the Ministry of Health (the Ministry) on 12 March 2021 for:

"All studies and/or reports in the possession, custody or control of The Department of the Prime Minister and Cabinet describing the purification of "SARS-COV-2" said to have caused disease in humans (via maceration, filtration and use of an ultracentrifuge; also referred to at times by some people as "isolation"), directly from a sample taken from a diseased human, where the patient sample was not first combined with any other source of genetic material (i.e. monkey kidney cells aka Vero cells; fetal bovine serum)."

The Ministry does not hold any information relating to your request. Therefore, your request is refused under section 18(g) of the Act, as the information requested is not held by the Ministry, and I have no reason to believe that this information is held by another agency subject to the Act. However, further information that may be of use has been previously provided to you below (refers H202100057 & H202100059):

19 de abril de 2021, respondiendo a una solicitud que les había sido enviada por **la Oficina del Primer Ministro Jacinda Ardern, el Ministerio de Heath de Nueva Zelanda** confirma que ningún registro que describa la depuración de la depuración de la SARS-COV-2 está en manos del Ministerio o de cualquier agencia sujeta a la Ley. Respuesta completa en pdf:

23 de abril de 2021 **La Primera ministra Jacinda Ardern, Nueva Zelanda**, confirma de nuevo que no tienen antecedentes que describan la purificación de la SARS-COV-2 por parte de cualquier persona, en cualquier lugar, nunca. Respuesta completa pdf: <https://www.fluoridefreepeel.ca/wp-content/uploads/2021/05/NZ-PMO-23.04.2021-2021-068-Redacted.pdf>

22 de junio de 2022:

Kelsey Kennard, en la Oficina del Registrador de **la Universidad de Otago de Nueva Zelanda**, confesó a Michael S. que el trabajo titulado "Caracterización del Primer SARS-CoV-2 Aislable de Aotearoa Nueva Zelanda como parte de una respuesta rápida a la pandémica COVID-19 por elvirólogo [Miguel Quiñones-Mateu](#) es simplemente un papel descriptivo sin hipótesis y nada que probar o refutar... en otras palabras Miguel no empleó ningún método científico y su trabajo no puede llamarse con precisión "ciencia".- Sí.

3 de agosto de 2022:

Kelsey Kennard, en la Oficina del Registrador de **la Universidad de Otago de Nueva**

Zelanda, insistió a Michael S. en que el documento titulado "Caracterización del Primer SARS-CoV-2 Aislable de Aotearoa Nueva Zelanda como parte de una respuesta rápida al pandémica COVID-19 por el virólogo [Miguel Quiñones-Mateu](#) (que Kelsey [ya confesó](#) es simplemente un documento descriptivo sin hipótesis y nada que demostrar o refutar, como se ha indicado anteriormente) prueba la existencia de la RAE.S-COV-2 en Nueva Zelanda:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2022/08/NZ-U-of-Otago-no-scientific-proof-existence-PACKAGE-redacted.pdf>

3 August 2022

OFFICIAL INFORMATION REQUEST FOR ALL RECORDS IN THE POSSESSION, CUSTODY OR CONTROL OF THE UNIVERSITY OF OTAGO THAT SCIENTIFICALLY PROVES THE EXISTENCE OF SARS-COV-2 VIRUS

I refer to your official information request dated 10 July 2022 for "all records in the possession, custody or control of the University of Otago that scientifically proves the existence of SARS-COV-2 virus."

We have liaised with the Department of Microbiology and Immunology in respect of your request. Research by the University of Otago proving the existence of the SARS-COV-2 virus in New Zealand has been completed and is currently in the public domain. This includes Professor Quiñones-Mateu's paper "Characterization of the First SARS-CoV-2 Isolates from Aotearoa New Zealand as Part of a Rapid Response to the COVID-19 Pandemic." This study was published using validated and internationally accepted processes. The Department does not agree that this paper is "not scientific" simply because it does not have a hypothesis.

19 de julio de 2022:

Landon Watt, actuando como Asesor Jurídico de la **Universidad de Auckland, Nueva Zelanda** proporcionó a mi colega [Michael S.](#) una nueva excusa sin sentido para proporcionar/citar cero registros que demuestran científicamente la existencia del **teórico SARS-COV-2** :

<https://www.fluoridefreepeel.ca/wp-content/uploads/2022/08/University-of-Auckland-SARS-COV-2-No-science-re-existence.pdf>

OIA: SARS-COV-2 Proof of Existence

To: Landon Watt <landon.watt@auckland.ac.nz>

Tue, Jul 19, 2022 at 2:56 PM

This is a formal request for access to general records, made under the Official Information Act.

Description of Requested Records:

All records in the possession, custody or control of The University of Auckland that scientifically proves the existence of SARS-COV-2 virus.

Scientific proof is NOT

- Opinions
- Speculation
- Review papers
- Descriptive papers

Scientific Proof is

- Experiments that follow the scientific method
- Repeatable experiments that produce identical results
- Experiments all have valid control groups

Scientific Method

The scientific method is a process used to prove or disprove hypotheses. My request requires the hypothesis to include the claim of existence of SARS-COV-2 particles. If the records do not have a hypothesis or do not have a hypothesis that claims the existence of SARS-COV-2, then these records are disqualified from my request.

Repeatability

I am requesting records that only use the scientific method and where the experiments have been repeated multiple times where the results were 100% the same. For any of the SARS-COV-2 Genome Sequences, multiple experiments must have been conducted and produced a 100% match for the SARS-COV-2 genome sequence the researchers found. Records that have not been repeated with 100% matches for the SARS-COV-2 genome are disqualified from my request.

Controls

A control experiment is an experiment that has exactly the same parameters of the experimental group sans the variable being tested. For cell culture experiments, the control group should have exactly the same composition sans the SARS-COV-2 viruses. Experiments that do not have a valid control as defined are disqualified from my request.

Summary

Please provide all records that scientifically prove the existence of SARS-COV-2 as defined in this request.

If any records match the above description of requested records and are currently available to the public elsewhere, please provide enough information about each record so that I may identify and access each one with certainty (i.e. title, author(s), date, journal, where the public may access it). Please provide URLs where possible.

Record Search

I do not expect the University to search students' computers, labs' computers, or even researchers' computers. I expect the University to direct this request to the appropriate department who have experts in the field of virology & microbiology such as Michael Baker & Siouxsie Wiles.

Format: Pdf documents sent to me via email. I do not wish for anything to be shipped to me.

Please also provide your official response in PDF format.

Kind Regards

OIA: SARS-COV-2 Proof of Existence

Landon Watt <landon.watt@auckland.ac.nz>

Tue, Aug 9, 2022 at 3:21 PM

I refer to your email of 19 July below, and our previous correspondence.

As you know from the University's response to your previous requests, the documents held by the University concerning this type of research on the Covid-19 virus are publicly available library material, not "official information" under the Official Information Act 1982 (OIA). As the documents requested are not "official information", the "official information" requested does not exist in documents held by the University and your request is accordingly refused under section 18(e) of the OIA. You have the right to make a complaint to an Ombudsman if you are dissatisfied with this response.

To avoid doubt, this is the University's official response to your OIA request. The OIA does not require decisions to be provided in any particular format. You are free to convert it to a pdf file if you wish.

Yours sincerely,

Landon Watt

Legal Advisor

Office of the Vice-Chancellor

University of Auckland

Octubre 2020 / actualizado marzo de 2022:

La Universidad de Auckland de Nueva Zelanda fue decepcionantemente no cooperativa, optando por una escueta "refusal" de mi colega. Si la Universidad realmente tuviera algún registro de este tipo (que nadie más en el planeta parece) y están a disposición del público, la Universidad de Auckland habría proporcionado con orgullo enlaces/citas. Pero no lo hicieron. <https://www.fluoridefreepeel.ca/wp-content/uploads/2022/03/Auckland-redacted-FOI-emails-updated-2022.pdf>

La Universidad de Otago, donde el profesor Miguel Quiñones-Mateu, Ph.D. [afirmó hace meses](https://www.fluoridefreepeel.ca/new-zealands-university-of-otago-claimed-to-have-isolated-covid-19-virus-but-has-no-record-of-it-aislado-de-undultered-sample-a-cualquier-lugar-en-tierra-por-cualquiera-toda-nadie/) que había "aislado el virus", respondió que ellos también tienen registros de "no", describiendo el aislamiento de SARS-COV-2 de una muestra no ya adulterada con otro material genético: <https://www.fluoridefreepeel.ca/new-zealands-university-of-otago-claimed-to-have-isolated-covid-19-virus-but-has-no-record-of-it-aislado-de-undultered-sample-a-cualquier-lugar-en-tierra-por-cualquiera-toda-nadie/>

30 de marzo de 2021 Universidad de Otago de Nueva Zelanda confirma que todavía no tienen registro de aislamiento/purificación de la SARS-COV-2, por cualquier persona en ninguna parte. Respuesta completa pdf aquí:

I write in response to your Official Information Act request of 2 March 2021, which sought: "All studies and/or reports in the possession, custody or control of the University of Otago describing the purification of "SARS-COV-2" said to have caused disease in humans (via maceration, filtration and use of ultracentrifuge; also referred to at times by some people as "isolation"), directly from a sample taken from a diseased human, where the patient sample was not first combined with any other source of genetic material (i.e. monkey kidney cells aka Vero cells; fetal bovine serum)".

Thank you for clarifying in your email precisely what is out of scope for this request.

I can confirm that the University holds no records which fall within the scope of your request. Accordingly, we decline your request pursuant to section 18(g) of the Act on the basis that the information requested is not held by the University.

22 de septiembre de 2021:

La Universidad de Otago, donde los investigadores afirmaron el año pasado que el año pasado se había aislado el virus, confirmó una vez más que no tienen registro de aislamiento/purificación de la SARS-COV-2, por cualquier persona, en cualquier lugar:
<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/09/Otago-Sept-22-2021-03-30-University-of-Otago-SARS-COV-2-v3-Redacted.pdf>

13 de octubre de 2021:

La Universidad neozelandesa de Waikato confirmó al solicitante que no tienen antecedentes describiendo la depuración del presunto virus COVID-19 de cualquier muestra de pacientes en el planeta:

13 October 2021

Official Information request – SARS-COV-2 and Variants purification by any method

I refer to your information request of 22 September 2021. The University of Waikato (University) has given due consideration to your request as follows:

"All studies and/or reports in the possession, custody or control of The University of Waikato describing the purification of any "COVID-19 virus" (aka "SARS-COV-2", including any alleged "variants" i.e. "B.1.1.7", "B.1.351", "P.1") (for example: via filtration, ultracentrifugation and chromatography), directly from a sample taken from a diseased human where the patient sample was not first combined with any other source of genetic material (i.e. monkey kidney cells aka Vero cells; foetal bovine serum)".

The University advises that there is no research being conducted on the COVID-19 virus by any staff member or student of the University, therefore under section 18 (e) of the Official Information Act 1982 the University refuses the request on the basis that the information requested is not held.

You have the right to seek an investigation and review by the Ombudsman of this decision. Information about how to make a complaint is available at www.ombudsman.parliament.nz or freephone 0800 802 602.

Yours sincerely

Jim Mercer
Chief Operating Officer

1 de agosto de 2022:

Jim Mercer actúa como director de operaciones de la Universidad de Waikato en Nueva Zelanda. La universidad publicó un blog en abril de 2021 titulado "Sam Bailey" sobre el aislante de virus, y por qué se equivoca. El blog todavía se publica en el sitio web de la universidad.

Jim confesó a Michael S. que no hay registros que contengan pruebas científicas de la existencia del supuesto SARS-COV-2 en U de Waikato.

1 August 2022

Official Information request – SARS-COV-2 Proof of Existence

I refer to your request for official information of 19 July 2022 requesting all records in the possession, custody or control of the University that scientifically proves the existence of SARS-COV-2 virus.

The University of Waikato (**University**) has given due consideration to your request and advises that there is no research being conducted on the COVID-19 virus by any staff member of the University.

On that basis, the University refuses your request under section 18(e) of the Official Information Act 1982 as the information requested does not exist or, despite reasonable efforts to locate it, cannot be found.

You have the right to seek an investigation and review by the Ombudsman of this decision. Information about how to make a complaint is available at www.ombudsman.parliament.nz or freephone 0800 802 602.

Yours sincerely

Jim Mercer
Chief Operating Officer

9 de noviembre 2021

La Policía de Nueva Zelanda confirmó al solicitante que no tenía antecedentes (pruebas) describiendo el aislamiento/purificación del presunto virus Sars-Cov-2 o de cualquier variante alegada:

[REDACTED]

[REDACTED]

I am writing in response to your request dated 9 October 2021. Your request has been considered pursuant to the Official Information Act 1982 (OIA). Specifically, you requested:

All studies and/or reports in the possession, custody or control of The New Zealand Police describing the purification of any "COVID-19 virus" (aka "SARS-COV-2", including any alleged "variants" i.e. "B.1.1.7", "B.1.351", "P.1") (for example: via filtration, ultracentrifugation and chromatography), directly from a sample taken from a diseased human where the patient sample was not first combined with any other source of genetic material (i.e. monkey kidney cells aka Vero cells; fetal bovine serum).

Police do not hold any information in relation to your request. Therefore, your request is refused pursuant to section 18(g) of the OIA as the information requested is not held.

You have a right under section 28(3) of the OIA to ask the Ombudsman to seek an investigation and review of my decision.

Yours sincerely

Superintendent Barry Taylor
Director: Major Events

Police National Headquarters

180 Molesworth Street, PO Box 3017, Wellington 6140, New Zealand.
Telephone: 04 474 9499. Fax: 04 498 7400. www.police.govt.nz

9 de marzo de 2021: **El Instituto de Ciencias e Investigación Ambiental de Nueva Zelanda** admite que todavía no tienen registro de aislamiento/purificación **de la SARS-COV-2** (realizado por cualquier persona en el planeta, en cualquier lugar, nunca):<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/03/ESR-SARS-COV-2-Purification-Redacted.pdf>

Una de las **ministras de Salud Asociadas de Nueva Zelanda, Jenny Salesa**, tiene registros del No:
<https://www.fluoridefreepeel.ca/wp-content/uploads/2020/10/NZ-Ass-Min-Health-Hon-Jenny-Salesa-Response-scrubbeded.pdf>

Hon Jenny Salesa

MP for Manukau East

Minister for Building and Construction
Minister of Customs
Minister for Ethnic Communities

Associate Minister of Education
Associate Minister of Health

20 October 2020

Ref: 20-317

Response to your request for official information

Thank you for your request under the Official Information Act 1982 (the Act) to the office of the Associate Minister of Health on 15 October 2020 for:

"All records in the possession, custody or control of the Associate Minister of Health Hon Jenny Salesa describing the isolation of a SARS-COV-2 virus, directly from a sample taken from a diseased patient, where the patient sample was not first combined with any other source of genetic material (i.e. monkey kidney cells aka vero cells; lung cells from a lung cancer patient).

Please note that I am using "isolation" in the every-day sense of the word: the act of separating a thing(s) from everything else. I am not requesting records where "isolation of SARS-COV-2" refers instead to:

- the culturing of something, or*
- the performance of an amplification test (i.e. a PCR test), or*
- the sequencing of something.*

Please also note that my request is not limited to records that were authored by the Associate Minister of Health Hon Jenny Salesa or that pertain to work done by the Associate Minister of Health Hon Jenny Salesa. My request includes any sort of record, for example (but not limited to) any published peer-reviewed study that the Associate Minister of Health Hon Jenny Salesa has downloaded or printed.

If any records match the above description of requested records and are currently available to the public elsewhere, please provide enough information about each record so that I may identify and access each record with certainty (i.e. title, author(s), date, journal, where the public may access it)."

This office does not hold any information pertaining to your request. For this reason, I am refusing your request under section 18(e) of the Act, as the information requested does not exist.

Under section 28(3) of the Act you have the right to ask the Ombudsman to review my decision to refuse your request.

Yours sincerely

Hon Jenny Salesa
Associate Minister of Health

18 de octubre de 2022:

Mi colega [Michael S.](#) exigió a **Ayesha Verrall, que juega como "Miestro de Salud" de Nueva Zelanda**, que le proporcionara pruebas científicas de la existencia de **SARS-COV-2**. En cambio, Ayesha le envió enlaces a la transcripción estrictamente en silico llamada MN908947 que no corresponde a nada en el reino físico (discutido [aquí](#)), y varias otras páginas web inútiles. Michael respondió señalando la inutilidad de la respuesta de Ayeshas y expuso el remedio que él requiere de ella:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2023/02/NZ-Health-Min-Ayehsa-Verrall-PACKAGE-redacted-Oct-2022.pdf>

Igual, no records dice **Bay of Plenty District Health Board, Tauranga Hospital, Nueva Zelanda**:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2020/11/Bay-Of-Plenty-District-Health-Board-response-scrubbed.pdf>

29 de abril de 2022:

El Departamento de Asuntos Internos de Nueva Zelanda requiere una vacunación falsa de sus visitantes, pero confirmó para [Michael S.](#) que no tienen registro de que el supuesto **SARS-COV-2 sea** encontrado y purificado de cualquier humano enfermo en el planeta por alguien, nunca, y por lo tanto no tienen idea de si el supuesto virus realmente existe:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2022/05/NZ-Dept-Internal-Affairs-PACKAGE-redacted.pdf>

3 de mayo de 2022:

Ministra del Interior de Nueva Zelandia, Ministra de la Mujer y Ass. La ministra de Educación, Jan Tinetti, confirmó para Michael S. que no tiene constancia de que el supuesto SARS-COV-2 sea encontrado y purificado de cualquier humano enfermo en el planeta, por cualquiera, en cualquier lugar, jamás:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2022/05/2022-05-03-Tinetti-SARS-COV-2-v3-Redacted.pdf>

Hon Jan Tinetti

Minister of Internal Affairs
Minister for Women
Associate Minister of Education

Michael Speth
conzar@gmail.com

Dear Michael Speth

Official information request for records on SARS-COV-2 Purification and Variants

I refer to your official information request dated 26 April for:

*"All studies and/or reports in the possession, custody or control of Jan Tinetti describing the **purification** of any **"COVID-19 virus"** (aka **"SARS-COV-2"**, **including any alleged "variants"** i.e. **"B.1.1.7"**, **"B.1.351"**, **"P.1"**) (for example: via filtration, ultracentrifugation and chromatography), directly from a sample taken from a diseased human where the patient sample was not first combined with any other source of **genetic** material (i.e. monkey kidney cells aka Vero cells; fetal bovine serum)."*

The document you requested does not exist.

I am therefore refusing your request under section 18(e) of the OIA because the requested document does not exist.

You have the right to seek an investigation and review by the Ombudsman of this decision. Information about how to make a complaint is available at www.ombudsman.parliament.nz or freephone 0800 802 602.

Yours sincerely

Hon Jan Tinetti
Minister of Internal Affairs
Minister for Women
Associate Minister of Education

18 de agosto de 2022:

Annabel Kent, en su calidad de Asesoría Jurídica de **la Agencia Nacional de Investigación Científica de Australia, Commonwealth Scientific and Industrial Research Organisation** aka CSIRO ha confesado a mi colega Michael S. que nadie en CSIRO tiene ningún registro que demuestre científicamente la existencia de **SARS-COV-2**. Nos parece especialmente interesante dado que CSIRO cuenta con un equipo de investigación de patógenos peligrosos (<https://sciencejobs.org/posting/7089260>) y

que las personas de CSIRO son cómplices de los llamados ensayos de la llamada vacuna COVID-19. utilizando el falso aislado de Doherty Institute.

Pdf:<https://www.fluoridefreepeel.ca/wp-content/uploads/2022/08/Ago-18-CSIRO-SARS-COV-2-Proof-of-Existance-Redacted.pdf>

Decision

I am an authorised decision maker under section 23 of the FOI Act. This letter sets out my decision and reasons for the decision in response to your request.

CSIRO does not hold any documents that fall within the scope of your specific request. I am therefore required to refuse access, pursuant to section 24A of the FOI Act, on the basis that the document[s] sought do not exist or cannot be found.

I have come to this conclusion following consultation with relevant CSIRO officers. These officers have advised me that CSIRO has not been involved in any research aimed at proving the existence of SARS COV-2 or any research that conforms with the scope of your request.

Rights of Review

In accordance with section 26(1)(c) of the FOI Act, a statement setting out your rights of review under the Act is at **Attachment A**. Since my decision is that no documents exist, an application for review would be limited to a situation where you consider that I have not identified all the documents in the CSIRO's possession that are relevant to your request.

Yours sincerely,

Annabel Kent
Legal Counsel
CSIRO

17 de noviembre de 2023:

El hombre Greg Hunt en Australia, que se hace llamar "**El Honorable Greg Hunt Ministro de Salud y Cuidado de Aged**" - confesó que no tiene registro de nadie en la Tierra "aislarando COVID-19" (sic). Y se refirió al ridículo estudio de aislamiento falso del Instituto Doherty.

Ref No: MC21-035712

Mr Ken O'Dowd MP
Chair
Standing Committee on Petitions
Parliament House
CANBERRA ACT 2600
petitions.committee.reps@aph.gov.au

17 NOV 2021

Dear Chair 

I refer to your correspondence of 18 October 2021 concerning petition number EN3213 requesting papers describing the isolation of COVID-19.

The Australian Government is coordinating an evidence-based response to the COVID-19 pandemic, informed by the latest medical advice from the Australian Health Protection Principal Committee and its expert standing committees, including the Public Health Laboratory Network and the Communicable Diseases Network Australia.

Multiple scientific studies across the world demonstrate that highly reputable laboratory medicine experts have isolated and sequenced the SARS-CoV-2, the virus which causes COVID-19, demonstrating that the virus exists, that it exists in variant forms, that it is different from other respiratory viruses, and that it causes a disease that has resulted in almost 5 million deaths worldwide.

Enclosed to this letter is an article by Australia's Chief Medical Officer Professor Paul Kelly, published in the Daily Telegraph on 13 August 2021 to address queries of this nature, titled: *The proof is in the facts.*

My Department is a government agency and does not conduct scientific studies in a laboratory. While my Department is not the custodian of the scientific studies concerning the isolation and establishing the existence of SARS-CoV-2, this research has informed the Government's response to the pandemic. These scientific studies can be sourced in the public domain.

In Australia, scientists at the Victorian Infectious Diseases Reference Laboratory at The Peter Doherty Institute for Infection and Immunity were the first to isolate SARS-CoV-2 outside of China, winning the 2020 MJA/MDA National Prize for Excellence in Medical Research.

This critical information was immediately shared with local and overseas reference laboratories and major North American and European virus culture collections. These peer-reviewed, evidence-based publications provide scientific evidence for the existence of this deadly virus.

Parliament House Canberra ACT 2600 Telephone: (02) 6277 7220

For more information, you may wish to refer to the article published in The Medical Journal of Australia, which describes the first isolation of SARS-CoV-2 from a person, the sequencing of the virus and rapid sharing of the isolate:

The article, Isolation and rapid sharing of the 2019 novel coronavirus (SARS-CoV-2) from the first patient diagnosed with COVID-19 in Australia, is available at: <https://onlinelibrary.wiley.com/doi/full/10.5694/mja2.50569>.

More evidence for the isolation and existence of SARS-CoV-2, and the devastating impacts of the global COVID-19 pandemic it has caused, is widely available in the public domain.

The Petitions Committee can be assured that the Government, along with the states and territories, is taking an evidence-based approach to COVID-19 and is committed to keep Australians safe.

Thank you for writing on this matter.

Yours sincerely

 Greg Hunt

Encl (1)

1 de agosto de 2022:

Darius Everett, actuando como A/g Subsecretario, Subdivisión de Enfermedades Transmisibles, **Departamento de Salud y Atención a Aged, el Gobierno australiano** insistió a Michael S. en que el supuesto **SARS-COV-2** es real, pero confesó que no hay registros que contengan pruebas científicas de su existencia en el departamento.

<https://www.fluoridfreepeel.ca/wp-content/uploads/2022/08/Australian-govt-DOHAC-no-scientific-proof-existence-PACKAGE-redacted.pdf>

SARS-CoV-2, the virus which causes COVID-19, is real. Multiple scientific studies across the world demonstrate that highly reputable laboratory medicine experts have isolated and sequenced the virus that causes COVID-19, demonstrating that the virus exists, that it exists in variant forms, that it is different from the influenza virus, and that it causes a disease that has resulted in over 6.3 million deaths worldwide.

While the department is not the custodian of the scientific studies establishing the existence of SARS-CoV-2 and the effectiveness of vaccines, this research has informed the Australian Government's response to the pandemic. You can find those scientific studies in the public domain.

The department is a government agency and does not conduct scientific studies or laboratory testing for the SARS-CoV-2 in a laboratory. Diagnostic assays using reverse transcriptase polymerase chain reaction (RT-PCR) are conducted by testing laboratories throughout Australia. For more information, please see the Public

5 de octubre de 2021: **Universidad de Nueva Gales del Sur, Australia**, aconseje que todavía no tienen registro de ningún virus/variante de COVID-19 que haya sido purificado de cualquier muestra de pacientes en el planeta, por cualquier persona, en cualquier lugar:

UNSW Ref: ND7149

5 October 2021

Ms Christine Massey

By email: cmssyc@gmail.com

Dear Ms Massey

Notice of decision in relation to access applications under the **Government Information (Public Access) Act 2009 (NSW)** (GIPA Act)

I refer to your information access application under the GIPA Act dated 1 August 2021 and received as a valid application by the University on 12 August 2021. The scope of your applications was as follows:

All studies and/or reports ... describing the purification (i.e. via filtration and use of an ultracentrifuge) of any 'SARS-COV-2' aka 'COVID-19 virus' (including any 'variants'), directly from a sample taken from a diseased human, where the patient sample was not first combined with any other source of genetic material (i.e. monkey kidney cells aka Vero cells; fetal bovine serum).

Please note that I am not requesting any private health information, or studies/reports where researchers failed to purify the suspected 'virus' and instead:

- *cultured an patient sample or other 'unpurified' substance, and/or*
- *performed an amplification test (i.e. a PCR test) on all the RNA from*
- *a patient sample or from a cell culture, or on genetic material from*
- *any unpurified substance, and/or sequenced the total RNA from a patient sample or from a cell culture or from any unpurified substance, and/or produced electron microscopy images of unpurified things.*

For further clarity, please note I am already aware that according to virus theory a 'virus' requires host cells in order to replicate, and I am not requesting records describing the replication of a 'virus' without host cells. Further, I am not requesting records that describe a suspected 'virus' floating in a vacuum; I am simply requesting records that describe purification of 'the virus' (separation from everything else in the patient sample, as per standard laboratory practices for the purification of other very small things).

Please also note that my request is not limited to records that were authored by someone at University of New South Wales or that pertain to work done at/by University of New South Wales. Rather, my request includes any record matching the above description, for example (but not limited to): any published peer-reviewed study authored by anyone, anywhere that has been downloaded or printed ... and relied on as evidence of a disease-causing 'virus'. If any records match the above description of requested records and are currently available to the public elsewhere, please provide enough information about each record so that I may identify and access each one with certainty (i.e. title, author(s), date, journal, where the public may access it). Please provide URLs where possible.

Identification of information requested

I have liaised with the University's Faculty of Medicine and Research Office to attempt to identify information that is held by the University and within the scope of

your request. Based on the specific requirements of your request I have not been able to identify any information that is within the scope of your request.

Authorisation

I am authorised by the Vice-Chancellor (acting as principal officer for the purposes of s 9(3) of the GIPA Act) to make the decision of your access application.

Decision

I have decided, in accordance with s 58(1)(b) of the GIPA Act, that the information requested is not held by the University.

Your rights of review

If you are aggrieved by my decision, you may seek review under Part 5 of the GIPA Act. Your rights for review are outlined in the attached fact sheet from the Information Commissioner – *Your review rights under the GIPA Act*.

If you have any queries about this notice or require further information on your rights of review, please contact me.

Yours sincerely

Paul Serov
Right to Information Officer, UNSW
Encl.

16 de junio de 2021: **La Universidad de Australia Occidental**, hogar de la investigadora Christine **Carson**, financiada por Gates, que ha pasado innumerables horas en las redes sociales el año pasado insistiendo en que *sí, el virus COVID-19 ha sido aislado*. Provenio/citado cero registros de aislamiento/purificación de una muestra de pacientes, por cualquier persona en cualquier lugar:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/06/UWA-Carson-no-records-redacted.pdf>

DECISION

In consideration of the above, I, Jay Guyver, Manager - Information Governance, Governance Directorate have today made the decision that:

In relation to part (A) of your application,

- despite reasonable steps, such as searches and enquiries being made, no documents have been found or surrendered which meet the specific and precise requirements of your scope.
- Enquiries of Dr Carson have yielded no such documents relating to the precise and exact isolation or purification of the virus you talk about, and research she has and is engaged in does not meet the criteria, indeed is specifically excluded by your criteria.

Betreff: RE: [EXT] Request under FOI Act

Dear [REDACTED],

I have followed up with the Doherty Institute in response to your final question. The answer below was provided:

At the time there was no established method for sequencing SARS-CoV-2. In order to maximise the number of sequencing reads for nCoV-2019 (named at the time) we elected to dedicate an entire flow cell to the positive culture sample to maximise our recovery of the viral reads and not spend reads on sequencing a negative sample.

I trust this is of assistance and wish you well.

Kind regards,

Eugene

Our ref: FOI 2020/50

FREEDOM OF INFORMATION REQUEST – DECISION FOI2020/50

I refer to your request of 7 September 2020, under which you sought access under the *Freedom of Information Act 1982* (FOI Act) to:

"All records in the possession, custody or control of CSIRO describing the isolation of a SARS-COV-2 virus, directly from a sample taken from a diseased patient, where the patient sample was not first combined with any other source of genetic material (i.e. monkey kidney cells aka vero cells; lung cells from a lung cancer patient).

CSIRO has been unable to identify any document relevant to your request. I must therefore refuse access, pursuant to section 24A of the FOI Act on the basis that the document[s] sought do not exist or cannot be found.

27 de septiembre de 2021:

Australia's Commonwealth Scientific and Industrial Research Organisation - CSIRO (Australia's national science research agency-) que participa [en ensayos de vacunas contra la llamada ASAR-COV-2](#), con el llamado aislamiento SARS-COV-2 del Instituto Doherty, confirmó que todavía no tienen registro de la purificación de la SARS-COV-2 (incluyendo los "variantes), por cualquier persona, en cualquier lugar:<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/09/2021-09-27-CSIRO-SARS-COV-2-v3-Redacted.pdf>

Decision maker

I am an authorised decision maker under section 23 of the FOI Act. This letter sets out my decision and reasons for the decision in relation to your request.

Decision

Despite an extensive search, CSIRO has been unable to identify any document relevant to your request. I must therefore refuse access, pursuant to section 24A of the FOI Act on the basis that the document[s] sought do not exist or cannot be found.

Searches conducted

Searches were conducted by the Australian Centre for Disease Preparedness (formerly the Australian Animal Health Laboratory) and by other relevant staff and it was confirmed that CSIRO does not hold any documents relevant to the scope of your request. In this regard, CSIRO's research involves virus already isolated from human samples by a non-CSIRO institute.

(27 de enero de 2022:

Australia's Commonwealth Scientific and Industrial Research Organisation - CSIRO (-Australia's national science research agency) también ha confirmado que no tienen ningún registro que contenga detalles de cualquier "controls" utilizado en procedimientos de cultivo anti-científico, el llamado aislamiento de los virus, o

procedimientos de secuenciación del genoma completo:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2022/02/2022-01-27-CSIRO-SARS-COV-2-Controls-redacted.pdf>)

La siguiente carta de la FOI mostrada en la captura de pantalla a continuación es en respuesta a una solicitud que fue presentada **por consejo del Departamento de Salud de Australia**, y ha venido a nosotros a través de [John Blaid](#). Dirigida a Mary-Jane Liddicoat, la carta formal pero sin fecha fue escrita en algún momento después del 9 de marzo de 2021 por el **Dr. Nick Coatsworth**, Director Ejecutivo de Servicios Médicos de [Canberra Health Services](#) (CHS), Australiana).

[Al revisar la respuesta de Coatsworth, tenga en cuenta los siguientes hechos proporcionados por Darren Christison, un periodista en Sydney, Australia: *Este es el mismo Dr. Nick Coatsworth que es el chico de los "poster" para el empujón del gobierno australiano para vacunar a todos hasta que orinan el veneno, y ha sido un accesorio permanente en la televisión y en línea en los últimos meses* (<https://www.youtube.com/watch?v=Aep-RKawTWc>). También el mismo Dr. Nick Coatsworth que recientemente, según *The Sydney Morning Herald*, apareció un grupo de médicos activistas que propagaba la desinformación y socavaba la confianza de las vacunas (J]

Coatsworth admitió que Canberra Health Services no tiene registros relevantes para el tema de aislar (también conocido como purificar) el supuesto "SARS-COV-2". Toda su carta está aquí:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/04/Australian-Dept-of-Health-March-2021.pdf>

ACT
Government

**Canberra Health
Services**

Our reference: **FOI21-10**

Ms Mary-Jane Liddicoat

Dear Ms Liddicoat

DECISION ON YOUR ACCESS APPLICATION

I refer to your application under section 30 of the *Freedom of Information Act 2016* (FOI Act), received by ACT Health Directorate (ACTHD) and transferred to Canberra Health Services (CHS) on **Tuesday 9 March 2021**. In accordance with section 57 of the FOI Act, the information you are seeking is in their possession.

This application requested access to:

'I am writing to you on advice from the Australian Department of Health (the Department) to seek clarification on information requested in a Freedom of Information (FOI) request that was sent to the Department.

I am therefore writing to you to on initial advice by the Department of Health to confirm whether you do hold the information requested in the original request to the Department, as shown in attachment "FOI 1937" and pasted again below:

"All records in the possession, custody or control of The Department of Health describing the isolation of a SARS-COV-2 virus, directly from a sample taken from a diseased patient, where the patient sample was not first combined with any other source of genetic material (i.e. monkey kidney cells aka vero cells; lung cells from a lung cancer patient). Please note that I am using "isolation" in the every-day sense of the word: the act of separating a thing(s) from everything else. I am not requesting records where "isolation of SARS-COV-2" refers instead to:

- the culturing of something,*
- or the performance of an amplification test (i.e. a PCR test),*
- or the sequencing of something.*

Please also note that my request is not limited to records that were authored by The Department of Health or that pertain to work done by The Department of Health. My request includes any sort of record, for example (but not limited to) any published peer reviewed study that The Department of Health has downloaded or printed."

I am an Information Officer appointed by the Chief Executive Officer of Canberra Health Services (CHS) under section 18 of the FOI Act to deal with access applications made under Part 5 of the Act. CHS was required to provide a decision on your access application by **Thursday 8 April 2021**.

Decisions

ACT Pathology does not have the ability to isolate the virus from patient samples. I am therefore satisfied that in accordance with section 35(1)(b), CHS does not hold any documents relevant to the scope of your request.

Marzo 19, 2021: **Territorio de Capital Australiano / Servicios de Salud de Canberra** una vez más no proporcionó / citar ningún registro de la purificación de .SARS-COV-2 de cualquier muestra de pacientes en el planeta (demupándose así que todavía tienen cero pruebas de que el virus realmente existe). Comunicaciones completas:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/07/ACT-Canberra-Health-Services-no-records-package.pdf>

Mar 16 de 2021: **El Ministro y el Departamento de Salud de Australia Occidental** confirman que no tienen registro de la purificación de cualquier muestra de pacientes en el planeta (y por lo tanto cero pruebas de que existe el virus), y que la Medicina de Laboratorio de Senderismo sólo hace la versión de aislamiento del virus.

Comunicaciones completas:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/07/Western-Australia-no-records-package.pdf>

28 de abril de 2021: **El Ministro de Salud y Bienestar de Australia del Sur** confirmó que no tienen registro de la purificación de un paciente de cualquier muestra de pacientes en el planeta (y por lo tanto cero pruebas de que el virus existe realmente).

Comunicaciones completas: <https://www.fluoridefreepeel.ca/wp-content/uploads/2021/07/South-Australia-package-no-records.pdf>

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/07/South-Australia-package-no-records.pdf>

Mayo 25 de mayo de 2021: **El Ministerio de Salud de Nueva Gales del Sur, Australia**, confirmó que no tienen registro de la purificación de un paciente de cualquier muestra de pacientes en el planeta (y por lo tanto cero pruebas de que el virus existe realmente). Comunicaciones completas:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/07/NSW-no-records-May-25-2021.pdf>

Junio de 2013:

La Universidad de Sheffield y (profesor) **Carl Smythe** (que se han asociado con Paraytec Limited para desarrollar una prueba de código falso que "obrea" en 5 minutos) afirman tener registros que describan la "purificación" del "virus" imaginario, pero también:

1) definir como un mero *proceso* en el que se *enriquecen progresivamente* sustancias biológicas (presuntos), , no que necesariamente resulta en la separación de las partículas supuestas de virus de todo lo demás en una muestra de fluido corporal/tejido/excremento, y que podría implicar la adición de material genético a la muestra del paciente,

2) negarse a publicar los registros para el escrutinio público porque hacerlo pondría en peligro sus intereses comerciales:

<https://www.fluoridefreepeel.ca/fake-covid-test-developers-carl-smythe-u-of-sheffield-paraytec-limited-and-a-virus-foi/>

Artículo:

Los desarrolladores de pruebas de código cómplico Carl Smythe, U de Sheffield, Paraytec Limited, y un FOI de virus:

24 de octubre de 2023 actualización:

Universidad de Sheffield p rots desarrolladores de pruebas falsos Paraytec Ltd & Carl Smythe... otra vez. Difamaciones a lame ofrecidas para negarse a la nueva FOI:

<https://christinemasseyfois.substack.com/p/university-of-sheffield-protects>

23 de junio de 2022:

Una vez más, la gente (o tal vez sólo una plataforma de IA) en la **Agencia de Seguridad de la Salud** eufemísticamente nombrada por no proporcionó/cita ningún registro en HSA o **Salud Pública de Inglaterra** describiendo la purificación del imaginario de la muestra clínica, ya que no existe tal registro, en cualquier lugar de la Tierra, porque la virología es pseudociencia:<https://www.fluoridefreepeel.ca/wp-content/uploads/2023/03/UK-HSA-and-PHE-2022-06-23.jpg>

By email
[redacted]@googlemail.com

Our ref: 06/06/22/HD/319

23 June 2022

Dear [redacted],

Re: Freedom of Information Request

Thank you for your request received on 6 June 2022 addressed to the UK Health Security Agency (UKHSA). In accordance with Section 1(1)(a) of the Freedom of Information Act 2000 (the Act), we can confirm that UKHSA does not hold the information you have specified.

Request

Pursuant to the Freedom of Information Act 2000, please respond to/disclose the following:

Description of Requested Records:

All studies and/or reports in the possession, custody or control of the UKHSA describing the purification of the alleged "COVID-19 virus" (aka "SARS-COV-2", including any alleged "variants") directly from a sample taken from a diseased human, where the patient sample was not first combined with any other source of genetic material (i.e. monkey kidney cells aka Vero cells; fetal bovine serum).

Clarification of Request:

Please note that I am not requesting studies/reports where researchers failed to purify the suspected "virus" and instead:

- cultured something, and/or*
- performed an amplification test (i.e. PCR), and/or*
- fabricated a genome from sequences (allegedly) detected in an impure substance, and/or*
- produced electron microscopy images of unpurified things.*

I am already aware that according to virus theory a "virus" requires host cells in order to replicate, and am not requesting records that describe replication of a "virus" without host cells. Nor am I requesting records that describe a strict fulfillment of Koch's Postulates, or records where researchers conflate extraction of genetic material from a patient sample or cell culture with "virus

isolation", or records that describe a suspected "virus" floating in a vacuum, or private patient information.

I simply request records that describe purification (separation of the alleged virus from everything else in the patient sample, as per standard laboratory practices for the purification of other very small things). Please note that my request includes any study/report matching the above description, authored by anyone, anywhere.

If any records match the above description of requested records and are currently available in the public domain, please provide enough information about each record so that I may identify and access each one with certainty (i.e. title, author(s), date, journal, where the public may access it). Please provide URLs where possible.

I am grateful for your assistance in this matter and look forward to hearing from you in due course.

Response:

There are no documents authored by The UK Health Security Agency (UKHSA) or Public Health England (PHE) which relate to the purification of virus directly from clinical samples as described, as we did not attempt this. If you would like a purification protocol we would suggest a peer reviewed biomedical literature, citations can be found at [PubMed \(nih.gov\)](https://pubmed.ncbi.nlm.nih.gov/).

Please see the following suggested links:

Information Rights <InformationRights@ukhsa.gov.uk>

Wed, Oct 27, 2021 at 3:49 AM

The UK Health Security Agency (UKHSA) has taken responsibility for requests previously addressed to Public Health England (PHE), your request was assessed based on the information held by PHE at the time of receipt.

In accordance with Section 1(1)(a) of the Freedom of Information Act 2000 (the Act), I can confirm that UKHSA does not hold the information as specified by your request.

We have provided information regarding the isolation of Sars-Cov2 that we hold, you may be able to find further sources from other organisations.

Under Section 16 of the Act, a public authority has a duty to provide advice and assistance. Accordingly, we have provided further information below that you may wish to view.

The SARS-CoV-2 virus has been identified by electron microscopy, which uses high resolution to visualise virus particles directly in specimen, as well as culturing in a laboratory. Evidence of the Electron Micrograph is available at the following link: <https://publichealthmatters.blog.gov.uk/2021/02/05/what-do-we-know-about-the-new-covid-19-variants/>

Viruses are not independent living entities. They require a host cell substrate to replicate. Isolation of any virus without any medium therefore is not possible. The medium provides suitable growing environment for the virus in the absence of a human or other host animal. These media and any products added are all sterile and do not contain additional genetic material.

30 de junio de 2022:

La Agencia de Seguridad Sanitaria del Reino Unido y Salud Pública de Inglaterra han confesado una vez más que nunca han encontrado y purificado ningún supuesto virus conviviente de muestras clínicas (pero evitó admitir que no tienen registro de nadie en el planeta haciendo esto)... y proporcionaron vínculos inútiles desperdiciar el tiempo a páginas web inútiles de desperdiciamiento de tiempo...

<https://www.fluoridfreepeel.ca/wp-content/uploads/2022/07/UK-HSA-and-PHE-julio-2022-PACKAGE-redacted.pdf>

Response

There are no documents authored by The UK Health Security Agency (UKHSA) or Public Health England (PHE) which relate to the purification of virus directly from clinical samples as described, as we did not attempt this. If you would like a purification protocol we would suggest a peer reviewed biomedical literature, citations can be found at [PubMed \(nih.gov\)](https://pubmed.ncbi.nlm.nih.gov/).

No hay registros de aislamiento de SARS-COV-2, admite el **Reino Unido**.

Departamento de Salud y Asistencia Social (nota: no hay 1, ni 2, ni 3, ni 4, sino 5 de estas respuestas de DHSC, la más reciente fechada del 11 de octubre de 2021):

Department
of Health &
Social Care

Freedom of Information Team
Department of Health and Social Care
39 Victoria Street
London SW1H 0EU

www.gov.uk/dhsc

DHSC does not hold the information you have requested.

[Nota **el Reino Unido. El Departamento de Salud y Atención Social** nos ha mantenido esperando durante casi 1 año una solicitud de FOI para (a lo sumo) 3 días de análisis sobre la supuesta variante de "alfa" anunciada por Matt Hancock el 14 de diciembre de 2020:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/02/UK-DHSC-handling-of-Dec14-FOI-re-so-so-variant.pdf>]

La Oficina de Ciencia del Gobierno del Reino Unido no tiene constancia de que el aislamiento/purificación .SARS-COV-2:

Government
Office for Science

Government Office for Science
10 Victoria Street
London
SW1H 0NN

+44 (0)20 7215 5000 - Public enquiries
+44 (0)20 7215 6740 - Textphone
(for those with hearing impairment)

Date 2/10/20
Ref no: GOS-COV-040920-0068

Thank you for your email of 4/9/20 where you requested the following information:

"All records in the possession, custody or control of the Government Office for Science describing the isolation of a SARS-COV-2 virus, directly from a sample taken from a diseased patient, where the patient sample was not first combined with any other source of genetic material (i.e. monkey kidney cells aka vero cells; lung cells from a lung cancer patient).

Response

We do not hold the information you have requested. This information may be available from DHSC

20 de septiembre de 2021: **La Oficina de Ciencia del Gobierno del Reino Unido** confirmó una vez más que no tenemos la información que ha solicitado, re-SARS-COV-2 (incluyendo cualquier "variantes") aislamiento/purificación, por cualquier persona, en cualquier lugar:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/09/2021-09-21-Government-Office-of-Science-SARS-COV-2-v3-Redacted.pdf>

(25 de enero de 2022:

La Oficina Gubernamental para la Ciencia (Go-Science) del Reino Unido confirmó que tampoco tienen registros que contengan detalles de cualquier "controls" utilizado en procedimientos de cultivo celular de la anticencia, el llamado aislamiento de los virus o procedimientos de secuenciación del genoma completo:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2022/02/2022-01-26-Government-Office-Office-of-SSARS-COV-2-controls-Redacted.pdf>)

9 de abril de 2022:

Esta respuesta de la FOI de **la Policía Metropolitana, Reino Unido**, sugiere muy fuertemente que las personas involucradas en su **investigación de delitos COVID-19 (número de referencia 6029679/21)** son:

- 1) Desorganizado salvajemente e incompetente, o
- 2) participar en un encubramiento de fraudes y crímenes de lesa humanidad en todo el mundo.

Exitamos que las personas que actuaban para la Policía Metropolitana proporcionaran registros que deberían haber buscado como parte de su investigación, registros que describían el primer y absolutamente esencial (pero no suficiente) paso para probar la existencia del supuesto virus (**purificación del fluido corporal/tejido**), O, si no tienen tales registros (ya que ninguno existe en ningún lugar del mundo) **estudios que en su opinión prueban la existencia de la supuesta "virus-"SARS-COV-2"**.

Las personas de la **Policía Metropolitana** afirman que necesitarían más de 18 horas para buscar dichos registros, y esconderse detrás de una exención basada en dicha afirmación.

Véase la página 22:

DARCISION

La presente carta le debe informar que no será posible responder a su solicitud dentro del umbral de costo...Tenga en cuenta también que cuando una parte de una solicitud es denegada porque el costo de completar esa parte de la solicitud excedería el límite apropiado, esto resulta en la denegación de la solicitud en su totalidad....

REASON PARA DECISION

Sección 12(2) Exención cuando el costo del cumplimiento excede el límite apropiado La exención de la Sección 12 se aplica porque cualquier intento de cumplir con esta solicitud requeriría una extensa búsqueda manual para determinar si se mantiene alguna de las informaciones solicitadas...

El límite adecuado se ha especificado en la normativa y para los organismos fuera del Gobierno central, que se fija en 450,00 libras esterlinas. Esto representa el costo estimado de una persona que pasa 18 horas [a una tarifa de 25 libras por hora] para determinar si el MPS tiene la información y luego localizar, recuperar y extraer la información.

(Como señaló en mi respuesta: <https://www.fluoridefreepeel.ca/wp-content/uploads/2022/07/London-MOPAC-and-MPS-final-PACKAGE-redacted.pdf>

8 de marzo de 2022:

La Oficina de Policía y Crimen de Londres (MOPAC) confirmó que no tienen registro de que el supuesto SARS-COV-2 sea encontrado y purificado de cualquier humano enfermo en el planeta, por cualquier persona, nunca, y que los hombres a cargo de la investigación criminal COVID-19 de la Policía Metropolitana (archivo número 6029679/21) que se cerraron injustamente tampoco tienen antecedentes que demuestren que se alegara existe. Véase la página 8:<https://www.fluoridefreepeel.ca/wp-content/uploads/2022/07/London-MOPAC-and-MPS-final-PACKAGE-redacted.pdf>

FOI response 445 Christine Massey "SARS-COV-2" purification 08.03.2022

MOPAC FOI <FOI@mopac.london.gov.uk>
To: "cmssyc@gmail.com" <cmssyc@gmail.com>
Cc: MOPAC FOI <FOI@mopac.london.gov.uk>

Tue, Mar 8, 2022 at 9:40 AM

Dear Christine

Thank you for your Freedom of Information (FOI) request of 8 March to the Mayor's Office for Policing And Crime (MOPAC). I confirm that your request has been handled under the Freedom of Information Act 2000 and that MOPAC does not hold the requested information.

The Metropolitan Police Service (MPS) may be able to assist you and you can send your request to them, here:

<https://www.met.police.uk/rqo/request/ri/request-information/rip/request-information-police/>

Lo mismo, de la **Oficina del Gabinete del Reino Unido** y de la **Oficina del Primer Ministro del Reino Unido**, en respuesta a una consulta de Marc Horn. Véase aquí: <https://www.fluoridefreepeel.ca/wp-content/uploads/2020/11/Cabinet-Office-isolation-FOI2020-10121-Reply.pdf> y aquí: <https://www.fluoridefreepeel.ca/wp-content/uploads/2020/11/Prime-Ministers-Office-FOI-reply-isolation-SARS-COV-2pdf>

14 de enero de 2022:

La **Oficina del Gabinete del Reino Unido** confirmó una vez más para Marc Horn que no tienen constancia de:

- el supuesto virus que se encontró en los fluidos corporales de cualquier paciente en la Tierra y purificado para que pudiera secuenciarse, caracterizarse y estudiarse con experimentos controlados;
- una secuencia única de ARN que se prueba por cualquier método de prueba que identifique la presencia del virus imaginario y ningún otro material genético;
- un daño único causado por el virus imaginario;

Evidencia experimental de la transmisión del virus imaginario:

<https://www.whatdotheyknow.com/request/817480/response/1951835/attach/3/CO%20FOI%20response%20FOI2021%2023894.pdf?cookie.passthrough=1>

<https://www.fluoridefreepeel.ca/wp-content/uploads/2022/02/UK-Cabinet-Office-Jan-2022.pdf>

We are writing to advise you that following a search of our paper and electronic records, we have established that the information you requested is not held by the Cabinet Office.

You may wish to try contacting the UK Health Security Agency at this link: <https://www.gov.uk/government/organisations/uk-health-security-agency> who may be able to help you with your request.

Aquí hay una escueta respuesta de la FOI del **Reino Unido. Medicamentos y productos de salud Agencia Reguladora** (obtenida por Mr. Athanasios Kandias). La agencia no proporcionó/no se publicó ningún registro de aislamiento. Su respuesta incluye una afirmación (aparentemente fraudulenta) de que dichos registros están disponibles en el dominio público, pero proporcionaron cero enlaces/citas a pesar de haber sido solicitados para la ubicación de tales registros. A continuación se muestran extractos. Respuesta completa:

<https://www.whatdotheyknow.com/request/documents.held.showing.sars.cov2--2-incoming-1670059>

Pdf: <https://www.fluoridefreepeel.ca/wp-content/uploads/2020/11/UK-Medicines-and-Healthcare-products-Regulatory-Agency-no-aislation-records.pdf>

4 de mayo de 2021: **La Universidad de Warwick** (Reino Unido) admite que no tienen antecedentes describiendo la purificación de un paciente de una muestra de pacientes, por cualquier persona, en cualquier lugar, jamás:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/05/University-of-Warwick-F352.20.20-21-May-4-2021.pdf>

En cuanto al principio del ARNm en la vacuna Pfizer-BioNTech .Covid-19, que se transcribe de una plantilla genética que supuestamente codifica la proteína supuestamente viral (S) del supuesto pico (S) del presunto virus SARS-COV-2, **Reino Unido. Medicines & Healthcare products La Agencia Reguladora** admitió al periodista de investigación Frances Leader que: la plantilla genética en la que se basa (BNT162b2") *no proviene directamente de un virus aislado de una persona infectada, sino que se generó a través de una combinación de síntesis de genes y tecnología de ADN recombinante.* El intercambio de correo electrónico está disponible aquí:

Our reference: CSC 23485

Dear Frances Leader,

Just to add some further information:

The DNA template(severe acute respiratory syndrome coronavirus 2, GenBank: MN908947.3) was generated via a combination of gene synthesis and recombinant DNA technology.

Should you require any further advice or assistance on this matter please feel free to call us on 0203 080 6000 or reply to this email.

Our opening hours are Mon – Fri 9am to 5pm (excluding UK Public Holidays)

With regards

Sin fotos EM de purificados "SARS-COV-2", ningún artículo revisado por pares con el genoma de la SARS-COV-2 purificado, sin pruebas de que el virus causa -COVID-19, etc. dice **la Oficina del Gabinete del Reino Unido** en respuesta a las preguntas que se muestran a continuación de Bartolomeus Lakeman; carta completa aquí:

<https://www.whatdotheyknow.com/request/666330/response/1589609/attach/3/FOI20206205%2Draft%201.pdf?cookie.passthrough=1> y **preservado** aquí:

22/06/2020

Dear Bartholomeus Lakeman

I refer to your request where you asked:

"1) Is there an electron micrograph of the pure and fully characterised virus (SARS-CoV-2)?

2. What is the name of the primary specialist peer reviewed paper in which said virus is illustrated and its full genetic information described?

3. What is the name of the primary specialist peer reviewed paper which provides unequivocal proof that the 'Covid-19' virus is the sole cause of a particular disease?

4. Where is (if there is proof of SARS-CoV-2) its antibody test that fulfils the Koch postulates and has a false positive below 30%; that can confirm being infected by SARS-CoV-2?"

I am writing to advise you that following a search of our paper and electronic records, I have established that the information you requested is not held by the Cabinet Office.

No hay registros de aislamiento de la muestra no adulterada de una muestra no adulterada, dice **la Cámara de los Comunes del Reino Unido**, en respuesta a una consulta de Marc Horn:

Lo mismo, desde la **Cámara de los Lores del Reino Unido**, en respuesta a una consulta de Marc Horn: <https://www.fluoridefreepeel.ca/wp-content/uploads/2020/11/House-of-Lords-FOI-reply-isolation-SARS-COV-2.pdf>

31 de enero de 2022:

West Sussex, Reino Unido respondió a una serie de FOI de Oro de Holbbs para los registros de **varios supuestos/virus que fueron encontrados y purificados a partir de fluidos corporales/estrellados/excrementos** por cualquier persona, en cualquier lugar del planeta, **y/o probando un vínculo causal** entre dicho supuesto virus y la desasospe relevante. La Autoridad respondió que ahora habían completado una búsqueda de la información y "podá" ostentar los registros relevantes (lol), sin embargo, en lugar de entregar los registros imaginarios que ellos pueden tener, estaban eligiendo aplicar una exención basada en peticiones o repetidas.

Los "virus" enumerados en los "anillos" rechazados incluyen el **virus del ébola**.

Comunicaciones:(En la última página, el remitente de la respuesta parece haber olvidado eliminar algún proyecto de redacción que terminaron eligiendo no usar.)<https://www.fluoridefreepeel.ca/wp-content/uploads/2023/11/West-Sussex-many-PACKAGE-redacted.pdf>

Reports and records held by the council regarding the purification of Zika and other Viruses

We have now completed a search for the information which you requested and confirm that this Authority may hold data relevant to your request.

However the Authority is applying the exemption in section 14(1) of the Act.

Although the Authority does not regard the request as patently vexatious, the likelihood of complying would be burdensome and cause a significant burden and impact, resulting in a disproportionate or unjustified level of disruption and we are therefore applying the exemption under section 14 of the Act. Under the terms of the Act, the statutory wording we are required to use for this exemption is: 'Vexatious or repeated requests'.

18 de noviembre de 2021:

Las personas no identificadas que trabajan en el Equipo de Divulgación, Relaciones con el Cliente e Información, **Cheshire West y Chester Council, Reino Unido** confesaron a nuestro dedicado FOI-filer en Inglaterra que no tienen antecedentes describiendo cualquier supuesto **virus Zika, VIH, Ebolavirus, Virus Polio, virus MERS, virus del VPH, VPH, Influenza virus o SARSCOV-2** - siendo encontrado en el fluido/tejido corporal de cualquier persona en la Tierra y purificado, por cualquier persona, en cualquier lugar, siempre con el fin de que se caracterizó, y estudiado con experimentos controlados (también conocidos como ciencia).

Dear [REDACTED]

Thank you for your requests for information dated 21st October 2021 which have been logged as RFI 4618 and dealt with under the Freedom of Information Act 2000.

Your requests related to purification studies/reports/records regarding Zika Virus, HIV, Ebolavirus, Polio, MERS, Virus, Measles, HPV, Influenza and SARS-COV-2.

We confirm that Cheshire West and Chester Council does not hold information relating to your request. We suggest the UK Health Security Agency is the authority most likely to hold information. The contact details for the UK Health Security Agency are available on the following link: [UK Health Security Agency - GOV.UK \(www.gov.uk\)](#) or:-

Public Information Access Office
Wellington House
133-155 Waterloo Road
London
SE1 8UG
United Kingdom
Email

InformationRights@UKHSA.gov.uk

The Council considers that your request has been answered in full by either confirming that information is not held, providing you with the information requested, or explaining why any information has been withheld and the reasons for any redaction. Where applicable, the Council has also told you the reasons for the delay in responding to your request.

If you are unhappy with the way your request for information has been handled you can request a review by writing to the Disclosures Team within **40 working days** from the date of the Council's response.

You are entitled to a review by the Council if:

- You are dissatisfied with the Council's explanation of why the application was not dealt with within the 20 working day time limit.
- All the information requested is not being disclosed and you have not received an explanation why some information is not being disclosed.
- A reason for the disclosures under the request being refused is not received.
- You consider that exemptions have been wrongly applied, and/or
- You consider that a fee has been wrongly applied.

Please set out your grounds for seeking a review together with what specific part of your request those grounds apply to and the outcome you are seeking. The Council reserves the right to ask you for clarification of the grounds for your review request if the grounds are not clear, and to delay commencing the review if such grounds are not provided.

The Disclosures Team can be contacted by email via: foi@cheshirewestandchester.gov.uk or at the following address:

Disclosures Team
Cheshire West and Chester Council
4 Civic Way
Ellesmere Port
CH64 0BE

The Disclosures Team will acknowledge a request for an internal review within **5 working days** and complete the review as soon as possible and no later than **40 working days** from receipt of the request.

More information about the Council's internal review process can be found via:

http://www.cheshirewestandchester.gov.uk/your_council/policies_and_performance/council_plans_and_strategies/freedom_of_information_policy/foi_internal_review_process.aspx

If you remain dissatisfied following the outcome of your review, you have a right of appeal to the Information Commissioner at:

The Information Commissioner's Office
Wycliffe House
Water Lane
Wilmslow
Cheshire SK9 5AF

Telephone: 08456 30 60 60 or 01625 54 57 45

Dear [REDACTED]

I refer to your recent request for information under the Freedom of Information Act 2000. I can confirm that the Council does not hold this information, as detailed below.

All studies and/or reports and/or records in the possession, custody or control of the addressed body corporate describing the purification (i.e. via filtration and ultracentrifugation and chromatography) of any "COVID-19 virus" (aka "SARS-COV-2", including any alleged "variants" i.e. "B.1.1.7", "B.1.351", "P.1") directly from a sample taken from a diseased man, where the patient sample was not first combined with any other source of genetic material (i.e. monkey kidney cells aka Vero cells; fetal bovine serum, liver cancer cells) and also studies and/or reports and/or records in the possession, custody or control of the addressed body corporate proving a causal link between Sars-Cov-2 and the suspected infectious disease Covid-19.

Sunderland City Council does not hold any of the requested records

This information has been provided in response to a Freedom of Information request and this must be acknowledged in any subsequent use of the information. In addition, the authority must be notified of any proposed re-use of this information for commercial or other purposes.

I hope this is satisfactory. If, however, you are dissatisfied with our response to your request for information, you can ask for the decision to be reviewed in reply to this letter, however any request for review must be submitted within 40 days of the date of this freedom of information response. The review will be removed from the Directorate and coordinated by the Council's team of Solicitors. A request for review should be directed, by email to freedom.information@sunderland.gov.uk by post or by hand addressed to Business Support, Sunderland City Council, Civic Centre, Burdon Road, Sunderland. SR2 7DN.

If this fails to resolve your concerns, then you have the right to apply to the Information Commissioner for a decision.

Kind Regards

1 de noviembre de 2021:

El Concejo de Wiltshire, Reino Unido, confesó a nuestro dedicado FOI-filer en Inglaterra que no tienen antecedentes describiendo que cualquier supuesto "SARS-COV-2" (o "variante") se encuentra en el fluido corporal/tejido de cualquier persona en la Tierra y purificado... por cualquier persona, en cualquier lugar, siempre... para que se secuencie, se caracterizara y estudiara con experimentos controlados (también conocido como ciencia):

Date: 21/10/2021

Dear [REDACTED]

I am writing in response to your request dated 19/10/2021. This has been dealt with under the Freedom of Information Act 2000.

You asked for the following information:

All studies and/or reports and/or records in the possession, custody or control of the addressed body corporate describing the purification (i.e. via filtration and ultracentrifugation and chromatography) of any "COVID-19 virus" (aka "SARS-COV-2", including any alleged "variants" i.e. "B.1.1.7", "B.1.351", "P.1") directly from a sample taken from a diseased man, where the patient sample was not first combined with any other source of genetic material (i.e. monkey kidney cells aka Vero cells; fetal bovine serum, liver cancer cells) and also studies and/or reports and/or records in the possession, custody or control of the addressed body corporate proving a causal link between Sars-Cov-2 and the suspected infectious disease Covid-19.

Please note that I am not requesting studies/reports where researchers failed to purify the suspected "virus" (separate the alleged "virus" from everything else in the patient sample) and instead:

- cultured an unpurified sample or other unpurified substance, and/or
- performed an amplification test (i.e. a PCR test) on the total RNA from a patient sample or from a cell culture, or on genetic material from any unpurified substance, and/or
- fabricated a genome based on PCR-detected sequences in the total RNA from a patient sample or from a cell culture or from any unpurified substance, and/or
- produced electron microscopy images of unpurified things in a cell culture.

The Council's response to your specific questions is set out below:

Kirklees Council do not hold any information relating to your request.

If you are not content with the handling of your request, you have the right to ask for an internal review. Requests for internal reviews should be submitted **within 2 months of**

LONDON BOROUGH OF BROMLEY

FREEDOM OF INFORMATION ENQUIRY - RESPONSE

Date: 14 December 2021
Request ID: S29JF44R94
Subject: Virus Information/Infectious Disease

Request Type: Freedom of Information Request
Subject Type: FOI/EIR
Which department do you require information from? Adult Services FOI/SAR and Housing FOI

Please see below responses to your enquiry (highlighted in Green)

Response: We can confirm that London Borough of Bromley (LBB) does not hold the information requested in your FOI enquiry.

NB: For future reference, please be aware that LBB does not hold any data pertaining to the purification/causation of sickness in living man regarding any viruses known to man.

Request: Please address my request in full * and respond in kind on letter head notepaper with a reference number, referencing the information requests made-a separate response letter for each request made that is dated and signed by whomever is responsible for the decision contained within the response letter 'claims of 'virus' isolation/sickness causation' for the sake of clarity and transparency to the publick. I do not wish to create accounts and passwords and all manner of other property to prolong the delivery of evidences/publick records and further attempts to obtain my property will be posted in the publick domain.

I have included link to Public Health England's response letter by way of example as to how it is usual to respond and lay out the response also a response link from Derby to purification of the polio virus. Should you require a copy of PHE's response or further help on how to respond to requests please let me know soonest.

As evidences/publick record these communications will be placed in the public domain rendering them live. For further clarity as i have submitted more than 1 request to the Director of Public Health for Bromley – Nada Lemic, including SARS-CoV-1 'virus' purification/causation of sickness in living man, for HPV, INFLUENZA 'virus' and so forth in the last few weeks would they please indicate what request is referred to.

29 de octubre de 2021:

El Consejo del Condado de Norfolk, Este de Inglaterra (Cubrir Gran Yarmouth) confirmó para que el solicitante no tenga registro de ningún supuesto "SARS-COV-2" (incluyendo ningún escarián) que haya sido encontrado y purificado del fluido corporal/tejido/excremento de cualquier fantasma enfermo en el planeta (para que sea

secuenciado, caracterizado y estudiado con experimentos controlados) por cualquier persona, en cualquier lugar, nunca. <https://www.fluoridefreepeel.ca/wp-content/uploads/2022/05/Norfolk-UK-PACKAGE-redacted.pdf>

Our response:

Information relating to the medical and scientific analysis of the Covid-19 virus is not held by Norfolk County Council. The Council's Public Health remit extends only to those measures and activities required in discharge of responsibilities as directed by the Secretary of State, and our response to the covid-19 pandemic is predicated on guidance issued by Public Health England (now The UK Health Security Agency).

Under section 11 of the Health and Social Care Act 2012, the Secretary of State for Health has a duty to "take such steps as the Secretary of State considers appropriate for the purpose of protecting the public in England from disease or other dangers to health". By virtue of the Local Authorities (Public Health Functions and Entry to Premises by Local Healthwatch Representatives) Regulations 2013 local authorities have a statutory duty to carry out certain aspects of the Secretary of State's duty to protect the public.

30 de diciembre de 2021:

El Ayuntamiento de Leicester confirmó que no tiene registro de ningún **ejemplo** de que haya sido purificado de cualquier muestra de pacientes, por cualquier persona, en cualquier parte del planeta, o cualquier estudio que sugiera un vínculo causal entre el caso y el sospechoso infeccioso "COVID-19": <https://www.fluoridefreepeel.ca/wp-content/uploads/2022/01/Leicester-City-Council-PACKAGE-redacted.pdf>

Response:

Leicester City Council does not hold the information requested. It is not a laboratory and does not undertake any of the procedures listed in the request. This is therefore a refusal notice under section 17.1 of the FOI Act: **Information Not Held.**

You may re-use the information under an [Open Government Licence](#).

If you are dissatisfied with the handling of your request, please write, explaining your grounds of appeal, to:

Internal Review
Information Governance & Risk
Email: info.requests@leicester.gov.uk

Yours sincerely

Pravina Chandarana
Information Governance Officer

10 de noviembre de 2021:

El distrito de Londres de Lambeth confirmó que el solicitante no tiene registro de ningún **ejemplo** de que haya sido purificado de cualquier muestra de pacientes, por cualquier persona, en cualquier parte del planeta, o cualquier estudio que sugiera un vínculo causal entre el caso y el presunto infeccioso "COVID-19": <https://www.fluoridefreepeel.ca/wp-content/uploads/2022/01/London-Borough-of-Lambeth-PACKAGE-redacted.pdf>

10 November 2021
Our ref: IRN6651758

Freedom of Information Act 2000

This request is being handled under the Freedom of Information Act 2000.

Request:

Please note that I am using 'purification' in the every-day sense of the word: the act of separating a thing(s) from everything else. Please note that I am not requesting records/studies/reports where researchers failed to purify the suspected "virus" (separate the alleged 'virus' from everything thing else in the patient sample) and instead:-

- *cultured an unpurified sample or other unpurified substance, and/or*
- *performed an amplification test (i.e. a PCR test) on the total RNA from a patient sample or from a cell culture, or on genetic material from any unpurified substance, and/or*
- *fabricated a genome based on PCR-detected sequences in the total RNA from a patient sample or from a cell culture or from any unpurified substance, and/or*
- *produced electron microscopy images of unpurified things in a cell culture.*

Response:

We do not hold the information requested. Lambeth council does not own or operate any clinical laboratory facilities.

Right to review

If you are dissatisfied with the way in which your Freedom of Information request has been dealt with you can request an internal review. Tell us why you are unhappy with our response within 40 working days, and it will be looked at afresh. We will aim to provide you with our review response within 20 working days.

By email: foi@lambeth.gov.uk (Please quote the reference number above) or by writing to:

London Borough of Lambeth
Freedom of Information
P.O. Box 734
Winchester
S023 5DG

If you remain dissatisfied with the outcome of the review you have a further right to appeal to the Information Commissioner, who regulates the implementation of the Freedom of Information Act. The Commissioner can be contacted at the following address:

22 de octubre de 2021:

El Consejo del Condado de Lincolnshire confirmó al solicitante que no tiene registro de ningún hecho de que haya “SARS-COV-2” sido purificado de cualquier muestra de un paciente, por cualquier persona, en cualquier parte del planeta, o cualquier estudio que sugiera un vínculo causal entre el caso y el sospechoso infeccioso COVID-19: <https://www.fluoridefreepeel.ca/wp-content/uploads/2022/01/Lincolnshire-PACKAGE-redacted.pdf>

purification (separation from everything else in the patient sample, as per standard laboratory practices for the purification of other very small things). Please note that my request includes any study/report matching the above description, for example (but not limited to) any published peer-reviewed study authored by anyone, anywhere. This includes your own website which claims to have the virus isolated; given your body corporate/politick receives public treasure, the worldwide 'interest' and that more than 100 institutions other have no virus isolate this is for public record/evidence.

If any records match the above description of requested records and are currently available in the public domain, please provide enough information about each record so that I may identify and access each one with certainty (i.e. title, author(s), date, journal, where the public may access it). Please provide URLs where possible.

Response:

Lincolnshire County Council does not hold this information

Please quote the reference number 2634405 in any future communications.

25 de octubre de 2021:

El Consejo del Condado de Nottinghamshire en el Reino Unido confirmó para Yvonne Hobbs que no tienen registro de ningún "**SARS-COV-2**" que haya sido purificado de una muestra de pacientes, por cualquier persona, en cualquier parte del planeta, o cualquier registro que demuestre un vínculo causal entre la enfermedad infecciosa y la sospecha de enfermedad infecciosa .

19 de octubre de 2021: **East Midlands - El Consejo del Condado de Leicestershire** en el Reino Unido confirmó al solicitante que no tienen registro de ningún virus COVID-19/variante purificado de cualquier muestra de pacientes, por cualquier persona, en cualquier parte del planeta - y por lo tanto cero evidencia de la existencia de "su":

<https://www.fluoridefreepeel.ca/wp-content/uploads/2022/01/East-Midlands-Leicestershire-%E2%80%93-Mike-Sandys-SARS-CoV-2-PURIFICATION-FOI-RESPONSE-v2.pdf>

Response:

Unfortunately, we do not hold the information you have requested.

With regards to reports published in medical journals / databases, we would suggest searching for the relevant reports online.

Your request has been handled under the Freedom of Information Act 2000.

If you are not happy with how we've dealt with your request, you can complain and ask us to review our decision. If this is the case, please email foi@leics.gov.uk or write to us at the above address, quoting the FOI Request Number. We will usually only be able to consider complaints about requests if they are submitted to us within two months (from the date of this letter).

Further information about your rights to information is available from the Information Commissioner's Office at:

Address: Wycliffe House, Water Lane, Wilmslow, Cheshire SK9 5AF
Telephone: 0303 123 1113
Website: www.ico.org.uk

Kind regards,

FOI Team

25 de octubre de 2021: **Bedford Borough Council** en Inglaterra confirmó para Yvonne Hobbs que no tienen registro de la purificación de la SARS-COV-2, por parte de nadie en el planeta:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/12/Bedford-Borough-Council-PACKAGE-redacted.pdf>

25 de octubre de 2021: **El Concilio Brent** en Inglaterra confirmó para Yvonne Hobbs que no tienen registro de la purificación de la SARS-COV-2, por nadie en el planeta, y sin registros que prueben un vínculo causal entre el virus imaginario y el virus .covid-19:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/12/Brent-Council-PACKAGE-redacted.pdf>

30 de octubre de 2021:

El Concejo del Condado de Suffolk en Inglaterra confirmó para Yvonne Hobbs que no tienen registro de la purificación de la SARS-COV-2, por parte de nadie en el planeta, y ningún registro que demuestre un vínculo causal entre el virus imaginario y (resultados de la RCP envasado como)

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/11/Suffolk-County-Council-PACKAGE-redacted.pdf>

Freedom of Information – Response – 21103

Description of Requested Records:

All studies and/or reports and/or records in the possession, custody or control of the addressed body corporate describing the purification (i.e. via filtration and ultra-centrifugation and chromatography) of any “COVID-19 virus” (aka “SARS-COV-2”, including any alleged “variants” i.e. “B.1.1.7”, “B.1.351”, “P.1”) directly from a sample taken from a diseased man, where the patient sample was not first combined with any other source of genetic material (i.e. monkey kidney cells aka Vero cells; fetal bovine serum, liver cancer cells) and also studies and/or reports and/or records in the possession, custody or control of the addressed body corporate proving a causal link between Sars-Cov-2 and the suspected infectious disease Covid-19.

Please note that I am not requesting studies/reports where researchers failed to purify the suspected “virus” (separate the alleged “virus” from everything thing else in the patient sample) and instead:

- cultured an unpurified sample or other unpurified substance, and/or*
- performed an amplification test (i.e. a PCR test) on the total RNA from a patient sample or from a cell culture, or on genetic material from any unpurified substance, and/or*
- fabricated a genome based on PCR-detected sequences in the total RNA from a patient sample or from a cell culture or from any unpurified substance, and/or*
- produced electron microscopy images of unpurified things in a cell culture.*

Clarification of Request

For further clarity, please note I am already aware that according to virus theory a “virus” requires host cells in order to replicate, and I am not requesting records describing the replication of a “virus” without host cells.

Further, I am not requesting private patient information, or records that describe a suspected “virus” floating in a vacuum; I am simply requesting records that describe

its purification (separation from everything else in the patient sample, as per standard laboratory practices for the purification of other very small things).

Please note that my request includes any study/report matching the above description, for example (but not limited to) any published peer-reviewed study authored by anyone, anywhere. This includes your own website which claims to have the virus isolated ; given your body corporate/politick receives publick treasure, the worldwide ‘interest’ and that more than 100 institutions other have no virus isolate this is for publick record/evidence.

If any records match the above description of requested records and are currently available in the public domain, please provide enough information about each record so that I may identify and access each one with certainty (i.e. title, author(s), date, journal, where the public may access it). Please provide URLs where possible.

Suffolk County Council do not hold this information.

Octubre 2021:

Salud Pública London Hammersmith y Fulham en el Reino Unido confirmaron al solicitante que no tienen registro de ningún virus/variante de la **Comisión** de Salud purificado de cualquier muestra de paciente por cualquier persona, en cualquier parte del planeta, y ningún registro que demuestre un vínculo causal entre el presunto virus y

el "COVID-19" y, por lo tanto, cero evidencia de la existencia:

Email: icaseworkinformation@lbhf.gov.uk
Date: 20 October 2021

Dear 

Freedom of Information Act 2000

This request is being handled under the Freedom of Information Act 2000.

I am writing to advise you that, following a search of our paper and electronic records, I have established that the information you requested is not held by London Borough of Hammersmith and Fulham.

All studies and/or reports and/or records in the possession, custody or control of the addressed body corporate describing the purification (i.e. via filtration and ultracentrifugation and chromatography) of any "COVID-19 virus" (aka "SARS-COV-2", including any alleged "variants" i.e. "B.1.1.7", "B.1.351", "P.1") directly from a sample taken from a diseased man, where the patient sample was not first combined with any other source of genetic material (i.e. monkey kidney cells aka Vero cells; fetal bovine serum, liver cancer cells) and also studies and/or reports and/or records in the possession, custody or control of the addressed body corporate proving a causal link between Sars-Cov-2 and the suspected infectious disease Covid-19.

We do not have any records that relate to your query

Please quote the reference number 2029609 in any future communications.

If you aren't happy with the council's response, please contact H&F within 40 working days of us sending you our response, with details of why you're unhappy.

You can do this by:

- visiting H&F's website: <https://www.lbhf.gov.uk/councillors-and-democracy/complaints>
- emailing handfintouch@lbhf.gov.uk
- writing to the Resident Experience team, Hammersmith Town Hall, King Street, London, W6 9JU

Your concerns will be passed to H&F's Information Management Team to consider as an internal review. There's no charge for requesting an internal review.

28 de octubre de 2021:

El Ayuntamiento de Brighton y Hove en Inglaterra confirmó para Yvonne Hobbs que no tienen registro de la purificación de la SARS-COV-2 por parte de nadie en el planeta:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/11/Brighton-SARS-COV-2-PACKAGE-redacted.pdf>

Our response:

In processing your request we liaised with colleagues within Public Health as they would hold the information in relation to your request were this information to be held by the council.

We can confirm that the information you have requested is not held by the council.

The council does not hold any documents describing the purification of any Covid-19 virus, including variants.

(Haga clic aquí para ver una serie de solicitudes de FOI de COVID-19 presentadas por Marc Horn a varias agencias: <https://www.whatdotheyknow.com/user/marc-horn>)

Lo mismo, de **Public Health Scotland** en respuesta a Athanasios Kandias:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2020/10/PH-Scotland-RESPONSE-2020-000133.pdf>

Date 7 October 2020]
Our Ref 2020-000133
Enquiries to phs.foi@nhs.net

Dear Athanasios Kandas

Freedom of Information Reference: 2020-000133

I refer to your request of 9 September 2020 under the above legislation for information about:

All records in the possession, custody or control of Public Health Scotland, describing the isolation of a SARS-COV-2 virus, directly from a sample taken from a diseased patient, where the patient sample was not first combined with any other source of genetic material (i.e. monkey kidney cells aka vero cells; liver cancer cells).

*Please note that I am using "isolation" in the every-day sense of the word: the act of separating a thing(s) from everything else. I am not requesting records where "isolation of SARS-COV-2" refers *instead* to:*

- the culturing of something, or*
- the performance of an amplification test (i.e. a PCR test), or*
- the sequencing of something.*

Please also note that my request is not limited to records that were authored by the PHS or that pertain to work done by the PHS. My request includes any sort of record, for example (but not limited to) any published peer-reviewed study that the PHS has downloaded or printed.

I am writing to advise you that following a search of our records, I have established that under Section 17(1) of the Freedom of Information (Scotland) Act 2002, Public Health Scotland (PHS) does not hold the information you requested.

PHS has not been involved in any studies where methods of isolation described have been performed. Such studies may have been performed in a number of Universities but PHS is not aware of any specific studies to be able to direct you to them for more information.

If you have any questions please contact me on phs.foi@nhs.net.

If you are unhappy with our response to your request, you do have the right to request us to review it. Your request should be made within 40 working days of receipt of this correspondence, and we will reply within 20 working days of receipt.

1 South Gyle Crescent, Edinburgh EH12 9EB

Glasgow office: 5 Cadogan Street, Glasgow G2 6QE

Lo mismo, por segunda vez de **Public Health Scotland** en respuesta a mi colega en NZ: <https://www.fluoridefreepeel.ca/wp-content/uploads/2020/11/Public-Health-Scotland-Response-2020-000158.pdf>

10 de septiembre de 2021: **Salud Pública Escocia** confirmó una vez más, esta vez para Richard Anthony, que no tienen una muestra purificada del supuesto virus/variantes de

COVID=19 y no conocen a nadie en Escocia que lo hace, y equipararon el aislamiento/purificación con la matanza de células monos sin sentido y poco científica. Pdf:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/10/Scotland-PH-FOI-2021-000848-2.pdf>

Date: 10 September 2021
Our Ref: 2021-000848
Enquiries to: phs.foi@phs.scot

Dear Richard Anthony

Freedom of Information Reference: 2021-000848

Thank you for your request for information dated 17 August 2021

Following a search of our records I write to advise you of the following responses to your questions.

"May I please know if Public Health Scotland has any actual material samples of purified SarsCoV2 virus and all related variants? I do not mean an in silico computer generated genome sequence. I mean actual material samples of purified viruses."

Response

Public Health Scotland (PHS) does not hold the information you requested. This is a formal notice that Section 17(1) - Information not held applies to your request, under the Freedom of Information Scotland Act (2002).

Additional Information

I can advise that it is not the remit of Public Health Scotland to undertake viral culture. Information is publicly available that the SARS-CoV-2 has been isolated and can be accessed on the Centers for Disease Control and Prevention website I include a web link [here](#). **Harcourt et al. study = monkey cell fraud!**

"If you do have these samples can you please tell me, what isolation and purification steps were taken to achieve this?"

Response

Public Health Scotland (PHS) does not hold the information you requested. This is a formal notice that Section 17(1) - Information not held applies to your request, under the Freedom of Information Scotland Act (2002).

Additional Information

It is not the remit of PHS to undertake viral culture. However information on the culture process of SARS CoV-2 is available to Public Health Scotland. Note that this is published by labs who carry out the process. I include the following web links

- [COVID-19 research repository](#)
- [WHO global research on Coronavirus](#)

fraudulent monkey cell cultures & isolation/purification

"If you do not have these do you know of any laboratories who do have them here in Scotland."

Response

Public Health Scotland does not hold the information you requested. This is a formal notice that Section 17(1) - Information not held applies to your request, under the Freedom of Information Scotland Act (2002).

Additional Information

I can advise that that your request would be more appropriately addressed to University of Glasgow, you can contact them via foi@gla.ac.uk.

Scottish Information Commissioner's website:
For information I include a link to the Regulator's [website](#).

If you are unhappy with our response to your request, you do have the right to request us to review it. Your request should be made within 40 working days of receipt of this correspondence, and we will reply within 20 working days of receipt. The review will be undertaken by a reviewer who was not involved in the original decision-making process. The reviewer can be contacted as follows:

The FOI Reviewer
Public Health Scotland
Gyle Square
1 South Gyle Crescent
Edinburgh
EH12 9EB
Email: PHS.FOI@phs.scot

If our decision is unchanged following a review and you remain dissatisfied with this, you then have the right to make a formal complaint to the Scottish Information Commissioner within 6 months of receipt of our review response. You can do this by using the Scottish Information Commissioner's Office online appeals service at www.ispublicknowledge.info/Appeal. If you remain dissatisfied with the Commissioner's response, you then have the option to appeal to the Court of Session on a point of law.

5 Cadogan Street, Glasgow G2 6QE
Edinburgh office: 1 South Gyle Crescent, Edinburgh EH12 9EB

1

15 de febrero y 9 de marzo, 2022:
Escocia: La **Dirección de Salud Pública COVID del COVID, COVID: COVID Ready Society** dice que tener una ruta clara para sintetizar evidencia científica y presentarlo al Gobierno es importante.
Sin embargo, Jason Carroll también confirmó que el gobierno escocés no tiene registro de que el gobierno escocés no tenga registro de que se encuentre en los fluidos corporales de cualquier hombre enfermo en la Tierra y purificado... lo que sería necesario para que se pueda secuenciar, caracterizar, estudiar con experimentos controlados y demostrar que existen.
En marzo de 2022, una respuesta a una apelación resultó la confirmación anterior.
<https://www.fluoridefreepeel.ca/wp-content/uploads/2022/04/Scottish-govt-w-appeal-2022-PACKAGE.pdf>

Response to your request

This is a formal notice under **Section 17(1)** of FOISA that the Scottish Government does not have the information you have requested.

Throughout the epidemic, having a clear route for synthesising scientific evidence and presenting that to Government is important. To do this, scientific advice is provided by the [Scottish Government COVID-19 Advisory Group](#). In addition, the Scottish Government is informed by SAGE, and its sub groups of which further details can be found on the [UK Government website](#).

11 de abril de 2023:

3 años más tarde y aún así la gente de **Public Health Wales** tuvo que confesar a Tim que no tiene registro de nadie en la Tierra encontrando y purificando el imaginario . **SARS-COV-2** . de cualquier fluido corporal / tejido/excremento:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2023/06/PH-Wales-2023-PACKAGE-redacted.pdf>

Sus confesiones/incumplidas anteriores se pueden encontrar [aquí](#).

From: FOI (Public Health Wales) <phw.foi@wales.nhs.uk>
Sent: 11 April 2023 14:10
To: Tim [REDACTED]
Subject: RE: FOI request CORRECTION

Dear Tim [REDACTED]

Thank you for your recent request. Public Health Wales has not produced any of the below mentioned material.

Please refer to the Public Health Wales disclosure log for previous FOI responses (FOI 850 - SARS-COV-2 virus records)

<https://www2.nphs.wales.nhs.uk/DisclosureLog.nsf/byMonthPage?OpenPage>

Thanks,

Alex

de mayo de 2023:

Algaño hombre/mujer (o tal vez AI) en **Cardiff y Vale University Health Board, Gales** confesó a Tim que no tienen ningún registro de nadie en la Tierra encontrando y purificando el imaginario **de la SARS-COV-2** de cualquier fluido corporal/tejido/excremento y sugirió que le **preguntara** a **Salud Pública Gales** (ver arriba);<https://www.fluoridefreepeel.ca/wp-content/uploads/2023/06/Cardiff-and-Vale-University-Health-Board-Wales-PACKAGE-redacted.pdf>

Freedom of Information Act 2000 - Request Reference FoI/23/160

Covid-19 Studies

Information Requested:

Description of Requested Records:

All studies and/or reports in the possession, custody or control of NHS Wales describing the **purification** of the alleged "COVID-19 virus" (aka "SARS-COV-2", including any alleged "variants") directly from a sample taken from a diseased human, where the patient sample was not first combined with any other source of genetic material (i.e. monkey kidney cells aka Vero cells; fetal bovine serum).

Clarification of Request:

Please note that I am **not** requesting studies/reports where researchers failed to **purify** the suspected "virus" and instead:

- cultured something, and/or
- performed an amplification test (i.e. PCR), and/or
- fabricated a genome from sequences (allegedly) detected in an impure substance, and/or
- produced electron microscopy images of unpurified things.

I am already aware that according to virus theory a "virus" requires host cells in order to replicate, and am **not** requesting records that describe **replication** of a 'virus' without host cells. Nor am I requesting records that describe a strict fulfillment of Koch's Postulates, or records where researchers conflate extraction of genetic material from a patient sample or cell culture with "virus isolation", or records that describe a suspected "virus" floating in a vacuum, or private patient information. I simply request records that describe **purification** (separation of the alleged virus from everything else in the patient sample, as per standard laboratory practices for the purification of other very small things). Please note that my request includes any study/report matching the above description, **authored by anyone, anywhere.**

If any records match the above description of requested records and are currently available in the public domain, please provide enough information about each record so that I may identify and access each one with certainty (i.e. title, author(s), date, journal, where the public may access it). Please provide URLs where possible.

Response details:

Cardiff and Vale University Health Board (the UHB) does not hold this information. Under Section 16 of the FOIA, which provides us with the duty to advise and assist, the UHB can inform you that Public Health Wales may be able to assist you with your query, please see their contact details below,

foi.phw@wales.nhs.uk

Salud Pública de Gales proporcionó al Dr. Dr. Janet Menage una excusa escueta para no ayudar adecuadamente con su petición (Dr. Menage ha presentado una queja al equipo de PHW -Corporate Complaints); véase la respuesta de PHW.s aquí:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2020/10/Puplic-Health-Wales-453-Isolation-of-Sars-COV-2.pdf>

Freedom of Information request to Public Health Wales

FOI Reference:	FOI 453
Date request received	06 October 2020

Thank you for your recent request. Public Health Wales has not produced any of the above mentioned material. Any records that may be in possession of Public Health Wales would be material that is already in the public domain, which we would decline to supply under Section 21 of the Freedom of Information Act.

Under our duty to assist, we would ordinarily be willing to provide links or advise where you may be able to find such documentation if we held it within our systems, however the information above would prove to be too wide in terms of search parameters for us to identify any records with certainty that we hold.

Aquí hay una respuesta esquivada segunda y más reciente de **Public Health Wales** sin que no haya registrado ningún registro, o cita de ningún registro, de aislamiento/purificación de la SARS-COV-2 hecha por cualquier persona, en cualquier lugar, jamás. <https://www.fluoridefreepeel.ca/wp-content/uploads/2020/12/PHWales.pdf>

A continuación se presenta una captura de pantalla de una respuesta de Libertad de Información al Sr. James McCumiskey, autor de *The Latest Conspiracy: The Biomedical Paradigm*, del University College Dublin, explicando que [el Laboratorio Nacional de Referencia de Virus de Irlanda no tiene registros que describan cómo se purificó el Coronavirus de la Novela](#). Haz clic en el enlace para más detalles.

Mr James McCumiskey
By email: jl_mccumiskey@yahoo.ie

22 June 2020

Reference: FOI12_1_544 Internal Review

Dear Mr McCumiskey,

I refer to your application for an internal review under the Freedom of Information Act 2014 of a decision by Ms Debbie Scanlan, dated 22 May 2020, concerning item 1 of your request for access to records of the National Virus Reference Laboratory (NVRL), as follows: *"1) I am looking for a scientific paper, which demonstrates how the Novel Coronavirus was purified? Surely, if the NVRL is able to detect the Novel Coronavirus, it should also be able to demonstrate how it is purified?"*

In the original decision, Ms Scanlan refused part 1 of your request on grounds that the University do not hold records to answer your request (Section 15 (1) (a)).

I have now conducted an internal review in accordance with Section 21 of the Act. I wish to inform you that I affirm the original decision.

The University's position is that matters of academic debate cannot be conducted under FOI and we would not regard academic research material as administrative records of an FOI body that would make them available for release under the legislation. The NVRL have advised that they do not culture live SARS-CoV-2 or purify SARS CoV 2 antigens. They detect SARS-CoV-2 RNA in diagnostic samples, as per the PCR assay that was shared with you previously. As such, there are no relevant records held and no further searches that may be taken for records that would provide an answer to your query. Section 15 (1) (a) of the FOI applies.

The University is committed to its obligations under the Act to provide requesters with access to records held by it and with reasons for its decisions that affect them. In this case, we regret that we cannot assist you further.

Under the Act, the University is required to advise you of your right, following receipt of your internal review decision, to make a further review application by writing to the Information Commissioner, 18 Lower Leeson Street, Dublin 2.

Yours sincerely,

Mr Julian Bostridge
Director of Legal Services

23 de diciembre de 2020:

Irlandas El Ejecutivo de Servicios de Salud (HSE) informó al Sr. Robert Pye que no tienen registro describiendo aislamiento/purificación de la muestra de un paciente, por cualquier persona, en cualquier lugar (creo que esta es la respuesta reportada por Gemma O-Doherty el año pasado. Finalmente obtuve una copia):

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/12/Irlanda-HSE-PACKAGE.pdf>

Following consultation with my colleagues, both from the scientific and medical areas of HPSC can confirm that we would hold no records in relation to your request. These are the reasonable steps I have taken to ascertain the whereabouts or existence of such records and unfortunately I must inform you that having undertaken these searches we were unable to locate the records in question. I am satisfied that all reasonable steps have taken to locate the records you have requested and must refuse therefore your request under Section 15.1(a) of the FOI Act 2014.

15 de septiembre de 2022:

El Laboratorio Nacional de Referencia contra el Virus de Irlanda en el University College de Dublín confesó, en 2 respuestas separadas de la FOI, que no tienen estudios firmados, documentados y verificados sobre el agente causal de los estudios de validación verificados para la adquisición de equipos de verificación de PCR:

By Email: [REDACTED]

15 September 2022

Reference: FOI 12_1_988

Dear [REDACTED]

I refer to your request under the Freedom of Information Act 2014 for access to records held by the University. You requested the following:

"as the named laboratory for my daughter's PCR test, please provide to us the signed, documented and verified studies for the causative agent of Covid-19."

Having considered the provisions of the Acts, I have decided to deny access to the requested records on the grounds that the records do not exist.

As no records exist, I therefore invoke Section 15(a) of the FOI Act which states:

15. (1) "A head to whom an FOI request is made may refuse to grant the request where the record concerned does not exist or cannot be found after all reasonable steps to ascertain its whereabouts have been taken"

The NVRL is a diagnostic laboratory that performs diagnostics investigations on patient samples using validated assays. The NVRL has advised our office that the following website - <https://pubmed.ncbi.nlm.nih.gov/> - is for the NIH's National Library of Medicine, where one could search for peer-reviewed articles on SARS-CoV-2 and Covid-19.

If you are dissatisfied with this reply to your FOI request, you may have it reviewed. You must make your application for internal review in writing to this office within four weeks of receiving this letter. The making of a late application for internal review may be permitted in appropriate circumstances.

Where you are dissatisfied with the outcome of the internal review, you can appeal in writing to the Information Commissioner, 18 Lower Leeson Street, Dublin 2. You have six months to make such a request, but in certain circumstances, late reviews may be permitted.

Yours sincerely,

PP. Dee Synnott – Information Compliance Officer

Debbie Scanlan
Information Compliance Manager

Agosto/septiembre de 2022:

Danni y Tonny en **Dinamarca** presentaron FOIs para los registros de **cualquier**

"virus" que las autoridades recomiendan que los niños sean vacunados contra ser aislados/purificados. Danni describió las respuestas:

Un médico de *Sundhedsstyrelsen* dice que no tienen evidencia científica. Basan las recomendaciones en el hecho de que han estado vacunando a los niños durante décadas.

Y un abogado de *Statens Serum Institut* buscó en la base de datos de la revista y no se le ocurrió nada. No pudo encontrar nada que coincidiera con mi petición. Había usado la plantilla de uno de sus FOIs en SARS COV 2.

<https://www.fluoridefreepeel.ca/wp-content/uploads/2023/03/Dinamarca-Statens-Serum-Institut-PACKAGE-redacted.pdf>

Anmodning om aktindsigt

Kære Danni [REDACTED] & Tonny [REDACTED]

I har ved e-mail af 7. september 2022 præciseret i forbindelse med tidligere sendt anmodning af 16. august 2022, at anmodningen omfatter følgende:

”...

Vi anmoder om alle studier som ligger bag jeres anbefalinger af børnevaccinationsprogrammet, som overholder de listede kriterier.

Dvs bevis for eksistensen af de vira man immuniserer børn imod her i Danmark.

...”

Statens Serum Institut har på den baggrund foretaget en række søgninger i journaliseringssystem med henblik på at identificere dokumenter omfattet af anmodningen. Statens Serum Institut har på den baggrund ikke identificeret dokumenter omfattet af aktindsigtsanmodningen. Institutet kan derfor ikke imødekomme jeres anmodning om aktindsigt, jf. offentlighedslovens § 7, stk. 1, modsætningsvis.

1. KLAGEVEJLEDNING

Klage over denne afgørelse om aktindsigt kan ske til Sundhedsministeriet. Du skal dog indledningsvis sende din klage til Statens Serum Institut, Direktionssekretaria@ssi.dk. Hvis din klage ikke giver Statens Serum Institut anledning til at ændre afgørelsen, sender Statens Serum Institut klagen samt sagens dokumenter og herunder afgørelsen til Sundhedsministeriet snarest og som udgangspunkt senest syv arbejdsdage efter modtagelsen af klagen ved Statens Serum Institut, jf. offentlighedslovens § 37, stk. 1 og 2.

Med venlig hilsen

Ayan [REDACTED]
Jurist
Direktionssekretariatet

STATENS
SERUM
INSTITUT

J. no.: 20/08162
10 September 2020

Request for access to documents

Dear Alex Holmstedt

By email on 10 August 2020, you requested to documents as follows:

"In continuation of the reply of Statens Serum Institut of 8 July 2020 as to the request for access to bibliographies, to which the Administration has informed that it "is not in possession" of:

Bibliography, ... showing articles on SARS-CoV-2 having been isolated and purified.

*"Purified" is to be understood according to the principles described here:
<https://www.news-medical.net/life-sciences/Virus-Purification-Methods.aspx> "*

In accordance with the Public Access to Information Act, full access to documents is sought as to the following:

Documentation that has convinced Statens Serum Institut about the real existence of SARS-CoV-2, the alleged cause of COVID-19 - since it must be assumed that indisputably evidence for the real existence of SARS-CoV-2 must lie behind the actions that have been imposed on the Danish society."

On 11 August 2020, Statens Serum Institut* acknowledged receipt of your request, stating that due to the special circumstances applied to Statens Serum Institut, we were unable to inform you as to when a final answer to your request would be made.

On 25 August 2020, Statens Serum Institut stated that we expected to be able to respond to your inquiry within 14 work days.

We regret to inform you that due to the special circumstances that apply to Statens Serum Institut, we were unable to answer your request until now.

Statens Serum Institut has now reviewed the case.

1. DECISION

Statens Serum Institut hereby states that we have now carried out a journal search for documentation that has convinced Statens Serum Institut about the real existence of SARS-CoV-2, the alleged cause of COVID 19, and in addition, we have tried in other ways to locate relevant documents. Statens Serum Institut ascertain that we are not in the possession of the requested documents.

* *The Danish Central Health Laboratory*

Vídeo relacionado: **Los funcionarios de salud de Dinamarca** se indignaron y se defensivaron durante una conferencia de prensa cuando le preguntó por la periodista Kristofer Krarup sobre las respuestas del FOI de sus propias instituciones que indican

que tienen cero pruebas de "el virus":

<https://www.bitchute.com/video/AiwB5h4VCnTH/>

Abril 2020: En respuesta a una consulta del Dr. Kevin Corbett, **de Salud Pública de Inglaterra**, admitió haber usado material falso para evaluar las pruebas de la norma de oro, que el patrón oro no es un virus aislado, y más:

<https://www.fluoridefreepeel.ca/public-health-englands-answers-to-covid-19-testing-questions/>

Subject: OFFICIAL: RE: Data request

From: WNCov.virology <WNCov.virology@phe.gov.uk>

Date: 28-Apr-20, 17:45

CC: Maria Zambon <Maria.Zambon@phe.gov.uk>, WNCov.virology <WNCov.virology@phe.gov.uk>

OFFICIAL

Professor Zambon asked that we respond to your request for data, as below.

i) RT-PCR tests –

- the gold standard for PCR tests is not virus isolation
- PCR tests are developed using synthetic transcripts; field use data are not widely available yet

No hay registros de aislamiento de la muestra no adulterada, dijo a Andrew Johnson, un tutor de tecnología de una Universidad de Reino Unido:

<https://www.whatdotheynow.com/request/679566/response/1625332/attach/html/2/8762FOI%20All%20records%20de%20de%20de%20of%20S%20of%20S%20C%20O%202.pdf.html>. Este es el escrito de Andrews sobre su solicitud de FOI:

<https://cypandemicinvestigation.com/2020/08/phe-has-no-real-evidence-that-sars2-cov2-causes-covid-19-chromosome-8-blood-plasma-treatment-and-more/>.

Meses atrás, el **Comité de Ciencia de StandUpX** publicó una carta abierta fechada el 22 de junio de 2020 al primer ministro británico, Boris Johnson. A continuación se presenta una captura de pantalla de su carta, exigiendo pruebas científicas del supuesto virus COVID-19. (Su carta completa se puede ver y/o descargar aquí:

<https://kevinpcorbett.com/onewebmedia/Firmado%20StandUpX%20definitive.pdf>

)

Therefore, we demand that by July 22nd 2020, Public Health England must:

1. Produce independently peer reviewed scientific evidence proving that the Covid-19 virus has been isolated and purified in the reference laboratories run by Public Health England under the leadership of Professor Zambon (Imperial College London/SAGE member) ignoring the instructions not to do so issued by the World Health Organisation.
2. Produce independently peer reviewed scientific evidence proving that Covid-19 virus causes disease using all of the Koch Postulates.

If the United Kingdom Government's own health agency - Public Health England – CANNOT show independent and peer-reviewed proof that a virus exists which causes COVID-19 then the Government must DECLARE THERE IS NO SUCH VIRUS AND CEASE MEASURES AGAINST SOMETHING WHICH DOES NOT EXIST, including producing a vaccine and the Government's Track+Trace policy.

El miembro del Comité de StandUpX también hizo la demanda verbalmente fuera de la sede del gobierno del Reino Unido; imágenes de vídeo de la demanda están disponibles en este url (el video incrustado de abajo - que es un video diferente con Peirs Corbyn; WordPress no el pie de la demanda de alguna razón, así que por favor haga clic en este url para ver la demanda, no en la imagen de abajo):

A continuación se muestra el video de Piers Corbyn llamando al gobierno del Reino Unido por el no aislamiento de su virus teórico "SARS-COV-2".

<https://www.bitchute.com/embed/1eDDh3eqFPAJ/?feature=oembed?secret=SiAIVe09>

M ERRATUM: En la descripción debajo del video (en la página del bitchute) los autores de la publicación en la prueba de Drosten PCR se refieren a tiene "Drosten et al" cuando deberíaLea "Croman et al".

StandUpX tiene una petición titulada "*Si no hay pruebas de que exista el virus terminan con todas las acciones de Lockdowns/Masks/Trax/Vax*". Si puedes decir la diferencia entre el aislamiento y el negocio fraudulento de monos, por favor considera firmarlo, aquí: <https://www.gopetition.com/petitions/if-theres-no-proof-the-virus-exists-end-all-lockdownsmaskstraxvax-actions-2.html>

En abril, el miembro del comité de StandUpX Dr. Kevin Corbett MSc PhD publicó [@KPCResearch](#) un artículo en el que se describían temas en torno al no aislamiento del virus teórico SARS-COV-2. A continuación se describe una captura de pantalla de su trabajo titulada "**Sobre la EVIDENCIA PARA LA EXISTENCIA DEL CORONAVIRUS, SARS-CoV-2", Y LA ACCURAC DE LA TESTS**, a la que se puede acceder aquí:

<https://kevinpcorbett.com/onewebmedia/WHERE%20IS%20THE%20TELDENC E%20FOR%20THE%20E%20OF%20THE%20THE%20CORONAVIRUS%20F INAL2.pdf>

Ogenstad et al (2020) are clearly admitting that no purified infectious 'novel Coronavirus' ('SARS-Cov-2') has ever been adequately demonstrated as coming from patients (e.g. see Huang et al 2020). The implication is that the 'novel Coronavirus' RNA/antibodies whose veracity are assumed by PHE/FDA may not actually prove to be 'viral' but could represent other phenomena. For example some scientists like Andrew Kaufman (Kaufman, 2020) suggest these may be 'exosomes', whilst others point to numerous confounding process artefacts (Schierwater et al 2009), or due to the laboratory 'quality processes' which appear remarkably open to errors and misinterpretation (Bustin and Nolan 2017). Until the proper research is suitably undertaken (and reproduced) regulators cannot scientifically claim that the tests are accurate.

Adígase que **la OMS aconsejó a Salud Pública de Inglaterra (y al resto del mundo) no aislar el virus como un procedimiento de diagnóstico rutinario, y la OMS fomenta la confluencia de aislamiento con la cultivación.** Veá las imágenes de la siguiente manera de la página 4 del documento de Orientación Provisional de fecha 2 de marzo de 2020 . *Pruebas de laboratorio para la enfermedad coronavirus 2019 (COVID-19) en casos sospechosos de ser humano.* Corbett de StandUpX: <https://www.fluoridefreepeel.ca/wp-content/uploads/2020/11/WHO-COVID-19-laboratory-2020.4-eng.pdf> y página 8 de las *pruebas diagnósticas para la guía provisional SARS-CoV-2 11 de septiembre*

Laboratory testing for coronavirus disease 2019 (COVID-19) in suspected human cases

Laboratories with limited experience in testing for COVID-19 virus are encouraged to work with laboratories with more experience with this pathogen to have their initial test results confirmed and to improve their own performance.

Viral culture

Virus isolation is not recommended as a routine diagnostic procedure.

Viral isolation

Virus isolation is not recommended as a routine diagnostic procedure. All procedures involving viral isolation in cell culture require trained staff and BSL-3 facilities. A thorough risk assessment should be carried out when culturing specimens from potential SARS-CoV-2 patients for other respiratory viruses because SARS-CoV-2 has been shown to grow on a variety of cell lines [183].

Actualización, 1 de octubre de 2020: Mi colega en Nueva Zelanda recibió recientemente una respuesta de No Records de **Public Health England** - idéntica a la respuesta de "no records" anterior que ya fue proporcionada a Andrew Johnson. Puede acceder a esta segunda respuesta de PHE aquí: <https://www.fluoridefreepeel.ca/wp-content/uploads/2020/10/Public-Health-England-scrubbed.pdf>

Actualización 1 de noviembre de 2020: Marc Horn también cuestó a **Public Health England** para que los registros descenteran el aislamiento de la categoría de una muestra que no está sin adulterar con material genético adicional. Respuesta: no records. <https://www.fluoridefreepeel.ca/wp-content/uploads/2020/11/PHE-FOI-re-re-SARS-COV-2-isolation.pdf>

Otra respuesta de **la FOI de Public Health England de fecha 3 de noviembre de 2020**, en respuesta a una solicitud de Athanasios Kandias para registros (reprosor aislamiento

SARS-COV-2) en poder de la **Junta Nacional de Normas Biológicas**. <https://www.whatdotheyknow.com/request/701311/response/1669071/attach/2/1740%20FOI%20NIBSC%20cords%20on%20on%20SARS%20COV%20.pdf?cookie.passthrough=1> (Preservado aquí: pdf)

No hay registros que respalden la afirmación de que el presunto virus de la "SARS-COV-2" causa síntomas de COVID-19", dice **Public Health England**, en respuesta a una consulta de Marc Horn. Tenga en cuenta que PHE citó 3 estudios disponibles al público, ninguno que implique el aislamiento de una muestra no adulterada con material genético adicional. <https://www.fluoridfreepeel.ca/wp-content/uploads/2020/11/PHE-FOI-re-re-re-SARS-COV-2-isolation-and-causation-de-COVID-19.pdf>

7 de septiembre de 2021:

Salud Pública de Inglaterra no volvió a citar ningún registro de la purificación de la SARS-COV-2:

<https://www.fluoridfreepeel.ca/wp-content/uploads/2021/09/PHE-Sept-7-2021-PACKAGE.pdf>

Our ref: 11/08/21/ag/1028

07 September 2021

Dear Lewis Murphy-Munroe,

Re: FOI request

Thank you for your request received on 11 August 2021 addressed to Public Health England (PHE). In accordance with Section 1(1)(a) of the Freedom of Information Act 2000 (the Act), I can confirm that PHE does not hold the information you have specified.

Request

I am filing a challenge to my public health act by writing to request information of the isolation of a SARS-CoV-2 virus directly from a sample taken from a diseased patient, where the patient sample was not first combined with any other source of genetic material (ie. monkey kidney cells aka vero cells; liver cancer cells).

I am using "isolation" in the everyday sense of the word: the act of separating a thing(s) from everything else. I am not requesting records where "isolation of SARS-CoV-2" refers instead to:

*-the culturing of something, or
-the performance of an amplification test (i.e a PCR test), or -the sequencing of something.*

To conclude, I am requesting all such records that are in the possession, custody or control of Public Health England (for example: downloaded to a computer, printed in hard copy, etc.).

Response

In accordance with Section 1(1)(a) of the FOI Act, PHE can confirm that it does not hold the information you have requested.

Viruses are not independent living entities. They require a host cell substrate to replicate.

PHE's microbiology teams use the term "isolation" to mean culture in the laboratory. It is used sometimes interchangeably to mean isolation from a patient or clinical material – but usually implies that the organism has been grown in culture. An organism is identified by looking for its unique genetic material in a clinical sample and further identification is refined and confirmed by whole genome sequencing.

The Virus Reference Laboratory at PHE, Colindale, London has grown the virus, SARS-CoV-2. The virus culture method has been published in the following peer-reviewed paper: <https://www.eurosurveillance.org/content/10.2807/1560->

20 de septiembre: **Salud Pública de Inglaterra** confirmó para Yvonne Hobbs que no contiene ninguna información de purificación de ningún virus de COVID-19 o de los "variantes".

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/10/PH-England-PACKAGE-redacted.pdf>

By email

Our ref: 18/09/21/ag/1345

20 September 2021

Dear Yvonne Hobbs,

Re: Covid-19

Thank you for your request received on 18 September 2021 addressed to Public Health England (PHE). In accordance with Section 1(1)(a) of the Freedom of Information Act 2000 (the Act), I can confirm that PHE does not hold the information you have specified.

Request

All studies and/or reports and/or records in the possession, custody or control of the addressed body corporate describing the purification (i.e. via filtration and ultra-centrifugation and chromatography) of any "COVID-19 virus" (aka "SARS-COV-2", including any alleged "variants" i.e. "B.1.1.7", "B.1.351", "P.1") directly from a sample taken from a diseased man, where the patient sample was not first combined with any other source of genetic material (i.e. monkey kidney cells aka Vero cells; fetal bovine serum, liver cancer cells) and also studies and/or reports and/or records in the possession, custody or control of the addressed body corporate proving a causal link between Sars-Cov-2 and the suspected infectious disease Covid-19.

Please note that I am not requesting studies/reports where researchers failed to purify the suspected "virus" (separate the alleged "virus" from everything else in the patient sample) and instead:

- cultured an unpurified sample or other unpurified substance, and/or*
- performed an amplification test (i.e. a PCR test) on the total RNA from a patient sample or from a cell culture, or on genetic material from any unpurified substance, and/or*
- fabricated a genome based on PCR-detected sequences in the total RNA from a patient sample or from a cell culture or from any unpurified substance, and/or*

produced electron microscopy images of unpurified things in a cell culture

In accordance with Section 1(1)(a) of the FOI Act, PHE can confirm that it does not hold the information you have requested.

Viruses are not independent living entities. They require a host cell substrate to replicate.

28 de septiembre de 2021:

Salud Pública de Inglaterra confirmó que todavía no tienen registro de la purificación de la SARS-COV-2 (incluyendo los "variantes), por cualquier persona, en cualquier

lugar:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/09/Public-Health-England-SARS-COV-2-v3-Redacted-2021-09-28.pdf>

5 de enero de 2023:

NHS Grampian confesó a Kevin McKenzie que no tienen registro de que el imaginario **SARS-COV-2** sea encontrado y purificado desde cualquier lugar, en cualquier lugar, nunca:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2023/03/NHS-Grampian-PACKAGE-redacted.pdf>

El canal de bitchute de Kevin está aquí:

<https://www.bitchute.com/channel/mckenzie123456789/>

purification of other very small things).

Please note that my request includes any study/report matching the above description authored by anyone, anywhere.

If any records match the above description of requested records and are currently available in the public domain, please provide enough information about each record so that I may identify and access each one with certainty (i.e. title, author(s), date, journal, where the public may access it). Please provide URLs where possible."

I can now respond as follows:

Description of Requested Records:

All studies and /or reports from anywhere in the world describing the purification of the alleged "COVID-19 virus" (aka "SARS-COV-2" including any alleged "variants") directly from a sample taken from a diseased human, where the patient sample was not first combined with any other source of genetic material (i.e. monkey kidney cells aka Vero cells; fetal bovine serum).

Clarification of Request

Please note I am not requesting studies/reports where researchers failed to purify the suspected "virus" and instead:

- * cultured something, and/or
- * performed an amplification test (i.e. PCR), and/or
- * fabricated a "genome" from millions of sequences (allegedly) detected in an impure substance, and/or
- * produced electron microscopy images of unpurified things.

I am already aware that according to virus theory a "virus" requires host cells in order to replicate, and am not requesting records that describe replication of a "virus" without host cells. Nor am I requesting records that describe a strict fulfillment of Koch's Postulates, or records that describe a suspected "virus" floating in a vacuum, or private patient information.

I simply require records that describe purification (separation of the alleged virus from everything else in the patient sample, as per standard laboratory practices for the purification of other very small things).

Please note that my request includes any study/report matching the above description authored by anyone, anywhere.

If any records match the above description of requested records and are currently available in the public domain, please provide enough information about each record so that I may identify and access each one with certainty (i.e. title, author(s), date, journal, where the public may access it). Please provide URLs where possible.
In relation to all of the above NHS Grampian can advise it does not hold any studies or reports into what is requested; s.17 of the Act refers – Information not held.

27 de julio de 2021: En Inglaterra, el **Pennine Acute National Service Trust** y el **Salford Royal National Health Service Foundation Trust** revelaron en las respuestas del FOI:

- Que tienen en total cero registros re .SARSCov2 (y sí, sabemos que una aplicación estricta de Kochs no sería posible, incluso si existiera realmente el imaginario virus; tenga en cuenta que estas instituciones proporcionaron un montón de datos no solicitados, pero no hay registros en absoluto de aislamiento/purificación de virus);
- Se han realizado pruebas de PCR con hasta 42 ciclos;
 - 10 niños murieron en los 28 días siguientes a dar positivo en una prueba de conyuge;

Debido a la muerte no se registra en nuestros sistemas clínicos. Respuesta completa:
<https://www.fluoridefreepeel.ca/wp-content/uploads/2021/07/NCA-FOI-11135-package.pdf>

Response – Salford Royal Foundation Trust

1. I would like to know the number of cycles you have been using on PCR (Polymerase Chain Reaction) test as standard and if that number has ever been changed at anytime for whatever reason.

The Trust uses the following Commercial CE IVD assays - Hologic Panther, Cepheid, BD Max, Abbott Alinity, Abbott M2000 and AusDiagnostics Hi-Plex. The number of thermal cycles across all the platforms in use varies slightly and the maximum is 42; the parameters for all these assays are available from the commercial suppliers. The Trust does not alter them for any reason.

2. I would also like to know how many children under the age of 16 have been logged as a death from SARSCov2 without any underlying health issues.

There were no children under the age of 16 who died within 28 days of a positive COVID-19 test result.

3. And can you tell me if you have any records of SARSCov2 going through Koch's Postulates.

The Trust has not recorded any cases going through Koch's Postulates.

No hay registros que respalden la afirmación de que el presunto virus "SARS-COV-2" causa síntomas de la **Cámara de los Comunes del Reino Unido**, en respuesta a una pregunta de Marc Horn:

No hay registros que respalden la afirmación de que el presunto virus de la SARS-COV-2 causa los síntomas de la **Cámara de los Lores del Reino Unido**, en respuesta a una pregunta de Marc Horn:

El Ejecutivo británico de Salud y Seguridad confirmó para Athanasios Kandias el 3 de noviembre de 2020 que no tienen información relacionada con el aislamiento de la SARS-COV-2.

<https://www.whattheyknow.com/request/documents.held-held-showing.sars.cov2-3>
(Como aquí: <https://www.fluoridefreepeel.ca/wp-content/uploads/2020/11/Health-and-Safety-Executive.pdf>).

He aquí un exasperante intercambio de correos electrónicos entre yo y el **Imperial College de Londres**, hogar del deshonrado director de la categoría de Salud Pública Neil Ferguson y el Director Adjunto de Servicio Nacional de Infección de Inglaterra y Director de Servicios de Microbiología de Referencia, virólogo británico, la **profesora Maria Zambon** FMedSci FRCPath. Es evidente que la Universidad no tiene registros que describan el aislamiento/depurificación de la SARS-COV-2, pero no está dispuesto a admitirlo:

<https://www.fluoridefreepeel.ca/wp-content/uploads/2022/01/Imperial-College-London-FOI-exchange-SARS-COV-2-isolation-updated.pdf>

We explained in our response to you that we do not keep records of what material has been printed or downloaded by our staff and students. In order for us to deal with your request in its present form we would need to ask all staff and students at the College whether they had downloaded or printed information on the isolation of the virus and ask them to provide details. As the college has about 20,000 students and 8,000 members of staff that approach is not practical. The exemption at Section 12 of the Freedom of Information Act, which provides that organisations need not respond to Freedom of Information Act requests if it would take more than 18 hours to extract and compile the information requested, would apply.

Kepa Ormazabal presentó una solicitud de libertad de información al **Ministerio de Salud de España** para registros bibliográficos de estudios que describen el aislamiento/purificación de la Real *Academia* Española; la respuesta del Ministerio no arrojó registros:

<https://www.fluoridfreepeel.ca/wp-content/uploads/2021/03/Spain-Ministry-of-Health-de-Health-request-request-w-translation.pdf>

8 de septiembre de 2021: **El Ministerio de Salud de España** dio una respuesta uber-evasiva a una organización llamada Liberum, reísado aislamiento/purificación, caracterización, cultivo, etc. del presunto virus COVID-19. Estas son las preguntas reales planteadas por Liberum (proporopregado por un miembro), con una traducción al inglés (automizada) y las respuestas también con una traducción al inglés (automizada). El Ministerio de la evasión total de la repuración, y su admisión de que ni siquiera se molestan con las culturas falsas de células monstruosas, habla mucho:

<https://www.fluoridfreepeel.ca/wp-content/uploads/2021/10/España-Ministry-of-Health-Liberum-request-PACKAGE.pdf>

On genomic sequencing of the virus you can consult the following link:

<https://www.mscbs.gob.es/profesionales/saludPublica/ccayes/alertasActual/nCov/documentos/Integracion-de-la-secuenciacion-genomica-en-la-vigilancia-del-SARS-CoV-2.pdf>

The Ministry of Health does not have a SARS-CoV-2 culture for testing, and it does not have a registry of laboratories with culture and isolation capacity for testing.

In relation to the SARS-COV-2 diagnostic tests, and in general, with issues related to the SARS-Cov-2 pandemic, the Ministry of Health works with the aforementioned documents, which are updated according to epidemiological need, to enable decision-making in relation to the management of the pandemic, and the dissemination of information to third parties that can use it in their specific environments. In this sense, the most conceptual and definitional issues remain more in academic and teaching environments, with the Ministry of Health playing a more secondary role and not acting on these issues in its power.

Finally, the evaluation of patients in relation to their state of health, be it COVID-19 or another disease or pathology, is the responsibility of the reference health professionals. The tests, by themselves, are not usually sufficient to determine disease, requiring an expert evaluation of the person who has been tested. Either way, the case definition can be found at the following link:

15 de septiembre de 2021: aquí está un informe de España discutiendo una demanda de acción colectiva aparente exigiendo pruebas del virus, en forma de una muestra para ser sometido a verificación independiente:

<https://digitalwarriors.uk/great-news-out-of->

spain/?fbclid=IwAR376xHErLyVCZRCruY-60spufsBPnb0a-4GknQluYE4cqZwVhdelZo

7 de marzo de 2023:

Los CDC europeos confesaron que no tenía registro de la supuesta **proteína de pico SARS-COV-2** - encontrada y purificada de cualquier persona que fuera diagnosticada con cómpis falsas o que recibiera una llamada vacuna contra ARNA.

La solicitud descartó estudios en los que los investigadores hicieron algo con proteína de ápada de á

Francesco Cantele

Stoccolma, 7 Marzo 2023

N.ref.: PHF-2023-OUT-0479-VLEIKh

Egregio Signore,

Oggetto: La sua domanda di accesso a documenti – Ref 23-0957

Le scrivo in riferimento alla sua email del 26 Febbraio 2023, contenente una domanda di accesso, registrata con il numero indicato in oggetto.

La sua richiesta concerneva:

"un qualsiasi studio o documento prodotto direttamente o possesso di ECDC che descriva il ritrovamento della proteina Spike riconducibile al virus SARS-CoV-2 in una persona (ad esempio nei fluidi corporei, tessuti o escrementi) o cui sia stata diagnosticata la presunta COVID-19 o che abbia ricevuto una o più dosi di uno o più dei cosiddetti vaccini COVID disponibili.

Tale ritrovamento deve essere avvenuto mediante purificazione delle particelle e confermato con immagini al microscopio elettronico EM.

Vi chiedo di non inviarmi studi in cui i ricercatori siano ricorsi all'uso di proteina Spike ricombinante (creata in laboratorio) o in cui tale proteina sia stata rilevata indirettamente (cioè senza uno specifico test anticorpale)".

Siamo spiacenti di informarLa che il Centro europeo per la prevenzione ed il controllo delle malattie (ECDC) non possiede nessun documento corrispondente alla descrizione tale e come contenuta nella Sua domanda.

Il regolamento (CE) n. 1049/2001 specifica al suo articolo 2, paragrafo 3, che il diritto d'accesso come definito dallo stesso regolamento si applica solo a documenti esistenti e in possesso dell'istituzione.

Non possedendo documenti di questo tipo corrispondenti alla descrizione tale e come contenuta nella Sua domanda, l'ECDC non è nelle condizioni di darvi seguito.

1/2

El director del Centro Europeo para la Prevención y el Control de Enfermedades, Andrea Ammon, ha admitido no tener documentación, incluso para la metodología ECDC para demostrar que existe un virus, y mucho menos prueba de SARS-COV-2: <https://www.fluoridefreepeel.ca/wp-content/uploads/2020/11/DOCUMENT-REREQUEST-ECDC-AND-RESPONSE.pdf>

Stockholm, 16 September 2020
Our ref.: DPR-2020-OUT-3176-KEEIKh

Dear Mr [REDACTED],

Re: Your application for access to documents – Ref 20-3696

We refer to your email dated 31 August 2020 in which you make a request for access to documents, registered on 1 September 2020 under the above mentioned reference number, and your follow up email on 2 September 2020 that has been handled under the same reference number as well.

We regret to inform you that no documents were found that would correspond to the description given in your application.

Indeed, as specified in Article 2(3) of Regulation 1049/2001, the right of access as defined in that Regulation applies only to existing documents in the possession of the institution.

Según el sitio web de **la Universidad de Liubliana**, su **Facultad de Medicina** ha participado [en la implementación de los últimos procedimientos de diagnóstico molecular; un intento de aislar el virus *en cultivos celulares* \[oximoron\], que es una condición previa para probar agentes antivirales y vacunas...](#) La Facultad admitió formalmente el 30 de noviembre de 2020 a no tener registro (incluso obtenido de otros) de aislamiento SARS-COV-2 o probar un vínculo causal con el COVID-19; también que se han utilizado 40 ciclos de PCR en toda Eslovenia desde el comienzo de las pruebas. La respuesta original de la Facultad y una traducción al inglés están disponibles aquí:

<https://www.fluoridfreepeel.ca/wp-content/uploads/2021/01/FOI-reply-Slovenia-University-of-Ljubljana-re-islation.pdf>

Prosilka v 3. točki zahteva posredovanje znanstvenih dokazov o izolaciji virusa Sars-Cov-2 v skladu s Kochovimi postulati ter posredovanje študije, ki bi dokazala vzročno zvezo med Sars-Cov-2 in domnevno nalezljivo boleznijo Covid-19. UL MF Inštitut za mikrobiologijo in imunologijo znanstvene študije, ki bi izpeljala dokaz o izolaciji virusa Sars-Cov-2 v skladu s Kochovimi postulati, ni izvajal. UL MF Inštitut za mikrobiologijo in imunologijo prav tako ni izvedel znanstvene študije, ki bi dokazovala vzročno zvezo med Sars-Cov-2 in domnevno nalezljivo boleznijo Covid-19. Organ tako z zahtevanim dokumentom ne razpolaga, zaradi česar je bilo potrebno glede 3. točke zahteve odločiti, kot izhaja iz izreka tega sklepa.

Más recientemente, **el Ministerio de Salud de Eslovenia** declaró que no tenían registros de purificación, pruebas de PCR, etc. y transfirieron una solicitud de FOI al **Instituto de Microbiología e Inmunología (IMI) en la Univerisy de Liubliana**. El IMI finalmente admitió en febrero de 2021 que no tienen registros de purificación de .virus y que las pruebas de PCR se han realizado con hasta 40 ciclos. Las letras más molestas están aquí: <https://www.fluoridfreepeel.ca/wp->

[content/uploads/2021/05/Slovenian-Dept-Health-transfers-to-IMI-at-U-de-Ljubljana-no-isolation-40-PCR-CT.pdf](https://www.fluoridefreepeel.ca/wp-content/uploads/2021/05/Slovenian-Dept-Health-transfers-to-IMI-at-U-de-Ljubljana-no-isolation-40-PCR-CT.pdf)

Y más recientemente, el **Laboratorio Nacional de Salud, Medio Ambiente y Alimentación de Eslovenia (Oculatoriano de Necionalnega za zdravje, okolje in hrano, NLZOH -)** no proporcionó o no cita ningún registro de la purificación prueba de existencia de la empresa de protección salud a pesar de una intervención del Comisionado Información. NLZOH también citó un secreto de negocios en las consultas de respuestas re PCR testing. <https://www.fluoridefreepeel.ca/wp-content/uploads/2021/06/Slovenia-Lab-package-w-translations.pdf>

9 de julio de 2021: **Centro médico principal de Eslovenia - Univerzitetni centro Ljubljana, UKCLJ (Centro Médico de la Universidad Ljubljana)** Propropor:/clics cero registros de aislamiento/purificación de SARS-COV-2, pero sin embargo afirma que se cumplen los postulados de Koch.s, y cita los documentos típicos de los negocios de Mono: <https://www.fluoridefreepeel.ca/wp-content/uploads/2021/07/Slovenia-UKCLJ-request-response-redacted.pdf>

K vprašanju pod zaporedno številko 3 se posreduje povezavo:
<https://www.ncbi.nlm.nih.gov/pmc/articles/PMC7184405/pdf/ciaa325.pdf>
In pojasnilo; podajamo referenco, iz katere je razvidno, da SARS-CoV-2 izpolnjuje Kochove postulate. Vlagatelju ob tem pojasnjujemo, da je Koch s svojim sodelavcem Henlejem postulate objavil, precej preden so bili odkriti virusi. Kasneje so, predvsem v luči spoznanj virologije, Kochovi postulati bili prilagojeni novim odkritjem. Ne vemo sicer, kaj vlagatelj pojmuje pod pojmom "papier", domnevamo, da gre za neposrečen prevod angleškega izraza "paper", ki v tem primeru pomeni članek.

22 de diciembre de 2021:

Argentina. Administración Nacional de Laboratorios e Institutos de Salud .Dr. Carlos Malbrán es descrito como *un organismo público descentralizado dependiente del Ministerio de Salud*, y es un [Centro Colaborador de Vigilancia de la Resistencia Antimicrobiana](#) con adivinanzas.

Monica Tous (-Virology Department Head-) respondió a Edgar Horacio Russo-s request para registros que describen la purificación de la .SARS-COV-2 con una carta sobre PCR .tests, "secuenciación" de sopas de ARN, aislamiento oximorónico de virus, intentos de cultivos de células monos, y esta gema: *La LNR no maneja el uso del microscopio de electrones.*

En caso de apelación, *no hay registros de lo que se solicitó en las condiciones especificadas, ya que no se realiza la purificación viral* (véase la página 16, 21): <https://www.fluoridefreepeel.ca/wp-content/uploads/2022/01/Argentina-Natl-Admin-of-Labs-and-Health-Institutes-PACKAGE-not-redacted.pdf>

2 pdf), a partir de confirmar el resultado detectable, dependiendo del valor de CT, se lleva a cabo la extracción de ácidos nucleicos y el RNA extraído es enviado a la Plataforma de Genómica donde se realiza el intento de secuenciación de genoma completo utilizando protocolos establecidos y estandarizados. Los resultados obtenidos son analizados y están disponibles en la página del Ministerio de Salud (<https://www.argentina.gob.ar/coronavirus/informes-diarios/vigilancia-genomica>). La técnica de microscopía electrónica no se aplica como método diagnóstico de rutina para la detección de SARS-CoV-2. El LNR no maneja el uso del microscopio electrónico”.

Por último agregó: “(...) Además de la caracterización genómica, el laboratorio lleva a cabo el intento de aislamiento viral en cultivos celulares, a partir de muestras clínicas. Para ello, las muestras son filtradas previamente con filtros para seringa de 0.22 µm y se infectan en cultivos de células VERO (células epiteliales del riñón de un mono verde africano). El efecto citopático se confirma mediante RT-PCR en tiempo real o por inmunofluorescencia. El LNR no lleva a cabo técnicas que permitan fabricar genomas”.

No obstante ello, el señor RUSSO consideró que la respuesta no se ajustaba a lo solicitado manifestando que: “(...) El LNR afirma que no lleva a cabo técnicas que permitan fabricar genomas, pero eso es lo que hace, aunque es mi culpa por no definir mejor lo que quiero decir con “fabricar”. Por “fabricar” quiero decir inventar, mapear, secuenciar un supuesto genoma creado arbitrariamente a partir de secuencias genómicas, donde un software decide arbitrariamente cómo y donde se ensamblan. El LNR afirma que “realiza el intento de secuenciación de genoma completo” a partir de “el RNA extraído” de una muestra impresa con resultado PCR positivo”. En virtud de ello, el día 7 de diciembre de 2021 presenté ante esta AAIP un reclamo en los términos del artículo 15 de la Ley N° 27.275, que dio origen a las presentes actuaciones.

En cumplimiento de la Resolución AAIP 4-E/2018, mediante NO-2021-119677532-APN-DPP/AAIP se requirió al sujeto obligado la remisión de los antecedentes del caso y toda otra documentación y/o información que se considerase relevante para la resolución del reclamo.

En respuesta a dicha requisitoria, mediante NO-2021-122264216-APN-INEIA#ANLIS el sujeto obligado amplió su respuesta en la que aclaró: “(...) NO se tienen registros de lo solicitado en las condiciones especificadas dado que no se realiza purificación viral. Las metodologías utilizadas son las que se citan en la nota NO-2021-117551442-APN-INEIA#ANLIS del 3 de diciembre del corriente año”.

Atento a lo expuesto es que corresponde ajustarse a lo previsto en el Criterio N° 3 aprobado por Resolución AAIP N° 48 del 27 de julio de 2018, según el cual se procederá al archivo de todo reclamo cuando: “1. b-El reclamo hubiese sido iniciado por respuesta incompleta o insatisfactoria y el organismo ampliare la información operativamente brindada, o fundare debidamente la denegatoria”.

De no estar de acuerdo el requirente con la información recibida podrá iniciar un nuevo reclamo por ser distintos los motivos que originaron el presente.

Ante ausencia del titular de la AAIP y a los efectos de garantizar el normal desenvolvimiento del organismo, de conformidad con lo dispuesto por la Resolución AAIP N° 30 del 14 de mayo de 2018, se ha recomendado la atención del despacho y la resolución de los asuntos concernientes a la competencia del titular de la AGENCIA DE ACCESO A LA INFORMACION PÚBLICA, en el señor Director Nacional de Protección de Datos Personales, Dr. Eduardo Hernán CIMATO, delegándose la firma correspondiente.

Notifíquese el presente al reclamante conjuntamente con la NO-2021-122264216-APN-INEIA#ANLIS, y al MINISTERIO DE SALUD a través de su Responsable de acceso a la información pública.

AUTO-TRANSLATION (Reviewed)

result”. By virtue of this, on December 7, 2021, he presented before this AAIP a claim under the terms of article 15 of Law No. 27,275, which gave rise to these proceedings.

In compliance with Resolution AAIP 4-E/2018, through NO-2021-119677532-APN-DPP/AAIP, the obliged subject was required to submit the background of the case and all other documentation and / or information that is considered relevant to the resolution of the claim.

In response to said request, through NO-2021-122264216-APN-INEIA#ANLIS the obliged subject expanded its answer in which it clarified “[...] there are NO records of what was requested under the specified conditions since viral purification is not performed. The methodologies used are those cited in note NO-2021-117551442-APNINEIA#ANLIS of December 3 of the current year”.

In view of the foregoing, it is appropriate to comply with the provisions of Criterion No. 3 approved by AAIP Resolution No. 48 of July 27, 2018, according to which all claims will be filed when “1. b- The claim had been initiated due to incomplete or unsatisfactory response and the agency expands the information previously provided, or it duly substantiates the denial”.

If the applicant does not agree with the information received, he may initiate a new claim because of being different the reasons that originated the present.

In the absence of the head of the AAIP and in order to ensure the normal functioning of the agency, in accordance with the provisions of AAIP Resolution No. 30 of May 14, 2018, the National Director of Personal Data Protection, Dr. Eduardo Hernán CIMATO, has been entrusted

18 de junio de 2021: **El Ministerio de Salud de Argentina** sugirió fuertemente en una respuesta de la FOI a Ana María Daverede (resulta las pruebas sin sentido de la PCR COVID-19) que ellos también no tienen registro de que el virus haya sido purificado. En el punto 4 se mencionan *por no tener aislados virales disponibles* (También en el punto 9: *Los no sirven para discriminar el transporte, la infección, la enfermedad, la contagio, la transmisibilidad ...*

Salón de la Verga Connoción

El 15 de febrero de 2021, Kepa Ormazabal presentó una solicitud de FOI reislamamiento/depuración del FOI de la Oficina del **País Vasco (España)** a la **Presidencia y el Departamento de Salud** y a todas las instituciones dependientes. Meses después Kepa escribió: *De acuerdo con la ley, tienen 30 días para responder; 60 si la pregunta es especialmente compleja. Hoy es el 2 de mayo y no he sabido nada de ellos.*

[Zuzenean] 2021/009739 - Buzón de Euskadi.eus - aislamiento sars-cov2

De <Zuzenean-No-Reply@euskadi.eus>
Destinatario [REDACTED]
Fecha 15.02.2021 15:27

**Datos de la solicitud**

Datos personales: Kepa Ormazabal Sanchez

Correo electrónico: [REDACTED]

Número de expediente: 2021/009739

Tipo de solicitud: Información

Asunto: aislamiento sars-cov2

Texto:

Solicito se me proporcione toda la información que consiste en Lehendakartza, el Departamento de Salud y en cualquier organismo dependiente de ellos sobre registros bibliográficos científicos, en cualquier soporte, que describan el aislamiento del virus SARS-Cov2 directamente a partir de muestras tomadas de pacientes diagnosticados de covid-19. Mi solicitud no se refiere a registros bibliográficos científicos basados en muestras que hayan sido mezcladas con otras fuentes de material genético, como, por ejemplo, células de riñón de simio o células de hígado canceroso. Nótese que se usa el término "aislamiento" en el sentido que le da el diccionario la Real Academia Española de "dejar algo solo y separado de otras cosas" o "separar un elemento o un cuerpo de una combinación o del medio en que se halla, generalmente para identificarlo o analizarlo". Por tanto, no estoy solicitando registros bibliográficos científicos sobre cultivos celulares, ni resultados de amplificación de material genético (ya sea por técnica PCR u otras) ni secuenciaciones de material genético.

No es necesario contestar a este mensaje. Atenderemos su petición en el menor plazo posible.

Mensaje enviado a kepa.ormazabal@bizkaia.eu. Si usted no ha realizado la consulta, por favor, [elimine la solicitud](#).

Atentamente

Zuzenean - Servicio de Atención Ciudadana

Nota: para cualquier otra información puede contactar con [Zuzenean - Servicio de Atención Ciudadana](#)

El 30 de marzo de 2021 Kepa Ormazabal presentó otra solicitud de FOI reislándose/purificación del fantasma "virus" al **buque insignia de la investigación española, Consejo Superior de Investigaciones Científicas /Consejo Superior de Investigación Científica** (la siguiente indica la recepción de la solicitud por parte de la institución). Meses más tarde Kepa escribe: *"De nuevo, no han respondido y, por lo*

tanto, su silencio es negarse a acceder a la información que pueden tener con respecto a mi pregunta.

El CSIC y el Gobierno vasco son instituciones públicas y, por tanto, deben cumplir con la Ley de Transparencia, buen gobierno y acceso a la información pública/Ley de transparencia, buen gobierno y acceso a la información pública. El artículo 20.4 de esta ley establece que, si después de 30 días no ha habido respuesta de la administración pública, este silencio debe entenderse en el sentido de que la solicitud de acceso a la información pública solicitada ha sido denegada.

REGISTRO ELECTRONICO

Estimado/a Sr./Sra. KEPA MIRENA ORMAZABAL

Su solicitud de registro con número de registro REGAGE21e00003676931 en fecha 31/03/2021 12:37:05, va a ser tramitada por la oficina de registro Registro General del Consejo Superior de Investigaciones Científicas.

Puede consultar el estado de su solicitud en Carpeta Ciudadana en <https://sede.administracion.gob.es/carpeta/recAre/consulta.htm> [1]

La Carpeta Ciudadana es un portal web que le permite, de una forma sencilla y sin tener que registrarse, conocer los asuntos que sean de su interés en relación con las Administraciones Públicas, por ejemplo el estado de sus expedientes, las notificaciones y comunicaciones que reciba o las solicitudes presentadas a través del Registro electrónico. Así que, qué diablos va?

En este punto podrías estar rascándote la cabeza y preguntarte qué diablos está pasando. Si es así, la recopilación de recursos en la página siguiente se revelará el fraude detrás de la pandemia falsa conocida como "COVID-19", según han explicado varios expertos. Aquí se centra en la cuestión del aislamiento/purificación, las pruebas falsas de PCR y PCR sin sentido que están en el corazón de todo.

Why Many Don't Buy the Theory That Viruses CAUSE Disease

The problem is with HOW virologists do lab work...

- 1 Virologists take samples of stuff (like snot) from a sick patient. Then...
- 2 They add it to monkey, cow or even aborted baby cells. Then...
- 3 They starve and poison the cell mixture. Then...
- 4 They see cells dying and take still life photos with an electron microscope and conclude that a virus killed the cells. **The problem?**

They (1) **ASSUME** that there were viruses in the patients' sample and (2) they **BELIEVE** that the virus (which they only assume was there) **CAUSES** the cells to die.

In reality, the infected cells and tissues die BECAUSE they were starved and poisoned by the virologists themselves because of the method they used to do the experiment in their lab.

"The death of the tissue and cells takes place in the exact same manner when no "infected" genetic material is added at all. Virologists have apparently not noticed this fact."¹ - Stefan Lanka

David Icke resume la virología tan perfectamente, en 11 minutos:
<https://www.facebook.com/dualsport/videos/702133147838709>

La fascinante nueva serie documental, **The Viral Delusion** del cineasta de Hollywood Mike Wallach, es gratuita por un tiempo limitado y cuenta con el creciente grupo de médicos y científicos desmantelando la ilusión de la teoría del virus para entender las causas reales de la enfermedad, desde La Gran Plaga a Polio, el SIDA hasta el COVID.

Ahora puedes ver **Episodio On** e de forma gratuita, haciendo clic [AQUI](#)

**Absolutamente increíble e increíblemente importante Dr. Sam Bailey.
Inmundamente importante y bellamente hecho. John Bevin-Smith. - Increíble.
Debería traducirse a todos los idiomas del mundo. Vinnie Costa.**

Cualquiera puede entender los problemas con la virología, esto no es ciencia de cohetes. Sin embargo, para que conste en caso de que alguien quiera saber, mis títulos se muestran a continuación.

Honours BA de la Universidad de Toronto, 11 de junio de 2007 (le hice un especialista en sociología y una especialidad en estadísticas):

University of Toronto

This is to certify that

Christine Anne Massey

has fulfilled the requirements of the
University of Toronto
and has been admitted under the
authority of the Governing Council of the
University of Toronto to the degree of

Honours Bachelor of Arts
With High Distinction

In witness whereof we have hereto
subscribed our names and affixed the
academic seal of the University

JUNE 11, 2007

ACTING VICE-PRESIDENT AND
PRINCIPAL, UNIVERSITY OF
TORONTO AT MISSISSAUGA

PRESIDENT

ACTING VICE-PRINCIPAL (ACADEMIC)
AND DEAN, UNIVERSITY OF TORONTO
AT MISSISSAUGA

SECRETARY OF THE GOVERNING COUNCIL

Y a continuación se encuentra mi maestría en bioestadística, de la Escuela de Salud Pública Dalla Lana, Universidad de Toronto, 13 de noviembre de 2008:

Me prohibieron en Twitter en el verano de 2021, pero se me puede encontrar en Facebook:
